

### CONVENTION OF EPISCOPALIANS MEETS TUESDAY

#### Bishop of Montreal to Be the Chief Speaker at Convention Banquet

The fifteenth annual convention of the Episcopal Diocese of Harrisburg will meet next Tuesday and Wednesday in Trinity church, Shamokin. Bishop Darlington of Harrisburg will preside. At the convention banquet to be given on Tuesday evening the chief speaker will be the Rt. Rev. John Cragg Farthing, bishop of Montreal. A number of other prominent church dignitaries are to be present, among them the Rt. Rev. Arthur Selden Lloyd, president of the Board of Missions.

The convention will be attended by about three hundred delegates representing one hundred parishes of the diocese. The diocese of Harrisburg takes in the entire central portion of the State, and is the largest in area of the five Episcopal Dioceses of the State.

The convention promises to be interesting, many important matters to be brought before it. The most important will be the report of a committee appointed at last year's convention to consider the advisability

of establishing baptism as the basis of church membership. Should this committee report favorably, a memorial will be prepared by the diocesan convention to be presented to the general convention meeting in Detroit in November recommending the adoption of such a measure. The idea is considered with favor by many of the leading clergy of the church, and little trouble is anticipated in having such a resolution adopted. If it is adopted it will mean that many adherents of the Episcopal church, not confirmed, and not now counted as members, will be included in the membership list. This will bring the number of members of the Episcopal church in the United States to a figure close to three million. On this basis the diocese would have a membership of about twenty thousand.

Much interest is being displayed in the election for delegates to the general convention. The Rev. Dr. Appleton was named as a delegate from Harrisburg, having been mentioned as a probable candidate. Dr. Appleton was another candidate will be the Rev. Dr. C. C. Schaeffer, of Trinity church, Shamokin. Four clergymen are to be elected, as well as four laymen.

**May Take Over School**  
Another election of interest will be that for a standing committee of the diocese. This committee is composed of five clerical and five lay members. Among the highest executive committees of the diocese, at the present time, three Harrisburg clergymen are serving on the committee, the Rev. Leroy P. Baker, the Rev. Rollin A. Sawyer, of St. Stephen's church, and the Rev. Roy Appleton, of St. Paul's church.

At the convention of last year a resolution was made for the taking over by the diocese of Yates School for Boys. After great debate the resolution was finally defeated, but a committee was appointed to report this year as to the advisability of a diocesan institution. The school is now operated by the Board of Parish, Lancaster. Founded in 1852 as a parochial institution it has long since outgrown its parochial connection. The diocese does not now control any institution of learning, and there is a likelihood of the adoption of Yates school as a diocesan institution.

Other matters of interest to be presented to the convention will be in reference to church unity, closer relationship with the other Episcopal churches of the western hemisphere, and a memorial to be presented to the general convention asking for the completion of the history to give a complete account of the work performed by members of the diocese. The diocese has supplied a number of army and naval chaplains, among the latter two from Harrisburg, the Rev. Gilbert B. Darlington, who was chaplain of the battleship Oklahoma, and Lieut. Commander Hugh, who was chaplain-in-chief of the eastern naval district.

**An Open Letter to the President**  
of the Retail Merchants Branch of the Harrisburg Chamber of Commerce

Mr. J. S. Lowengard:  
Dear Sir—  
We are in favor of all the stores in Harrisburg closing on Saturday evening.

We, therefore, ask you to put on the list of stores OUR NAME as favoring a movement of this kind.

Our store has been progressive in its policy and program from the beginning and we believe all Harrisburg merchants are in accord with any co-operative movement that is a betterment for the public and stores alike.

We are willing to co-operate with you in any effort you may put forth to bring about a concerted action on the part of all the stores of Harrisburg to close Saturday evenings all the year around.

Yours respectfully,  
**KAUFMANS**
