

NATION MARCHES SLOWLY IN FIFTH DRIVE FOR LOAN

Officials Realize Extraordinary Efforts Must Be Made

By Associated Press.
Washington, May 2.—With individual subscriptions of \$1,500,000,000, one-third of the Victory Loan quota, the country still lagged to-day behind the record made in both the Fourth and Third loans.

Individual subscriptions was falling off in several districts, notably Boston and Treasury officials declared extraordinary efforts would have to be made to equal the record of 20,000,000 subscribers to the Fourth loan.

Cincinnati, always one of the first large cities to obtain its quota, has reached its allotment with \$200,000 to spare. The Cleveland district was reported to have subscribed more than \$256,000,000 although official reports showed only \$121,000,000. Honor flags have been awarded to 233 communities in the district. Two hundred and twenty-nine cities in the Boston district have been awarded flags.

FORMER CONGRESSMAN DIES

Portland, Me., May 2.—The death in Washington of former Congressman Asher C. Hinds, compiler of "Parliamentary precedents," and for a number of years clerk at the Speaker's table in Congress, was announced here to-day.

LIONESS KILLS KEEPER WHO FONDLED HER CUBS

Closed Jaws About His Neck, Crushing the Bones, Then Escapes From Cell to Be Shot

By Associated Press.
Woodbury, N. J., May 2.—A lioness on exhibition in a circus sideshow killed her keeper before a small crowd of spectators, escaped from her cage and bounded into a small clump of woods which adjoins the town yesterday afternoon.

A posse of men and boys armed with guns, pikes and stones, pursued the animal into the woods and finally killed her with a fusillade of more than 100 shots, twelve of which took effect.

The enraged animal threw herself against the door, bursting it open, and with one leap closed her jaws about Henry's neck, crushing the bones and killing him instantly. Attendants with iron bars, hooks and tent stakes, began to belabor the animal in an effort to compel it to release her grip on the dead man.

SEVEN DAYS' RUN TO SMASH RECORD

[Continued from First Page.]

This community that a car can be run seven days and seven nights in high gear without a stop, the Overland-Harrisburg Company will repeat this test and go one better. It is the intention to beat this world record and to do so the car must go 4,371 miles, but Mr. Hanson predicts that it will make at least a hundred and fifty miles more than the Oklahoma car.

Mayor Is a Judge
The contest will be under the direction of three judges headed by Mayor Keister. The car to be used is Overland model 90, No. 138429, which has a gear ratio of 3.5 to 1, which is the highest used in any stock car. It is standard equipped throughout. The gear lever will be placed in high gear Saturday evening at the start by one of the judges, when the lever itself will be taken out and the transmission sealed so that it cannot be tampered with during the drive. The car will be operated by four drivers: Carl Hanson, John J. Hargest, Jr., Harry C. Morton and Frank Weber, who will take four-hour turns driving day and night for the entire seven days. There will be an official observer in the car at all times. The car will bear signs telling that it is ready distinguished in all the towns through which it will travel.

Telegraph Control Station
The Harrisburg Telegraph building in Federal Square, will be the control station where the drivers will be changed every four hours, supplies taken on and the mileage made recorded on a large chart which will be placed in the window in front of the Telegraph. This chart will show the record made by the Oklahoma car each day and just what the Harrisburg car is doing to beat it. A large arrow will indicate the mileage made each four hours.

The district covered by the car will include Chambersburg on the west, York on the south, Lebanon on the east and Millersburg on the north. There are some strenuous hills to overcome on many of the roads the car will travel. It must make at least 120 miles every four hours in order to break the record.

Should the world's record be broken as Mr. Hanson predicts, it will be one of the most remarkable feats ever accomplished in this district and will place Harrisburg on the automobile map as it has never been before. The eyes of the dealers all over the country are on this test and it is not out of the question that it will be followed by other similar events, as the hills and roads in this territory are said to be as difficult as any in the country.

Seattle to Have 5-Day Week to Aid Unemployed

By Associated Press.
Seattle, Wash., May 2.—Beginning tomorrow a five-day week will be enforced, according to announcement to-day by the Building Trades Council, representing 6,000 workers. No work will be done on Saturday and Sunday. The change was said to have been made in the belief that more men could be given employment in the building trades.

