

MANY BUSINESS MEN VISIT BIG TRACTOR SHOW

Second Day of Exhibit Brings New Crowds to the Warehouses

The second day of the tractor-truck exhibition at the Overland plant, Twenty-sixth and Derry streets, saw a mighty busy selling day for the fine weather brought out hundreds of solid businessmen, farmers and industrial heads who are meeting with the call for all-motor travel.

The fact that short and long distance traveling is a pinch for the modern truck, as proven by long trips made to this show by the famous types on exhibit, has caused a steady increasing demand for their use until it is apparent that the day is not far distant when motor transportation will assume as important a position and be as commonly used as our trains and our steamships.

This morning about half a dozen garden tractors took their place in the big plant, although Mr. Dill had part of his exhibit destroyed in the fire in Cameron street. His firm re-

Noted Lecturer to Speak on Marshal Foch, Under Auspices of K. of C. Council

DR. J. J. WALSH

Dr. J. J. Walsh, of New York City, noted lecturer, will deliver a free public lecture on "Marshal Foch" in the Technical High School Auditorium this evening. The lecture is one of a series in the nation-wide educational program of the Supreme Council of Knights of Columbus. It is being given under the auspices of the Harrisburg Council of this organization.

Dr. Walsh is a delightful, entertaining and instructive lecturer. The press of the nation have been glowing in editorial appreciation and much praise has been given the lecturer. For instance, the Lancaster Intelligencer said: "Dr. Walsh's lecture was heard with profound interest. The nuggets of thought so richly scattered through his talk of an hour and twenty minutes will be treasured as precious remembrances of his visit. The charm of the speaker lies in his perfect ease of manner. He gives a talk, not a lecture, and he possesses the rare faculty of being able to clothe the deepest truths in language so clear that he who runs may read."

Dr. Walsh is most liberal to the local opportunity, with three passenger cars and five trucks. J. Clyde Myton estimated to-day that approximately \$25,000 worth of motor-wagons are housed now in the floor, and though this value cannot compare to that of the passenger cars, it is indeed significant the fact being that Harrisburg never before had an exhibit like this.

SENATOR SMITH'S ACT PUTS LIBRARY ON SOUND FOOTING

State Librarian Montgomery Says Measure Will Be of Much Value

Concerning the bill reorganizing the State Library, introduced into the Senate by Senator Frank A. Smith, Dauphin, Thomas Lynch Montgomery, State Librarian, made the following comment this morning:

"For many years, the State Library has been working under a great handicap due to the fact that the provisions of the act of 1889, under which the library operates, has long since become obsolete.

"Under its provisions, the control of the library is vested in the Governor, the Secretary of the Commonwealth, and the Attorney-General. We are now endeavoring to reorganize the members of this board would be forced to spend the greater part of their time in the library building.

"The act of 1889 gives the State Librarian the power to hire his subordinates, but prevents him from dismissing them, thus taking the most necessary authority from his hands.

"The new bill is based upon recommendations submitted by the State Library Commission, and includes substantial salary increases.

"In former times, however, there were numerous fees connected with the office of Librarian and Deputy Librarian, which have since been abolished, so that the increase in pay barely brings the proposed remuneration up to the past standard."

WOULD PUT STATE TAX ON COAL LAND OF ONE PER CENT.

"Near Beer" Bill Also Makes Its Appearance in the House

A State tax of one per cent. on the value of all coal mined and prepared for market in Pennsylvania would be established for state purposes only under terms of a bill introduced in the House today by Mr. North, Chester. The bill would effect both hard and soft coal.

The bill follows the ideas in former laws, which it would repeal, and requires production reports to be made to the Auditor General.

Representative North said he thought that there had been such a heavy drain on the State resources that more money must be provided for roads, and schools, and while he did not designate that the millions that would be raised by the proposed tax should go to any specific purpose he felt that they should be devoted.

The bill repeals the anthracite coal tax laws of previous years and provides that the tax shall be levied on bituminous, anthracite and anthracite coal, in the main it contains features of previous laws, including the reports required for the audit general to be made on the tax and the penalty for failure to report. Legislative leaders said today that they had not been consulted about the bill.

A bill was introduced by Mr. Powell, Luzerne, providing that no license other than a mercantile license shall be required for sale of liquor containing less than one half of one per cent of alcohol. Under the present law liquor licenses would have to be taken out for sale of "near beer."

For Pneumatic Tires Mr. Bucher, Philadelphia, introduced a bill making it unlawful to operate a motor vehicle in Pennsylvania without pneumatic tires after January 1, 1920. The penalty is \$1,000 fine.

Miss Ina Taft Speaks Before the Red Cross

Miss Ina Taft, director of the Woman's Bureau of the National Red Cross, was the principal speaker at a meeting of the Harrisburg chapter, American Red Cross, held in the Pennsylvania Hotel, at 3 o'clock this afternoon. Miss Taft spoke for over an hour and twenty minutes will be treasured as precious remembrances of his visit.

A conference of Red Cross workers was held in the Civic Club tonight at 11 o'clock this morning, followed by a luncheon tendered by Miss Anne McCormick to chairmen of the various auxiliaries and branches. The subject of aid for the refugees was upmost in the entire conference, and plans were laid for aiding those made destitute by the world conflict.

