

Y. M. C. A. BUILDS HUT IN HOLLAND

Pittsburgh Woman in Charge of New Post at Rotterdam

Paris, June 5.—The Y. M. C. A. is extending its activities to encompass the operations of the American Expeditionary Forces in a proposed large embarkation camp in Antwerp and to care for about 300 soldiers, who are to be stationed in Rotterdam on special assignment.

Officials anticipate that Antwerp will soon become a center for 500,000 American troops, as a new embarkation camp is to be established there and the Y. M. C. A. is preparing to set up its work there, which will probably include construction of ten huts.

The purposes of the bill are to drive illegitimate sellers of stocks, bonds and securities from the State and also to put an end to the sale of bogus securities and stocks in Pennsylvania.

When these questions were argued counsel for the water company, which is controlled by the Pennsylvania Railroad Company, asked for an extension of time to investigate this situation.
