Important to All Women Readers of This Paper

Thousands upon thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney and bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes anyone so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Birmingham, N. Y., you may receive sample size bottle by Parcel Post.

Important Ruling in the Naturalization of Soldiers

Sunbury, Pa., March 26.—An important ruling is made on the discharge of soldiers by the naturalization bureau at Washington, in a case from Shamokin, according to word received by Prothonotary Summers, of Northumberland county, from J. M. Gurnett, chief naturalization examiner.

A young alien who had been in the service sought to become an American citizen. Under the "soldier act of 1918" most of the requirements regarding declaration, length of residence, education, etc., are dispensed with, and a soldier can become a citizen whenever the examiner passes him.

The Shamokin man, however, had been drafted and was sent to a cantonment, from which he was later discharged as unfit for service. This the chief examiner said was not the same as an honorable discharge. Only aliens who have received an honorable discharge from actual service will be given special citizenship, he said.

First Institution in Pennsylvania to Receive Government Pay
