

MANY TRAINED FOR SOCIAL WORK

53,000 Men and Women Will Be Assigned to Posts Here and Abroad.

New York, March 13.—Fifty-three thousand young men and women are being recruited and trained for social and religious work at home and abroad, the biggest single project of the kind in the history of Christianity, it was announced here today at the offices of the Missionary Centenary Movement of the Methodist Episcopal Church.

This army of trained workers will be needed to handle skillfully the world missionary program, for which \$120,000,000 is being raised by the church. Extension of schools, hospitals and churches in many countries is being planned. A special effort is being made to induce young men from the American army to go into Christian Service. It is realized by the heads of the movement, in the Life Service Department of the Centenary Commission, that the men who proved themselves capable leaders in France possess the character and personality which will make them most powerful agents in the dissemination of civilization and the gospel. Of 13,307 Methodist Episcopal charges, or congregations, in the United States, nearly 5,000 today are without pastors in Christian Service. The number of trained workers who could be used is limited only by the funds available and these will be enormous, as they are being raised through the "war drive" of the Centenary.

Begin Work On the Cairo Air Service

London, March 13.—Actual construction work already has been begun in connection with the projected Cape de Cairo Air Service, the British Air Ministry announces. Aerodromes are being set up every 600 miles, the present nonstop limit, from one end of Africa to the other, the principal ones being built at Cairo, Khartoum, and two in German East Africa, at Kampala and Ujiji.

The route then passes into Rhodesia and along the course of the railway to the Cape. Long before the famous Cape to Cairo railway is in operation it is confidently expected that airplanes will be covering the route on regular schedules. The distance is 5,200 miles.

MOTHER AND CHILD CURED OF BRONCHITIS

Mothers of ailing children—do your duty by them. Keep their stomachs in order—their tongues clean. Keep well yourself, then you can pay more attention to them. Here is what one mother did—

"Nu-Vim Purple Liver Tablets and two bottles of Nu-Vim Iron Weed Tonic cured my four-year-old son and me of a bad case of bronchial trouble and took off all the coating from our tongues. I also cured my stomach and all those bad headaches have gone and I feel that I have no more nervous trouble and I sleep fine and my food tastes much better than it did. I have bought tonic and tablets for my cousin to take and she also did fine and gained in weight. I find it to be a wonderful tonic and want others to get the same benefit—so, try it."—Mrs. Annie Mowey, 717 Eleventh St., Philadelphia, Pa.

If any member of your family, regardless of sex or age, is run down, nervous and debilitated—has rheumatism, stomach, bowel, liver, kidney, bladder or blood disorder, Nu-Vim will do for you or them what it has done for Mrs. Mowey, her son and thousands of others. Try it as she suggests, and be sure Purple Liver Tablets enclosed. You need them, too. Nu-Vim Iron Weed Tonic may be had at Gorkas' drug store, 16 North 7th St.

Don't Use Curling Iron! Here's a Better Method

(Woman Beautiful) By no means use a heated iron. It makes the hair dry and dead looking, giving a most unkempt appearance. After brushing the hair thoroughly, just dip a clean tooth brush in a saucer of plain liquid silmerine and run it through the parts of the hair to be curled. Do this at bedtime and you will be quite surprised when you behold yourself in the mirror next morning. The hair will be beautifully wavy and curling and the effect will appear altogether natural.

You will have no trouble doing up your tresses in the style you desire and they will look and feel fluffy and comfortable. You need not hesitate to use pure liquid silmerine, which you can procure at any drug-gist's, as it is perfectly harmless and will leave no greasy, gummy or streaky trace. A few ounces will last for months.

Paint Without Oil

Remarkable Discovery That Cuts Down the Cost of Paint Seventy Five Per Cent.

A Free Trial Package Is Mailed to Everyone Who Writes

A. L. Rice, a prominent manufacturer of Adams, N. Y., has discovered a process of making a new kind of paint without the use of oil. He calls it Powderpaint. It comes in the form of a dry powder and all that is required is cold water to make a paint weather proof, fire proof, sanitary and durable for outside or inside painting. It is the cement principle applied to paint. It adheres to any surface, wood, stone or brick, spreads and looks like oil paint and costs about one-fourth as much.

Write to Mr. A. L. Rice, Manufacturer, 712 North Street, Adams, N. Y. He will send you a free trial package, also color card and full information showing you how you can save a good many dollars. Write today.