Deaths and Funerals

MRS. MARY E. EUELL
Funeral services will be held on Saturday afternoon at 2 o'clock from the funeral parlor of W. J. Hooper for Mrs. Mary E. Euell, 66 years old, who died on Tuesday at her home in Pittsburgh. Her husband and one son survive. Funeral services will be in charge of the Rev. C. H. Hooper, of the Bethel A. M. E. church. Burial will be in the Lincoln cemetery.

MRS. NELLIE N. DAY
Mrs. Nellie N. Day, wife of Gilbert O. Day, died last night at her late home, 547 Curtin street. She was 24 years old. Funeral services will be held Monday afternoon at 2 o'clock. The Rev. Harvey Kiser, pastor of the Covenant Presbyterian church, will officiate.

Mrs. Day is survived by her husband, an infant daughter, Marion, her parents, Mr. and Mrs. Charles Fry, two sisters, Mrs. J. H. Shumaker, Northumberland, and Mrs. S. D. Davis, Harrisburg, and a brother, Charles Fry, Jr., of Harrisburg. She was an active member of Covenant Presbyterian church and was widely known here.

FINAL EFFORT MADE TO MEET DEFICIT

[Continued from First Page.]

The trouble with Harrisburg, in the opinion of the leaders of the campaign and the men who have been selling bonds, is that the impression got abroad in some manner that the people themselves did not buy bonds, the banks would take up the car's quota. This is an erroneous idea.

Banks Have Limit
The banks cannot take up this immense total, because every two weeks each bank in the district is called upon by the Treasury of the United States to take up a certain quota of Treasury certificates. The money raised through bond issues will not pay the cost of the war. Because this is so, it was necessary to provide for the issuance of United States Treasury certificates. The banks, as stated, take these certificates every two weeks and will continue to take them for a year or two years to come. It is not possible for them to take their quotas of certificates and also the big Victory Bond quotas allotted the various districts.

"If the people of Harrisburg will do their part," said City Chairman Andrew S. Patterson this morning, "the banks will continue to take up Treasury certificates. It is an absolute impossibility, however, for them to do both. I mean that it is an absolute impossibility for them to do both if they are to continue to meet the requirements of the business interests of this district. The business interests must have money. If the money of the banks is tied up not only in certificates but in Victory Bonds, then there will be no funds available for business purposes. That would mean the closing down of industries and loss of employment to thousands of people. You will see, therefore, that this matter of taking Victory Bonds is one which comes to the door of each one of us. It is not only a matter of patriotism, but it is insurance against calamities in business."

Wounded Men Active
Secretary Glass, of the United States Treasury, has issued an order that the banks may not lift that portion of a district's Victory Bond quota which is not subscribed by the people of the district.

The half dozen or more wounded soldiers who have been working in the Harrisburg district for the last two weeks are not feeling gloomy over conditions this morning, for the reason that every industrial establishment in which these soldiers spoke has bought more than its quota of Victory Bonds.

CONVENTIONS TO RATIFY LEAGUE BEING PLANNED

To Demonstrate to the Senate Sentiment For World Pact

By Associated Press.

New York, May 2.—Conventions for popular ratification of the League of Nations covenant will be held in 15 Eastern and Central Western States during the last two weeks of May and the first week of June, it is announced by the League to Enforce Peace.

William H. Tatt, president of the organization, President A. Lawrence Lowell, of Harvard, and other speakers will appear, it was stated, and action will be asked of those attending which will demonstrate to the United States Senate the strength of ratification sentiment.

Conventions will be held in the following eastern States: Maine, New Hampshire, Vermont, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania and West Virginia.

Teuton Peace Delegate Says Nations League Is Disillusionizing Germany

By Associated Press.

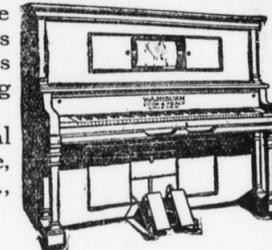

London, May 2.—According to a summarized report of an interview given by Herr Schuecking, one of Germany's peace delegates, to the Berlin correspondent of the Herald, the laborite organ, the plan for the League of Nations which has been formulated at Paris has brought disillusionment to Germany. It is regarded there as a thinly veiled scheme for the victorious powers to gain the ascendancy and give the militarists an opportunity to haunt the pacifists for their simplicity, it is said.
