

PRESERVE BILL WILL BE PASSED

Bowman Measure Has the Support of Many Legislators

Early enactment of bills providing a system for State acquisition of lands for game preserves and auxiliaries is being prepared for by State Game officials who expect several tracts of land in Western counties to be offered for use or sale.

General of going through the Auditor General's office and losing time. If the Bowman bill becomes a law soon some lands can be taken over in counties where the State does not now own lands in the form of forest reserves which could be made available for transfer to the Game Commission.

Hudson River May Flood Troy as in 1916

Troy, N. Y., March 29.—As the result of rain which had fallen yesterday, the Hudson river rose rapidly and last night it was feared that if the storm continued much longer Troy might again experience a flood similar to that in 1916.

Herd 14 Persons Into a Bank Vault and Steal Big Sum

Detroit, Mich., 29.—Herdling fourteen persons, including several women patrons, into the lavatory and the vault of the West Side Branch of the Commonwealth State bank here, six unmasked bandits yesterday afternoon robbed the institution of \$10,000 in cash and unregistered Liberty Bonds which officials say may exceed \$65,000 in value. Fifty thousand dollars in currency had been removed from the branch to the main office only a few hours before the holdup, according to J. W. McCausey, president of the bank. The holdup was one of the most daring in recent years. Two of the men stood guard outside the entrance to the bank while four entered with the man at their head waving a sawed-off shot gun. The bandits gathered up all the currency in sight and escaped in a big touring car.

YANKS ON MURMAN COAST Archangel, March 29.—The first American railroad troops, destined for work on the Murman coast, have arrived on the Murman railway. Other detachments are expected to follow soon.

ACCIDENTS ON RAILROADS LOW

Decrease Last Year Although the Total Went to 11,601

While accidents on the steam railroads of the State decreased 7 per cent last year, as compared with 1917 there was still a total of 11,601. The annual statement issued by the Bureau of Accidents of the Public Service Commission shows that as a result of railroad accidents last year 1,327 people were killed and 11,012 hurt.

Of the 1,327 killed 517 were trespassers upon railroad rights of way, 531 were employees, 219 were travelers over grade crossings while 24 were passengers, the safest place as far as trains are concerned apparently being on one.

Both the lists of the employees killed and the people killed at grade crossings show a decrease. Of the number killed at grade crossings 109 were occupants of automobiles, 23 of wagons, while 90 were pedestrians. Of the number of pedestrians killed a large percentage was made up of people who had crawled under safety gates. Seven crossing watchmen were killed and 14 were injured in endeavoring to prevent accidents.

William Jessup Home From Y. M. C. A. Work in Egypt

Newville, Pa., March 29.—Mr. and Mrs. William Jessup arrived in this country from overseas last week and are visiting Mrs. Jessup's mother, Mrs. Mary Abel, in East Main street. Mr. Jessup had charge of the entire Y. M. C. A. work in Egypt, centering in Cairo during the world war, and is in America for a short rest, preparatory to taking the reconstruction work on his return. He addressed the union prayer-meeting on Wednesday evening and gave an interesting outline of their work. Miss Bessie Klink, teacher of the Secondary school, while at Carlisle on Saturday, fell, breaking her left arm at two places. Floyd McCallister, had been in service in France, has arrived home. Word was also received that Paul Stum had landed safely in New York. Mrs. Edgar Stratford, of Camp Hill, spent several days with her parents, Mr. and Mrs. W. C. Woodburn. Harry Killian, of New Kensington, was called to Newville on account of the serious illness of his father, John W. Killian. At a recent congregational meeting of the United Presbyterian church it was decided to increase the salary of the pastor, the Rev. Dr. G. M. Reed, from \$1,200 to \$1,500. Edgar E. Bowman, who was recently discharged from army service, has accepted a position as teacher of the intermediate school, to fill the vacancy caused by the illness of Miss Mary Plough. S. S. Glanser, the Main street groceryman, underwent an operation for appendicitis at the Harrisburg Hospital on Wednesday afternoon.

DODGE BROTHERS BUSINESS CAR. Any business car owner will tell you that his repair costs are hardly worth mentioning. This fact plus the all-around reliability of the car explains its great popularity with business men. The haulage cost is unusually low. Keystone Motor Car Co. 57 South Cameron St. CHARLES H. \$1830 Delivered AMERICAN "The Balanced Six" Unequaled Road-ability. The new American Six weighs into the ring, onto the road, in a manner that makes the hand on the dial of the scales point to one word: Roadability. The weight of the car is scientifically distributed so that it comes evenly over the four wheels—distributed so that the car holds the road at highest speed and on sharpest curves. It is a principle of design fundamental to economy—driving strains are evenly divided. It is a principle essential to safety and indispensable to speed. It is the principle that Louis Chevrolet, master of the track, gave to the road in the American Six. Standard in construction—unique in design. Let us show it to you. Immediate delivery. American Auto Company Front and Forster St. C. A. SLOUGH, Manager. Includes illustration of an American Six car.

Looks unusually powerful—it is unusually powerful. The trim and clean-cut appearance of the Nash Perfected Valve-In-Head Motor is almost invariably commented upon by those who look under the hood of a Nash Six. And its performance is in keeping with its appearance. In owner service it has proved unusually powerful, economical and quiet. Myers Motor Sales Co. DISTRIBUTORS 1210 Penn St. Harrisburg, Pa.