PALESTINE JEWS CALL ASSEMBLY

Provisional Body Elects Representatives to the Peace Conference

Jerusalem, March 13.—A call to a Constituent Assembly of Palestine Jewry approved by the British Government in April, 1918, has been sent out by the Zionist Commission in Palestine, it was announced here today.

All Jews of both sexes who have reached their twentieth year are entitled to vote and all who have reached their twenty-fourth year are eligible for election. One of the other qualifications necessary for candidates is that they will be able to read, write and speak Hebrew.

The Provisional Constituent Assembly elected Dr. Chaim Weizmann and Nahum Sokolow, the Zionist leaders, to represent them at the Peace Conference. It instructed its delegates to urge: "That the Powers should nominate Great Britain as their representative or trustee and should confer on it the government of Palestine with a view to aiding the Jewish people in building its Commonwealth. That an executive council should be nominated by Great Britain in agreement with the World Zionist organization representing the entire Jewish people."

There has been great activity amongst the Jews of Palestine since General Allenby freed it from the Turk. Efforts are being concentrated on procuring agricultural machinery, the purchase of live stock, the development of credit facilities, while the American Zionist Medical Unit is establishing hospitals and medical aid stations in the colonies. Everyone is inspired with the hope that a splendid era of prosperity, of big agricultural, industrial and commercial enterprises are about to open out. A society of Jewish engineers has been recently started which is working in conjunction with societies of Zionist engineers in Russia and the United States.

West Virginia to Raise Sheep With Two Penna. Men

Charleston, W. Va., March 13.—The State of West Virginia has decided to engage in the raising of sheep, in conjunction with A. E. Aegen and S. M. Croft, of Grove City, Pa., and Charleston, and other business men of this State.

James H. Stewart, State Commissioner of Agriculture, is authority for this announcement, claiming that his department is lending encouragement and financial assistance to the establishment of the greatest agricultural project ever attempted by a State. The ranch is to be located in Greenbrier county and will take in 18,121 acres.

F. M. Glenn, sheep expert of the department, is enthusiastic over the plan and says the ranch will be established in a narrow belt of West Virginia which produces the finest fleeces in the world.

Borodino Returns to Peace Time Work

London, March 13.—Crews of the American battleship squadron which formed one of the powerful outfits of the Grand Fleet that ruled the sea during the war will learn with regret of the dismantling of the old liner Borodino, the floating canteen for four years of the British navy, according to navy officials.

Her war work done, the Borodino now returns to the placid commerce of peacetime. How much the Borodino, administering to the creature comforts of the fleet, did to relieve the strain of warfare and the monotony of life in the dreary regions of Scapa Flow, the Americans can testify. And they will recall how on returning from a sea mission the crew of a United States battleship took a special pride in cleaning up the Borodino, stripping its well-stocked counters of the last bun and the last pair of suspenders.

Philadelphia Council Would Now Organize a League of Cities

Philadelphia, March 13.—Philadelphia city council's committee on legislation has directed its secretary to communicate with the mayors of Pittsburgh, Wilkes-Barre, Scranton, Lancaster and other cities with the purpose of forming a league of cities to obtain from the General Assembly legislation of benefit to the municipalities. Among the bills city councils want enacted are those giving cities a percentage of the automobile license fees, part of the State mercantile taxes, levying a tax on the real estate of public service corporations, and repealing the tax upon city bonds.

Harvester Workers Favor New Work Plan

Chicago, March 13.—Workers at fourteen of the International Harvester Company's seventeen American plants and at all three Canadian plants have decided by majority vote to adopt the "Harvester Industrial Council" plan of employee representation submitted to them by the company on March 10. The proposition failed of approval at three plants located in Chicago.

Under the plan the employees will within a few days elect by popular vote their representatives on each "works council." The employer and employees will have equal voting power in the unit body where will originate suggestions, requests or complaints relative to all matters of mutual interest, including wages, hours, working conditions and all welfare proposals.

FORM FREE STATE

New York, March 13.—Lithuanians of East Prussia have seceded from German sovereignty and established a free state of their own in the territory north of the Mazurian lakes region which they propose to place under domination of the Lithuanian republic, according to a cable message from A. Kilmas, Lithuanian delegate to the Peace Conference, received today by the Lithuanian National Council here.

BRITAIN HAS 902,000 TROOPS
London, March 13.—The Government announced in the House of Commons yesterday that the total strength of effective and non-effective British troops in the armies of occupation in all theaters, of war amounts to 902,000 men, including officers. The strength of the British army in France, Belgium and Germany, including dominion troops, on February 15 was 1,224,100.
