BAVARIAN PREMIER SHOT; AUTOCRATS STILL RULING; CLEMENCEAU BACK AT JOB

Surgeons See No Danger in Move

CRISIS IN HURTS IS PAST

Police Discover Evidences of Rebel Plot

Paris, Feb. 21.—Premier Clemenceau will receive his colleagues of the Supreme Council at his home this afternoon to discuss certain important matters with them. Announcement to this effect was made shortly before noon today. His doctors consider him out of danger and, therefore, authorized him to receive the ministers this afternoon.

The physicians believe he can resume his political activities on Monday.

When the premier's physicians left his home after the morning examination, one of them said his condition was "very satisfactory." He had passed an excellent night, it was added, and he was in as good spirits as ever this morning.

M. Clemenceau had about five hours' good sleep during the night, which is his normal amount.

"Premier Clemenceau is progressing as well as possible. We shall not get altogether reassured for forty-eight hours, but then he will be out of danger," said Georges Mandel, premier Clemenceau's chief clerk, Marcel Hutin, editor of the Echo de Paris, over a telephone at an early hour this morning. M. Clemenceau at that time was resting, and he informed his condition continued to improve.

"The only possible danger," said the celebrated French surgeon, who was consulted by the Matin, "and it is a very problematic one, is the appearance of local pulmonary congestion caused by reaction. Such an eventuality has not developed and the robust constitution and magnificent vigor of the 'tiger' prevent such a complication. If, to-morrow night there is no temperature, our confidence may be changed to an assurance of absolute recovery. Every day that passes without fever appearing doubles the patient's chances."

The police were busy all day yesterday on the Cottin case and searched the houses of some thirty members of the Communist Federation of the Department of the Seine, enormous masses of papers, tracts, circulars and pamphlets were carried off.

Bolshevik Press in Paris. The newspapers say that papers seized at the office of the Journal libertaire establish the fact that a similar organization is in existence in Paris and that it has important ramifications.

Premier Clemenceau has received a message from Central and South American delegates to the Peace conference expressing their profound sympathy, their indignation at an attempt should be made against his person and their best wishes for his rapid and complete recovery. The message was signed by delegates from Bolivia, Brazil, Cuba, Ecuador, Haiti, Panama, Peru and Uruguay.

Pope Sends Congratulations. Pope Benedict, through Cardinal Amette, has sent a message to Premier Clemenceau, congratulating him on his escape and expressing hopes for his early recovery. The premier's home in Rue Franklin, is filled with flowers, one offering being from the midwives, or girls employed in military establishments.

5,500 Idle Men Reported in the Harrisburg District. According to figures issued by Director Jacob Lightner, of the State Employment Bureau, there are now 5,500 idle men in the Harrisburg district which is composed of Dauphin, Cumberland, Perry and Franklin counties. He has received applications for places from seventy former soldiers.

THE WEATHER

For Harrisburg and vicinity: Unsettled, probably light rain to-night; Saturday probably fair, not much change in temperature, lowest to-night about 35 degrees. For Eastern Pennsylvania: Rain to-night; Saturday probably fair, except rain or snow in extreme northeast portion; little change in temperature; gentle to moderate south winds.

FRANCE TO BILL GERMANY FOR 450,000 HOUSES

Paris, Feb. 21.—In outlining to-night the difficulties met by the commission on reparations in determining the approximate war losses of any one belligerent, Captain Andre Tardieu, one of the French delegates to the Peace Conference, said that France alone would present a bill for 450,000 houses which have been destroyed. This does not include factories, it was added.

M. Tardieu said the Allies had agreed that Germany must pay to the limit of her capacity, which is now being determined from divers sources by the committee on reparations.

KURT EISNER IS MURDERED BY ARMY OFFICER

Assassinated by Count Who Held Lieutenant's Rank in German War Machine

REPORTED TO BE DYING

Assassin Wounded Severely by Guard; Eisner Has Had Stormy Administration

London, Feb. 21.—Kurt Eisner, the premier of Bavaria, has been shot and killed.

