LODGE SUMMONS FINANCE KINGS TO FACE PROBE

Chairman of Foreign Relations Committee Wires Morgan and Others TO TESTIFY TOMORROW

Knox Starts Move in Senate For Separation of Creed and Pact

Washington, June 10.—Telegrams requesting J. P. Morgan, Henry P. Davidson, Thomas W. Lamont, Jacob Schiff, Paul M. Warburg and Frank A. Vanderlip, New York financiers, to appear before the Senate Foreign Relations Committee to-morrow and testify in the investigation of how copies of the Peace Treaty reached private interests in New York, were sent out to-day by direction of Chairman Lodge.

Meantime members of Congress had copies of the Treaty, which were published to-day in the Congressional Record.

Each member of Congress to-day had a copy of the Treaty. The voluminous and much debated document was contained in the Congressional Record, printed by order of the Senate yesterday after an epoch-making fight and just after a message from President Wilson had been read saying he could not send the text of the treaty to the Senate without breaking faith with the president.

The copy of the treaty, brought to this country by a newspaperman, went into the record as a result of vigorous efforts of Senators of Idaho, and other Republican leaders. It was not, however, until Senator Borah began reading the 100,000 word text of the treaty, which would have required many hours to complete, that opponents of publication capitulated.

Probe Resumed Tomorrow

The inquiry into the manner in which copies of the treaty reached unauthorized persons in New York will probably be resumed by the foreign relations committee to-morrow or Thursday. The committee was expected to complete summoning witnesses to-day.

Wants Creed Out of Treaty

A resolution to have the Senate declare it could not concur in the League of Nations provisions of the Peace Treaty as now drawn was introduced by Senator Knox, Pennsylvania, Republican, of the Foreign Relations Committee, of the Senate.

The resolution, which is expected to bring to a more definite stage the fight being made against the League covenant, asks that the covenant be separated from the Peace Treaty before submitted to the Senate for ratification.

At the request of Senator Knox, who announced he would later discuss it in the Senate, the resolution was referred to the Foreign Relations Committee.

Notice to Peace Makers

The resolution was offered by Senator Knox after a conference with Chairman Lodge, of the committee, and there were evidences that it would have the backing of most of those who have conducted the fight against the League. It is understood that the committee will give notice to the Peace Conference that ratification of the Treaty in its present form is opposed.

Purposes of Resolution

GLOOM AT WORLD PEACE BOARD AS BIG PROBLEMS IN WAY STAY UNSOLVED

French Premier's Attitude Toward Huns Unchanged

UNYIELDING IN ALLIED DEMAND

Silesia and Poland Loom as Barrier to Progress

Paris, June 10.—The Council of Four met to-day amid an atmosphere of considerable pessimism over the larger questions of peace making with Germany still unsolved. It is understood that Premier Clemenceau has not moved from his position against any modification of the peace terms.

No settlement of the Silesian question or that concerning the Polish western frontier has been reached. It is stated that the Silesian problem is tied up with the difficulty of holding a plebiscite without Allied occupation, no troops being available for the purpose.

Reparation Plans

The plan for reparations which is now proposed in the Council of Four, according to Marcel Hutin, of the Echo De Paris, consists:

First, in seizing German liquid assets to the value of 25,000,000 francs.

Second, in leaving a margin of 20 per cent of the economic and financial situation of Germany.

Third, in exacting, after two years, payment on account of 125,000,000 francs in gold or negotiable securities.

Fourth, in giving the reparations committee authority to raise the amount of the annual payments by Germany, should her capacity to pay increase.

While the Peace Conference heads are devoting as much of their time as feasible to framing of the reply to the German counter proposals this work has not yet reached such a stage as to make possible the naming of a definite date for the opening of the document to the German plenipotentiaries.

Ultimatum Goes to Hungary

There has been considerable interference with the deliberations of the Council of Four on this question of primary interest. Yesterday, for instance, the council was compelled to suspend its work on the subject of Slovakia, where the advance of the Hungarian Soviet troops has caused a serious situation.

Making League Seat Easier

The main question which the council now is considering in connection with the League of Nations is the proposed change in the covenant of the League of Nations whereby the terms of the League of Nations would be made easier. The changes are said to be prompted mainly by a desire to forestall the possible formation of another combination of nations with Russia, Germany and the former German allies taking the leading roles.

AUGUST FIRST IS TO SEE WHOLE WORLD AT PEACE

Paris, June 10.—The signing of the Peace Treaty by Germany before July 1 and its ratification by the various parliaments before August 1 are predicted to-day by the Echo de Paris. It expects the answer to the German counter proposals to be handed over on Friday. The course of the Germans, it thinks will be to replace the Scheidemann government by another in case the present government determines not to sign the terms.

