"My husband is so particular!" said the young matron at the club luncheon. "He insists on the club prices, and yet he is at me about keeping the bills down."

"Why don't you give him Benefit Brand 'Sweet Nut'?" That's the most delicious table luxury. It is made out of the crisp, white meat of coconuts and pasteurized milk. And it's only 35c a pound—there's some saving for you!" "Do you mean to say he would not know it was oleomargarine the moment he tasted it?" "Sweet Nut" was invented, makes them put that name on the package, but there's no animal fat in it; it does taste like butter, and, even your particular husband could tell it from the best creamery butter. The only place you get it in Harrisburg is at Tamsui Tea Co., 331 Market street, up one flight, where Benefit Brand Teas, Coffees and Grocery Specialties are retailed at a wholesale price. What Union Labor Will Demand at Peace Table

The man with the hoe has broken the silence of the centuries. Almost every dispatch from Paris emphasizes the fact that the most potent voice in the reconstruction of the world after the great war is that of labor. It is speaking at the peace table itself. The laboring forces of almost every country are making demands. What every American, be he employer or employe, desires to know is what demands American labor is making and should make at the conference.

To answer this question, THE LITERARY DIGEST has asked the editors of journals voicing various phases of labor opinion in this country to give it their opinions, and the result is published in this week's LITERARY DIGEST, dated February 8th, together with the demands of English, French, Belgian and other labor leaders. These spokesmen for organized labor have very clear ideas as to what ought to be done in Paris and Bern, and there is no doubt that this highly informative article will be widely read and discussed.