The premier was killed this morning by Lieutenant Count Arco Valley, according to a Munich dispatch received in Amsterdam. The count was wounded severely by a guard and is reported to be dying.

Eisner's administration has been a particularly stormy one since the overthrow of the royal, reigning house.

George W. Reilly May Get School Board Place

It was reported this afternoon that George W. Reilly, president of the Harrisburg Trust Company, vice-president of the Harrisburg Trust Company and a member of the City Planning Commission, may be appointed a member of the city school board to succeed Harry M. Bretz, resigned. The term extends until the end of the present year.

Mr. Reilly for years has been prominently identified in city banking and business circles and also is well acquainted with big public improvement developments and all city planning activities.

TO PARADE IN HONOR OF DRY VICTORY HERE

Temperance Workers Plan Jollification if Senate Ratifies the Amendment

Temperance workers are planning a jollification to celebrate the ratification of the prohibition amendment if the measure passes the Senate when it comes up for action Tuesday. The jollification will take the form of a mass meeting in the Market Square Presbyterian Church to be preceded by a parade.

Notice of the passing of the measure will be served upon all temperance workers and others who intend to participate, by the ringing of the church bells as soon as the Senate takes favorable action. The clergy throughout the city is co-operating in the plans.

The parade will form in Market Square, under the leadership of prominent temperance workers. From Market Square it will proceed in Second street to State, and thence to the Capitol. At the Capitol the anti-liquor enthusiasts will circle the grounds, expressing their approval of the ratification action. They will then proceed to the Market Square church.

Prominent anti-saloon officials and speakers will participate in the service at the church. Dr. John Royal Harris, superintendent of the Pennsylvania Anti-Saloon League, of Pittsburgh, will be the principal speaker. Dr. E. V. Claypool, superintendent of the Harrisburg Anti-Saloon League, and Mrs. Ella M. George are other speakers scheduled for the occasion.

Interest in the proposed celebration of Pennsylvania's action in lining up with the ratification states, is running high, and it is likely that many who have been interested in the fight of the anti-saloon forces, will participate in the day's observance.

Germans Are in Grip of Bureaus

BERNSTORFF IN HIGH STATION

Former Envoy to America Is In Foreign Office

Paris, Feb. 21.—"The German government is the same bureaucratic regime of the Kaiser's day, with the same attitude toward labor and capital and does not represent the forces which caused the revolution," says Dr. Alonso E. Taylor, food specialist, who has just returned from Germany, where he made extensive investigations in behalf of the Supreme Food Relief Council.

Bureaucrats in Evidence

"Count von Bernstorff is in charge of American affairs at the Foreign Office, and the bureaucrats of the old school are in evidence everywhere," he added. "The Germans are becoming Russified. They are afraid to put untried men into the service, and consequently they tolerate the old order of things."

German propagandists, Dr. Taylor found, favor the League of Nations and are filling the newspapers with articles saying President Wilson's doctrines should be considered as having become effective on the day the armistice was signed and should have been interpreted as leaving Alsace and Lorraine in German hands.

German Army Disorganized

The German army has apparently been disorganized and demobilized. For the most part, Dr. Taylor says, but he believes it will be possible for a well-organized bureaucracy to restore militarism if it is deemed desirable. Many Germans believe they will recover their battalions and merchant fleet, and do not expect to give up any territory, and, in Dr. Taylor's opinion, a grave political upheaval is probable with the signing of the treaty of peace.

The present lull is regarded as unnatural by Dr. Taylor, who says it was possibly created by the payment of large indemnities to unemployed persons and by suspending action on all questions vital to the future of the nation. Unemployed men in Berlin are paid eight marks a day, while railway workers and street cleaners get only six marks daily. Consequently the men prefer to remain idle.

Immoral Plays Tolerated

Plays so immoral that they would have been prohibited under the imperial regime now are tolerated; thieving is prevalent; looting is common, and the general public morale is very low, Dr. Taylor remarks. He says the food situation is critical, and that, in spite of the great reduction made in rations, the nation cannot live until next harvest unless supplied by outside forces.

