

SOLDIER'S WIFE TRIES SUICIDE

Gettysburg Young Woman Is Worried Over Demand of War Department

Gettysburg, Pa., March 15.—Taking twenty-five aspirin tablets, Mrs. Samuel Cecil, a young married woman, made an unsuccessful attempt to take her life. It is altogether likely she would have succeeded in her effort but for the urging of friends, who persuaded her to drink a large quantity of milk which counteracted the effects of the tablets. The cause for her act is said to be brooding over a letter she received from Government authorities at Washington demanding that she tell them her former name. During the summer of 1917, it is alleged, Mary Glass, which was her maiden name, became attached to a private soldier in camp here, and

after going together a short time, the pair was supposed to have been married and settled down to live here during the time the husband should remain in camp. Later the supposed husband was promoted to a sergeantcy and then to a lieutenantcy and was sent overseas for duty in France. While away from Gettysburg the supposed husband sent monthly allotments to her. A few months ago, however, it is further alleged, she married a private named Samuel Cecil, who is stationed as an Army cook at Washington. This week she received an order from the Government to send her former name, to be used by them in the making out of certain accounts. The fear of her affair being discovered is said to have been the cause of her attempted suicide.

VACCINATION OR STAND A SUIT

Health Authorities Determined to Force Question to a Test

Immediate legal action against parents of all children who refuse to have them vaccinated has been ordered by Col. Edward Martin, State Commissioner of Health, as a result of a long and bitter struggle about a determination of the question of vaccination in Pennsylvania. According to a statement issued today the commissioner has retained by direction of the Attorney General, special counsel in counties of the State where it is claimed that flagrant violations of the vaccination laws have been discovered. Last year there were numerous outbreaks of smallpox and in many communities difficulty was encountered in enforcing the vaccination law. Since that time the matter has been under investigation and in addition to persons violating the vaccination law the State will proceed against all who have gone counter to orders issued under the Pennsylvania health laws. Beginning with Cambria county the prosecutions will be started in alphabetical order. Arthur Smiler, of the Cambria bar, has been named to have charge of prosecutions in that district.

As a final basis for his program, Dr. Eliot proposed: "General adoption of a genuine partnership system between the capital and the labor engaged in any given works or plant, whereby the returns to capital and labor alike, after the wages are paid, shall vary with the profits of the establishments, the percentage of the profit going to the payroll being always much larger than that going to shareholders or owners, and the payroll never being called on to make good losses. As a means of securing to employes full knowledge of the partnership accounts, they should always be represented in the directorate."

At the afternoon session Dr. J. George Becht, secretary of the State Board of Education, will address the institute on "My Trip to France." Secretary H. H. Baish, of the State Teachers' Retirement Fund, will present the state law that goes into effect on July 1. Because the county institute was held, Mr. Baish was not able to reach the teachers of whom he did not at the Lower Dauphin Institute at Harrisburg on the first of March.

At this meeting of the teachers of upper Dauphin county Dr. C. H. Gordinier will also deliver an address at the afternoon session.

Minister's Wife Will Fill Pulpit at Mifflintown

Mifflintown, Pa., March 15.—With her husband not yet returned home after the conference sessions at Baltimore, Mrs. J. R. Sechrist will occupy her husband's pulpit in the Mifflin Evangelical Church tomorrow, both morning and evening. Announcement to the effect that preaching services as usual would be held this Sunday was issued late yesterday by Mrs. Sechrist. Her husband, the Rev. J. R. Sechrist, has been attending the annual conference sessions at Baltimore, Md., and, although returned to the local charge for another year, has not yet been able to reach his home here.
