(Continued from First Page.) and distributed among civilians there have been returned.

By Associated Press Weimar, Feb. 5.—The process of temporarily transferring the German seat of government from Berlin to Weimar, where the national assembly is to meet Thursday, was expected to be virtually completed yesterday when Count Brockdorff-Rantzau, the foreign secretary, reached here. The five members of the cabinet and the executive officials under Chancellor Ebert have arrived and established quarters in the palace.

transfer of the government here comprise chiefly an apparent shortage of manual laborers willing to haul and carry baggage. The city has furnished an over-supply of candidates for posts of honor, but the members of the government have had to search diligently for men willing to transfer the official baggage from the station to the palace. However, the cabinet, minus its official reports and other documents, managed to hold an executive session in the palace late to-day. The present government considers that its mandate expired with the convening of the constituent assembly and its first task will be to move the immediate appointment of a new coalition government in the organization of which party interests will be eliminated. Majority Socialists Caucus The Majority Socialists held their first party caucus Tuesday morning. The German Democratic Party will hold its party meeting at Erfurt, near here. It is believed the new provisional cabinet will be made up of Majority Socialists, Democrats and Clericals.

FAMILIES FLEE AS FLAMES SPREAD

(Continued from First Page.) 1214 North Cameron street, about 9.30 o'clock this morning. The families are those of Mrs. Elizabeth Stine, 1211 Julia street, and Roland Stine, 1213 Julia street. They occupied part of a frame row at the rear of the Herman properties in North Cameron street. The properties are owned by Harry Herman, and his loss is covered by insurance. A small frame building at 1212 North Cameron, used as a meeting place by the Saints' Church of God, a colored congregation, also was slightly damaged. Mr. Herman was at Market when the fire occurred. Usually he keeps horses and large number of chickens in the stable, but he took them to market this morning. A buggy, however, that was in the stable, was burned. A small boy playing with matches in the rear of the stable started the fire, it is thought. It was first discovered by Mrs. Stine, who occupies the lower end of the Julia street row, which adjoins the rear of the stable. She, with her sons, Charles, Joseph and Howard Stine, were in their house when the fire was discovered. They managed to save some of their household goods, but the flames and water damaged the contents of the house considerably. Roy Meisheimer, who lives next to the Stine family in the Julia street row, with Roland Shadon, turned in the alarm. Mr. Herman is in the poultry and grocery business, and also buys up bottles. There was little value in the stable, but the crates and boxes furnished ready fuel for the flames, which spread considerably before they were extinguished. The firemen under the able direction of John C. Kinder, chief, devoted their efforts to saving the adjoining frame properties in Julia street row, with Roland Shadon, turned in the alarm.

PERSONAL---SOCIAL

TO SPEND HONEYMOON UP THE HUDSON

MR. AND MRS. JOHN BODLEY

Miss Katharine Jeanette Parrett, daughter of Mrs. Blanche Parrett, of this city, was united in marriage at noon to-day to John Bodley, of Springfield, Mass. The ceremony was performed at the parsonage of the Zion Lutheran Church by the Rev. Dr. Stewart Winfield Herman, in the presence of a few intimate friends as witnesses. The bride, who was unattended, wore an Hixon spring model of blue tulle with lace to harmonize and a corsage bouquet of McDonald red rose buds. Following a trip to New York and Newburg-on-the-Hudson, the young couple will make their home at 115 Locust street. Mrs. Bodley is known in the theatrical world, doing clever bits on the Keith circuit. Mr. Bodley, as "Harry B. TenEyck," began a theatrical career in 1901 in "The Merchant of Venice" in the Majestic theater of Boston under the management of George Farrell. In 1912 he joined the "Way Down East" company, covering the New England states and later had the leading role of the Famous Broadway Players for two seasons. He has appeared on the Brady, Payton and Goldstein circuits. Retiring from the footlights to moving pictures, Mr. Bodley went by and by to the home of his father, an ex-actor in Asbury Park, to recuperate after an illness, coming to Harrisburg last year and taking the position of manager for the Clark Medicine store. In the near future both Mr. and Mrs. Bodley will take up their old line of work, after a summer spent at the Desplaine, Daytona, Florida.

MAJOR GLASPEY'S DEATH VERIFIED

Wife Receives Official Confirmation of His Death and Burial at Toul, France Mrs. Rexford Milton Glaspey, of Second and Forster streets, received official confirmation from Adjutant General Harris last evening of the death of her husband, Major Glaspey, aged 29 years, in base hospital No. 51, at Toul, France, of pneumonia. He was buried with full military honors in the cemetery of the Liberty Group Hospital at Toul. Mrs. Glaspey has also letters from the nurse attending her husband and from Brigadier General Edgar Russell, chief surgical officer, A. E. F., telling of her husband's service for his country and his last hours. Major Glaspey, who was transmission division engineer for the Harrisburg division of the Bell Telephone Company, sailed on the Baltic May 28, 1917, with General Pershing and the Signal Corps division. He was the only Harrisburg officer and one of the youngest men on the staff. In France, Major Glaspey did excellent work in having the honor of installing the first common battery switchboard of the world war. He was superintendent of 100 square miles of territory, never tired of work, so that when he was stricken with influenza, lobar pneumonia soon followed and his depleted strength could not hold out. Major Glaspey is survived by his wife, formerly Miss Mary Gray of this city, and a little son, Rexford, Glaspey, Jr., two and one-half years old. He was born in Bridgeton, N. J., coming to Harrisburg about seven years ago.

STATE IS ASKED TO PURGE LISTS IN CARBONDALE

Attorney General Schaffer Means to Be Sure of Ground in Vote Tangle

Attorney General William I. Schaffer has been asked by Joseph E. Brennan, Democratic chairman in Lackawanna, to go into the court of common pleas in Lackawanna, with a petition asking that the county commissioners of Lackawanna be mandamus'ed to make purge the list of voters in a number of districts in the city of Carbondale. Brennan charges that the lists were padded just before the November election, a sufficient number of names being added to permit Congressman John R. Farr defeated for re-election by Patrick McLane, and the other Republican candidates to carry Carbondale. "I'm sure that the ground ahead of me is safe before I trample upon it," Attorney Schaffer said today when asked if any action had been taken on Mr. Brennan's request. One of his deputies is reading law on the subject. The attorney general indicated that if it is found that his department can act in the matter, little time will be lost in doing what the commonwealth's local representative in Lackawanna, District Attorney George W. Maxey, is said to have failed to do—ask for the purging of the lists.

reached their maximum on September 1, with 1,682,000. The meaning of the rifle strength upon which the table is based, is made clear by the fact that an American division with a total strength of approximately 27,000 fighting men is rated as 12,250 rifles. The department's table shows that the rush of American troops to Europe when the German great drive was launched not only succeeded in making good all Allied losses from month to month at the front, but steadily increased the strength of the Allied armies actually engaged. Figures on the hundreds of thousands of Americans who were in training behind the lines are not given. The table, prepared by General Pershing's staff, showing the comparative strength of the armies for the eight months covered follows:

STECKLEY'S

SPECIAL 15 DAY SHOE SALE

Every Pair of Shoes in Our Immense Stock Has Been Generously Reduced

The price concessions range from 20 to 25 per cent, in some instances as much as 50 per cent, which represent unusual values, because the shoes were marked at remarkably low prices in the first place. Quality and style are to be considered in our shoes just as much as the special price reductions.