FRANK A. SMITH ACCLAIMED WITH BIG OVATION

Republican Club Entertains Party's Selection For Seat in State Senate

Not in years has the Harrisburg Republican Club had such an impressive and enthusiastic function as that of last night when the big assembly room was too small for the immense crowd of Republicans who came to pay respects to the candidate for Senator for this district, Frank A. Smith. With handsome decorations, a lively orchestra and an irrepressible sentiment of Republicanism in their hearts, 400 Harrisburgers demonstrated what they thought and felt of the present Democratic administration and

CHAPLAIN MacKENZIE HOME FROM FRENCH BATTLEFIELDS

Harrisburg Minister Gassed in Action Learns New Lesson in Military Tactics From Army Officer

The Rev. Frank L. MacKenzie, 1510 South Twelfth street, formerly pastor of the Calvary Presbyterian Church, who was chaplain of the Fifty-first Regiment, and while overseas was a senior chaplain, was home for a few days and has left for South Carolina for his health. While in service with the men in

While the Taximeter Ticks Merrily On

CITY IS TOLD HOW ALTOONA IS MANAGED

Chamber of Commerce Hears City Manager Plan Explained

One of the most impressive sessions ever held by the Harrisburg Chamber of Commerce took place today at the Penn-Harris luncheon where H. G. Hinkle, city manager of Altoona, addressed two hundred of this city's progressive citizens, advocating the handling of a municipality by the method now being used in Altoona. David E. Tracy briefly introduced the visitor, saying: "I am a great advocate of city management. The principles are sound; the same as exist in every sound business activity. I notice

SHERMAN MOVES TO CURB WILSON IN LEAGUE TALK

Offers Resolution to Prevent President From Premature Discussion of Treaty

Washington, Feb. 21.—A resolution designed to prevent President Wilson from discussing publicly the proposed League of Nations until he has communicated details of the plan to the Senate Foreign Relations Committee was introduced to-day by Senator Sherman, of Illinois, Republican. Consideration of the resolution went over under the rules.

The resolution declares that to discuss the plan and the proposed constitution before submitting the details to the Senate would be "unwise, undiplomatic and calculated to promote discord" between the Government's two treaty-making powers, and calls upon the President to "preserve an unbiased and impartial mind" until he has discussed the matter with the Senate.

BRITISH TROOPS RUSH TO AID OF ARCHANGEL ARMY

Brave Frigid Weather to Reinforce Greatly Outnumbered Foe of Soviet

Archangel, Feb. 21.—An Arctic journey is probably the greatest magnitude since the famous Klondike gold rush has brought additional British troops to the Archangel front to reinforce the greatly outnumbered troops fighting the Bolsheviks. Hundreds of sleighs, driving in single file over frozen tundra and along roads cut through pine forests, complete the most difficult part of their three hundred mile trip in twelve days.

Shackleton With Men

The trip was planned and directed by members of Sir Ernest H. Shackleton's Antarctic expedition, including Dr. Macklin, and was a signal success. Sir Ernest himself, although not participating in the journey to the front arrived at Archangel on an icebreaker with the first detachment of reinforcing troops.

Most of the ten days saw the thermometer from thirty to forty-five degrees below zero, but of the first detachment of 150 men, only five or six had been compelled to fall out for rest at a hospital en route.

The detachment started with several reindeer drawing sledges, but these Arctic beasts could not stand the long snow journey and had to be shot, while sturdy little shaggy horses which have long been performing marvels in transportation at the front, stood the journey splendidly.

Light wind-proof jackets and trousers designed by those of long experience in the Arctic were worn over the soldiers' uniforms and under heavy sheepskin coats. Fur caps covering the head and face were worn while moccasins and heavy socks inside white Shackleton boots protected the feet and prevented hands from being frozen. The soldiers' diet was rich in fats and proteins, reinforced with a special Arctic ration which tasted like thick, palatable gravy and kept up their strength. There was one lieutenant of Norwegian birth who bathed naked in the snow each day. He advised others to follow his example, but had no converts.

WANTS TO SEAL WILSON'S LIPS IN PRE-TREATY TALK

Washington, Feb. 21.—President Wilson plans to spend just one busy week in Washington before sailing again for France to resume his work at the peace conference.