COURT ASKED TO FIX CHURCH OWNERSHIP

Members Split When Rev. John Henry Miller Withdraws From Parent Organization to Operate Congregation as Free Lance in Religious Circles

Members of the board of trustees and deacons of the Evangelical Lutheran Church of Holy Communion, Seventeenth and State streets, to-day brought injunction proceedings against the Rev. John Henry Miller, pastor of the church; William A. Gerner, William Bailey, H. H. Umholtz, J. A. Hamilton and Henry Quier, other officers and members of the congregation. The plaintiffs ask the court for an order decreeing U. G. Nagle, J. L. Cressman and M. C. Bushey as trustees are to have charge of the church property; that the defendants should be declared trespassers and be restrained from intervention with the business and property of the church, and the Rev. Mr. Miller to be restrained from acting as minister and pastor so long as he is not a member of the Evangelical Lutheran Ministerium.

The action is the result, the plaintiffs claim, of the Rev. Mr. Miller's recent move when he severed his connection with the Evangelical Lutheran Ministerium of Pennsylvania and adjacent States, and since that time has acted together with the other defendants, as an independent church organization assuming full control of the church property. A date will be fixed for hearing the action.

PUBLIC LIBRARY TO EXTEND ITS SCHOOL BRANCHES

Funds Needed to Bring Facilities Before the City's Children

"We get all manner of questions over the phone and otherwise regarding technical and other subjects," said Miss Eaton, head of the Public Library, "and we have managed to please a lot of people by giving the information for which they were seeking. For instance, a businessman called up sometime ago and asked for the formula of a certain sort of dyeing process. In a few minutes our reference librarian gave him the precise formula he desired and he was more than pleased. On another occasion we were asked for the amount of coal combustion required in heating iron a certain degree of heat and while

United effort on the part of all patriotic organizations and all loyal Americans in wiping out Bolshevism, by speakers at the opening session of the Seventieth annual convention of the Independent Order of Red Men of Pennsylvania. The Great Council here was kindled this morning in the big ball room at the Penn-Harris Hotel.

Governor Appeals to Patriotism

Governor Sproul, who, on account of the rush of business at the Capitol was a late arrival, said: "Buckle up your belts of patriotism and support those things truly American, against assaults, or any attempt to spread lawlessness or murder by a class of disorderly people. Stand out against those who have no respect for the law and rely on organizations truly American and keep the Republic for ourselves."

Ovation for Governor

The Governor was given a great ovation. On his arrival at the hall he was welcomed by Past Great Sachem Charles E. Eaton, head of the Evangelical Lutheran Ministerium of Pennsylvania and adjacent States, and since that time has acted together with the other defendants, as an independent church organization assuming full control of the church property.

Making League Seat Easier

The main question which the council now is considering in connection with the League of Nations is the proposed change in the covenant of the League of Nations whereby the terms of the League of Nations would be made easier. The changes are said to be prompted mainly by a desire to forestall the possible formation of another combination of nations with Russia, Germany and the former German allies taking the leading roles.

The Knox resolution proposes that "the Treaty shall be so drawn as to permit any nation to reserve without prejudice to itself for future separate and full consideration by the people the question of any League of Nations," but that the obligations of Germany and her co-belligerents under the Treaty shall not be thereby affected.

The resolution also would declare it the policy of the United States Government, "in order to meet fully and fairly our obligations to ourselves and to the world that the freedom and peace of Europe being threatened by any power or combination of powers, the United States will regard such a situation with grave concern as a menace to its own peace and freedom."

Collector of Ashes Costly

At least \$5,000 and probably \$8,000 more will be needed to complete the collection of ashes in the city during the entire year, Commissioner S. F. Hassler told other members of Council to-day.

An appropriation of \$40,000 was made at the beginning of the year, but the ash collection business has done much more work than was originally intended, he said, with the result that by November the money will be spent and more must be found to continue the collections until the 1920 appropriation is made.

Commissioner Hassler recommended the purchase of at least part of the equipment necessary for the city to collect its ashes with teams and horses owned by the municipality. He said that about half the number of wagons and horses could be purchased for \$5,000 or \$3,500 and this amount could be saved out of the present appropriation for the work. He was requested by the other Commissioners to submit definite estimates of the cost of the ash collection.

Commissioner Hassler told of the deficit which will confront the city in the fall in the ash collection fund. Commissioner E. Z. Grosz announced that he would ask for about \$3,000 for the fire department contingent fund, so that he could make a number of alterations and improvements to the various fire-houses in the city.

THE WEATHER

Harrisburg and vicinity: Partly cloudy to-night and Wednesday, not much change in temperature, lowest to-night about 65 degrees.

VARE STRENGTH IS WEAKENED IN RED-HOT FIGHT

Registration Bill Passed by the House, 139 to 52, After Spirited Debate

SO-CALLED 'RIPPER' WINS

Flynn, Scott, Williams, Brady and Others Mix in War of Words

Members of the House to-day passed by a vote of 139 to 52 the Dair-Brady bill providing a new registration commission for the city of Philadelphia, after a series of spirited speeches and a parliamentary battle in which the House refused to go into committee of the whole. The accompanying bills were also passed. The Vare element was beaten in its fight on the main bill.

The cause of the fight was on the provision to abolish the present board. Last night the bill was amended so that the new board should consist of five instead of four men. To-day Mr. Ramsey, Delaware, endeavored to insert an amendment that the board members should serve out their terms instead of their places being vacated in ten days. This precipitated one of the most interesting contests in years. Mr. Flynn, Elk, objected, and as the bill was on third reading his action blocked
