

TRYING TO TRACK REDS RESPONSIBLE FOR BOMB PLOTS

Every Federal and Municipal Agency Is at Work

New York, May 1. — Every agency of the national and municipal governments is at work to-day trying to track the "reds" responsible for the terrorist bomb plot which has startled the country.

Sixteen of the most diabolical infernal machines ever encountered by experts were found, literally by chance, early yesterday in the general post office in this city. Apparently they were identical with six others which went through the

mails safely and were delivered to the persons to whom they were addressed. Fortunately, however, none of the intended victims has been injured thus far. How many others have been mailed no one can tell.

From all the information available it is apparent the makers of the bombs hoped to exterminate every one who has been prominently involved in the prosecution or deportation of members of the I. W. W.

Timed For May Day
Not only were officers of the Immigration Bureau marked for destruction, but also the authors of the bill which would have stopped immigration for a year. This measure would have made it difficult for Russian radicals to gain access to this country.

Agents of the Department of Justice said they believed the mailing of the bombs was timed to cause a reign of terror on May Day, observed throughout the world not only by peaceful labor organizations but the most pronounced radicals. It was recalled that radicals in this country had threatened a demonstration to-day in behalf of Thomas J. Mooney, under sentence of life imprisonment in California for murder in connection with the preparedness day bomb outrage. Labor generally has advocated action of some kind in his behalf, but has frowned on radical ideas.

Mrs. Mooney Talks
"We are not dynamiters and bombers and our friends are not bomb throwers," was the comment of Mrs. Thomas J. Mooney last night when told the details of the terrorist plot.

"I suppose, however, that by some circuitous mode of reasoning the officials will reach the conclusion that we had a hand in the affair."
Mrs. Mooney will speak at a Mooney mass meeting here to-night. The deductions of the government agents were based not only on the list of those who have received the bombs addressed to them, but the names on the wrappers of the infernal machines seized in the Post Office here.

Mayor Ole Hanson, of Seattle, Wash., who brought to a sudden end the "general strike" instituted by the I. W. W. in the Washington city, was the first to receive one of the deadly packages.

Former Senator Thomas W. Hard-

Persons to Whom the Bombs Were Addressed

THE addresses on the sixteen packages seized in the New York Post Office were all typewritten and were intended for the following persons:
William M. Wood, 21 Fairfield street, Boston, Mass.
Frederick C. Howe, Commissioner of Immigration, New York, N. Y.
Mitchell A. Palmer, U. S. Attorney General, Washington.
Anthony Caminetti, Bureau of Immigration, Washington.
William B. Wilson, Secretary of Labor, Washington.
Senator T. Larry Eyre, Chester, Pa.
William H. Lamar, Solicitor General, Washington.
W. H. Finck, Department of Justice, N. Y.
A. S. Burleson, Postmaster General, Washington.
The Hon. E. Hylan, Mayor, New York City, N. Y.
Rich E. Enright, Police Commissioner, New York City, N. Y.
John D. Rockefeller, Pocantico Hills, Tarrytown, N. Y.
William I. Schaffer, Attorney General, Harrisburg, Pa.
Governor William C. Sproul, Chester, Pa.
Oliver Wendell Holmes, U. S. Chief Justice, 1720-1st, Washington.
J. P. Morgan, 231 Madison avenue, New York City.

wick, of Atlanta, Ga., author of the Senate bill to stop immigration, was the second. His wife was injured when the bomb exploded.

Burnett Receives Bomb
A bomb was received last night by Representative John L. Burnett, of Gadsden, Ala., former chairman of the House Committee of Immigration.

Another of those marked for destruction was Judge Kenesaw Mountain Landis, of Chicago, before whom William D. Haywood and his followers were tried and found guilty.

Bombs also were sent to Charles M. Pickett, District Attorney of San Francisco, and his assistant, Edward Cunha, who were prominent in the prosecution of Mooney and others implicated with him.

Included in the list of those to whom the bombs found here were addressed were:

Anthony Caminetti, Commissioner General of Immigration, who issued orders for the deportation of a large number of I. W. W. agitators rounded up in the west.

Frederick C. Howe, Commissioner of Immigration at New York, who has confessed to somewhat radical ideas of his own but who was charged with carrying out the orders of his chief.

William B. Wilson, Secretary of Labor, whose jurisdiction extends over the Bureau of Immigration.

Attorney General Palmer, who directs the operations of the department in enforcing prosecutions of alleged violators of the espionage law and plotters against the government.