Central State Boys of 103d Trench Mortar Home

New York, Mar. 25.—The One Hundred and Third Trench Mortar Battery, the first complete unit of Pennsylvania's famous Iron Division to be released from duty in France, arrived in North Carolina yesterday on the battle-ship North Carolina. Many men from the Central Pennsylvania Regiment, numbered among the home-coming troops. Among these were members of the Sheridan Troop of Tyrone, and several Harrisburgers.

The battery was engaged in bitter open-air fighting during the winter of 1918. Twelve men were killed in action, one is dead from wounds, and about fifty were wounded and gassed. Eleven of the wounded were from the original complement. Eight of these, from the Central Pennsylvania Regiment, were Sergeant Shannon and Privates Dulle, Reimert and Kratzer, of Lewisburg; Private Burroughs and McNeil, of Tyrone; and Private "Doc" of Milton, Lower of Harrisburg.

Among Central Pennsylvanians in the battery are: Alton, Elmer D. Pierce, Daniel J. Law, Joseph P. Wolfe; Danville, John B. Youngman; and John E. Grant; Juniata, John E. Dunlap; Sunbury, Leonard E. Smith; Tyrone—Paul T. Stariff, Edward L. Tyson, Ralph A. Holden, Joseph A. Shires, Aaron J. Decker, John D. Fegley, William A. Frazier, Harry N. Sellers, Alex M. Stewart, Bern W. Fleck, Albert D. Rhodes, Jr., David H. Meredith, Jr., Charles H. Case, John W. Hildebrand, Jr., Albert O. Morrison, Richard J. Scheil, Gilbert E. Kanover.

Lewisburg—Ralph Kohler, William Aurand, Joseph C. Johnson, William E. Bender, Jack Winkelsch, William H. Bickel, William G. Bickel, Hiram M. Wolfe, Jr., Daniel G. Snyder, William Cawley, Lester A. Swanson, Roy N. Swanson, George W. Swanson, William E. Bridge, Reber L. George, Harry L. Cahn, William S. Grove, Harry H. Bush, Joseph H. Cornelius, Henry M. Gradon and Oliver A. Heiter.

Mifflinburg—Charles W. Swinehart, Emory R. Koch, Harry J. Swinehart.

Twenty-Eighth Division Coming Home as a Unit

Washington, Mar. 25.—The War Department will be ready in a few days to announce the camp or camps to which the Twenty-eighth Division will be sent for demobilization upon its arrival in this country from France.

It was stated at the department yesterday that the general headquarters staff of the American Expeditionary Force has released the twenty-eighth Division, and it was said that the organization probably has broken camp in the so-called advanced area and either is at port or en route. At least six big transports or warships will be detailed to bring the division back to this country, hotel apartments being so arranged as to have the various units arrive at about the same time, as was the case with the Twenty-seventh Division, New York.

Officials of the department expressed doubt that the ships would be sent to Philadelphia unless specific and urgent requests are addressed to the Secretary of War within a short time by the mayor's committee and other official and civic organizations in Philadelphia. There was no disposition at the War Department to believe that the serious situation in Hungary probably calling for military action by the Allies would in any way affect the sailing date of the Pennsylvania division.

12,000 STRIKERS GO BACK By Associated Press Passaic, N. J., March 25.—Twelve thousand woolen workers who have been on strike nearly seven weeks returned today to-day after the mills had recognized their right to organize.

Y. M. C. A. Plans Series of Social Events For Members

The first of a series of social events for the newly-elected members of the Central Y. M. C. A. will be held Saturday evening. It was announced to-day by Robert E. Reeves, general secretary. The opening entertainment will take place in the Y. M. C. A. building, Second Street, and a number of interesting features have been planned.

Frank Reynolds, of Boston, entertainer and impersonator, will be an attraction of the program. A social sing will also be held and Physical Director C. W. Miller has promised a lively hour in the gymnasium. Parker F. Barnes, chairman of the social work committee, is in charge of the festivities. Walter E. Dietrich is in charge of the entertainment and S. Rutherford has been named chairman of the refreshment committee.

Doing Her Bit

"More than a year ago I took a course of Mayr's Wonderful Remedy for gall stones, severe colic and stomach trouble, and have been entirely well ever since. I have recommended it to many other stomach sufferers, as I feel it was my duty to tell them just how much good it has done me. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. C. Kennedy and Clark's medicine store."

THIS WAR WORKER GETS HELPFUL AID

Mrs. Sara Hall, 6707 Woodland ave., Philadelphia, tells of the relief that came to her through Tanlac. "I suffered from stomach trouble, gastritis and diabetes. My appetite would be awful, then I wouldn't have anything for days. Gas would form at a terrific pace whether I wouldn't eat or not. I soon began to look wan and thin like a shadow. I was in a sorry plight with little hope of ever being well again. I heard about Tanlac and my son had used three or four bottles with good results. I bought some and gradually improved after the first few doses. Later my recovery was quite rapid. I couldn't sleep at all until I took Tanlac." Tanlac is sold here at Gorgas' drug store.