Lancaster Masons to Be Guests Here This Evening

Lancaster Lodge of Perfection will come to Harrisburg to-night as the guests of the Harrisburg Consistory and will confer the fourteenth degree on a large class. Arthur D. Bacon, past commander-in-chief will be master of ceremonies at the event. Following the degree work, a reception and luncheon will be held.

SITE FOR CENTRAL HIGH SCHOOL HARD PROBLEM TO SOLVE

Superintendent Downes Suggests That School Board Select Architects and Name Inspection Committee

BUILDING LARGE ENOUGH FOR 2,000 PUPILS BEING PLANNED

Approving the principal recommendations in the survey report submitted to the city school board by Dr. Henry Snyder and Dr. J. H. Van Sickle on the high school situation in the city now, Dr. F. E. Downes in a report to the directors this afternoon made these recommendations:

Employment of an architect or committee of architects to study possibilities of site at North, Cowden, Briggs and East streets as to size and desirability of location for a high school building for 2,000 students, boys and girls.

Committee of the school board or real estate expert to determine the price for which the North street site, Front street site, from Boas to Forster, Front to Second streets, and Harrisburg silk mill site in North Front street, can be purchased. School board to turn its attention to a site elsewhere than in central locality if no site suitable in environment, area and cost can be found.

Dr. Downes declared himself heartily in accord with the co-educational plan suggested in the latest report of the two experts, and said that while he will regret from a sentimental standpoint the passing of the Technical high school in the plan of the experts is approved, he favors co-education both in the intermediate and the senior high schools.

In case of failure to find a suitable site centrally located to be used for the suggested senior high school for boys and girls, Dr. Downes said it will be advisable for the board to consider the university plan in case it is necessary to build in some out-

lying district. This will cost much more, he anticipates, but eventually would prove the most economical as a unit could be added whenever the needs of the city required it. At first several buildings would be needed, but after the initial expense the cost would not be so great. In estimating the probable cost of a big senior high school for 2,000 students, Dr. Downes said he does not believe the structure can be built and equipped for less than \$650,000.

ENLISTMENT IN ARMY FOR ONE YEAR

Washington.—House conferees on the bill authorizing resumption of voluntary enlistment in the army were appointed to-day with instructions to insist on the House amendments, providing that enlistment be for one year with no requirements for further service in the army.

BERGER AT LIBERTY UNDER BOND

Chicago.—Victor L. Berger, Socialist Congressman-elect, of Milwaukee, and his four co-defendants, are at liberty to-day following the granting of a writ of supercedas after they had received a sentence of twenty years for violation of the espionage act. Bail was granted in \$25,000 for each of the two counts of the indictment under which each man was convicted. The writ acts as a stay pending appeal to a higher court.

INSURRECTION AT MUNICH

Basle.—A reactionary insurrection broke out at Munich on Wednesday night, according to the Frankfort Zeitung. Bavarian blue jackets attacked the diet house.

POLAND IN THROES OF EPIDEMIC

Paris.—The first contingent of the American Red Cross Commission for Poland left here for Warsaw yesterday. Another group will follow to-day. Cholera, smallpox and typhus, together with an epidemic of typhus fever are ravaging Poland, it is reported.

HUNS VIOLATING TRUCE IN POSEN

Warsaw.—The Germans are reported not to be observing the provisions of the armistice agreement as to fighting in Posen, and it is said that skirmishes have occurred at scattered points. The morale of the Germans is declared to be low, as is evidenced by the reported sale of a battery of artillery to a Polish Catholic priest, the price being 5,000 marks.

Tokio.—In replying to an interpellation in the diet to-day Premier Hara said there was no reason why China should demand the return of Tsingtao. To another interpellation the premier said that the race problem never would escape the MARRIAGE LICENSES government.

Russel E. Cothren and Florence E. Comp, Enola; Harry A. Henry and Minnie M. Glass, Altoona; Jay C. Van Horn and Frank T. Dore, Philadelphia; Robert D. Idema and Clara J. Patrick, York; Paul Steube and Emma Crook, Harrisburg.