W. H. Finck, one of the representatives of the Department of Justice in this city.

Others Marked
Bombs also were deposited in the mails for Mayor Hylan, of this city, and Police Commissioner Enright. Radicals have accused them of making it impossible to rent halls in which to hold demonstrations. They also have barred the red flag in parades or at meetings of any kind.

Others on the list of those marked for death by the reds were John D. Rockefeller and J. P. Morgan. In this connection it was recalled that Thomas J. Turner, inspector of police in this city, testified before the Senate committee which investigated

APRIL BUSINESS AT THE TREASURY

Total Balances in the Strong Box Drops During Month Closing Yesterday

State Treasury figures for the month of April show that the receipts were \$2,158,449.05 and the disbursements \$2,495,526.62.

The total balance in the State Treasury at the close of April was \$9,757,723.87 against \$10,088,382.42 at the end of March.

The general fund contained \$5,945,416.03 at the end of April and the motor vehicle fund \$2,085,971.04, the month's receipts for this account being \$488,175.92.

The game fund balance was \$224,694.43 and the bounty fund \$272,141.57.

Figuring the Cost — Governor Sproul consulted with legislators regarding a definite understanding as to what the Woodruff teachers' salary bill in its revised form will cost the Commonwealth. He said one estimate was \$6,000,000 a year.

The subject is being considered by several legislators over the adjournment period.

To Issue Early — The State will probably issue \$30,000,000 of good roads bonds in the next two years, according to an estimate by the Governor. He figures out that \$12,000,000 worth will be issued this year and \$18,000,000.

The Police Bill — In all probability a motion to reconsider the vote by which the Powell bill reorganizing the State Police Department was defeated this week in the House will be made Monday or Tuesday. The Governor discussed the matter with a number of members of the House and one of his visitors, John A. McSparran, master of the State Grange, is said to favor it. The Governor also went over the proposed amendments to the antedivision bill with Attorney General Schaffer and Representative John M. Flynn. This bill will be considered by the House Judiciary general committee next week.

Perry Contracts — The contracts to light Marysville and New Bloomfield were submitted to the Public Service Commission yesterday.

Honor York Man — The House of Representatives adjourned yesterday as a compliment to Representative Thomas E. Brooks, of York county, who was celebrating a birthday.

Propaganda, that New York anarchists had planned in 1914, shortly before the outbreak of the World War, to wipe out the families of Mr. Rockefeller and other wealthy persons. Mr. Rockefeller also aroused the animosity of radicals in connection with the labor troubles in Colorado.

The reasons for placing Mr. Morgan on the list are more obscure. So far as known he has taken no hand in the efforts to put an end to the activities of the I. W. W. and other extreme radicals, but the reds naturally hate him because of his great wealth. At his Glen Cove home last night he declined to comment on the mailing of a bomb to him.

Government officers made no attempt to minimize the seriousness of the situation. They admitted frankly they had no idea how many of the bombs had been mailed, all apparently wrapped in paper purporting to come from the department store of Gimbel Brothers in this city, but declared by members of that firm never to have been in their establishment. It was pointed out that fourteen of the infernal machines had been mailed in post offices along the Pacific coast.

Postmasters Notified
The Post Office Department has sent a general alarm to postmasters all over the United States to watch the mails carefully for packages similar to those seized here. Inspectors in different parts of the country have been set at work on the different angles of the plot.

Chief Inspector William E. Cochran, of the Post Office Department, took charge of the investigation in this city. His operations have expanded until they include a score of agents of the Department of Justice, Police Inspector Patrot and scores of New York detectives, members of the police "bomb squad," and Chief Inspector Dixon and Inspector Egan, of the Bureau of Combustibles of the Fire Department. One of the Department of Justice men at work on the case is Finch, to whom one of the bombs was addressed.

Detectives who know all the prominent anarchists and radicals in New York are rounding them up and questioning them in the hope of obtaining some helpful clues. An especially careful watch was being kept on the known haunts of I. W. W. agitators.

Emporium, Pa., May 1. — Mr. and Mrs. Edward Richie, prominent residents of this city, were instantly killed this morning by a Pennsylvania passenger train. They were walking along the track on which the train was running and as it closely approached they crossed to the next track. Just as they did so the train reached a crossover switch which sent it over upon the track on which they were walking. The accident occurred at the West Gate bridge, a route which Mr. and Mrs. Richie usually took for a morning walk.
