The order states that all the wood on the camp site is to be sold, bids being received for quantities of five cords or more. Not only will the camp be abandoned, but all property belonging to the post will be disposed of. Hundreds of thousands of feet of rough lumber were used in the construction of the mess hall and other buildings and all this will be sold and removed from the ground. Better be Careful About Your Kidneys

BY N. B. COOK, M. D. Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their duty, work, death may be only a few hours away. Happily, nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffing under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. Of these poisons are troubles, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys and the poisons out. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin to-day.

U-Z-IT FOR CORNS BUNIONS CALLUSES GORGAS DRUG STORES

Kaufman's Men's Clothing Store (Separate Store—Two Entrances—Market Square and Market Street) OPEN SATURDAY EVENING UNTIL 9 O'CLOCK Men Think When You Buy Clothes In these days of reconstruction the markets are such that only the wideawake merchant has any bearing, as it were. Those who have loaded up with merchandise at high prices will naturally have to pay some penalty for their extravagance. Those who have delayed buying until the spring season was upon us will have difficulty in procuring merchandise. But the merchant who struck a happy medium—having the right amount of stock on hand and being in a position to purchase far enough ahead so that his goods will be delivered to him—will be the best prepared merchant this spring. Kaufman's Men's and Boys' Clothing Store is prepared at this very minute with the season's newest and most desirable spring clothing. And this clothing was bought at the lowest prices possible to procure in the market, and this fact together with our underselling feature will bring clothing to you and your boy at the lowest prices in Harrisburg. Get this idea out of your head, namely: That a department store cannot sell you clothing. Kaufman's is more than a department store. It is the largest ready-to-wear department store between Pittsburgh and Philadelphia. And just as we are in position to supply thousands of women, we are equally as well equipped to supply thousands of men with the best clothing made. Get this idea into your head: The very fact that we are doing the largest ready-to-wear business is the reason that we can buy the best merchandise and do business on small profits. Men's New Spring Suits \$18.50 \$22.50 \$25.00 New Spring Trousers \$1.98, \$2.98, \$3.98, \$4.98 Kaufman's Boys' Clothing Store None to Compare With It What is the first thing that parents think about when they need boys' clothing? Kaufman's, of course. Why? Because we do the largest Boys' Clothing business in Harrisburg. You think that is a strong statement. It is. But it is founded on the fact that we have been catering to the boys for years and have always carried the largest assortment of Boys' Clothing in town. The result of this preparedness in our Boys' Clothing Department is that parents can come here and get what they have in mind for their boys, whether it be an overcoat, a suit, a pair of pants, a blouse, or any of boys' ready-to-wear clothing. We are stocked up bountifully with Boys' Spring Suits and we have priced them on a small profit basis which is our underselling policy. No parent can really afford to buy Boys' Clothing without seeing our lines. To neglect to inspect our lines and actually seeing our values is a sure tendency of neglecting to save. And you should save. Boys' New Spring Norfolk Suits \$7.95, \$8.95, \$10.95, \$12.95 KAUFMANS MARKET SQUARE UNDERSELLING STORE
