

NEW SCHEDULE OF COMMISSION

Arguments and Executive Sessions Twice a Month in Summer

The Public Service Commission will hold arguments and executive sessions twice a month during the months of July and August, but hearings will be held each week in various parts of the State. The hearings for the coming week include Harrisburg, Pittsburgh and Johnstown. The Northumberland county grade crossing cases will be argued here on Monday and the rest of the week hearings on complaints regarding the Beech creek station and various contracts and grade crossing proceedings. The latter will include Elkins park crossings.

The Cumberland Valley Telephone Company, has asked the commission's approval to purchase the Tri-county Telephone Company.

The Commission has dismissed the complaint of the Pittsburgh Steel Company against the rates of the Pittsburgh and Lake Erie railroad "without prejudice to renew the same." The jurisdiction of the commission, it is stated, does not extend to such complaints under the supreme court decision.

A number of telephone companies have filed notices of increase of rates with the commission. The companies are: Clear Telephone Company, Blair and Bedford counties; Middle creek Telephone Company, Snyder county; Home Telephone Company, of Sheffield; People's Bell Telephone Company, Erie county; Windber Telephone Company, Somerset county; while notices of increases have also been filed by the New Castle and Lowell railway and Sharon and New Castle street railway. The Jefferson County Gas Company, has cancelled a number of its rates.

To Enforce Code - Notices are being sent to all registers of wills in the State by Auditor General Charles A. Snyder to enforce the new inheritance tax code as effective on June 29. It is expected that the new code will bring in hundreds of thousands of dollars of additional revenue. Detailed instructions for enforcement, including the new "clear value" provision are being issued.

Governor to Attend - Governor Sprout will attend the camp of the Reserve Militia brigade at Mount Gretna on Wednesday, motoring from this city. The Governor will be tendered a review of the brigade. A number of National Guard and army officers will also attend.

Big Task Ahead - The State Department of Fisheries has begun preparations to carry out the new law permitting use of special devices for fishing under the recently approved changes to the fish code which is now in effect. There will have to be from ten to twenty special forms provided for such devices and the plan is to list all appliances which may be presented and have suitable licenses. It will take some weeks to get the system into working order.

The State Egg Law - The State Department of Agriculture is issuing notices that the new law forbidding offering of stale eggs as fresh is now in effect. The law will supplement the cold storage act which requires all cold storage products to be properly labeled. It is now unlawful to offer stale eggs for sale as fresh or to have dozens of part fresh and part stale without notifying the buyer.

State Office Refused - The owners of the Green Lane and Goshenhoppen turnpike in Montgomery county have refused the offer of the State for the purchase of the road.

Beary at Camp - Adjutant General Beary is at the Reserve Militia camp at Mt. Gretna where he will remain for a week.

Twenty-two Go Out - Owing to the approval of the Philadelphia registration act twenty-two men lose places. Most of them will be re-imposed, however, it is said.

Mine Cave Hits Road - Owing to a mine cave near Hazleton the State Highway Department's plans for road improvement in that section may be interfered with. The officials have decided that it would not be worth while to spend State money where a road is liable to subsidize any time due to the mining operation.

Sadler on a Tour - Highway Commissioner Sadler has been inspecting State road work this week for the first time in months.

Officers Commissioned - The adjutant general's office has announced the commissioning of the following officers: Lieutenants Frank G. Fahnestock, Harrisburg, Company I, Second Infantry; John C. Groome, Jr., Philadelphia, cavalry, and J. O. Whiteley, York, Company L, First Infantry.

Eggs in Storage Are Running Average Up

The reports as made to James Post, head of the food bureau, show that on July 1 there were 17,693,840 dozens of eggs in cold storage against 18,600,000 at the same time in 1915 when the high water mark was reached. The second quarter of the year is when eggs are placed in storage in this State and the large quantity held occasioned some surprise. A year ago there were 13,223,360 dozens in storage, the smallest in a long time. The butter holdings are given as 6,539,450 pounds against 3,901,159 a year ago. This year's figures are regarded as high. The poultry in storage is given as 2,394,568 pounds against 1,040,485 last July.

The beef in storage consists of 1,957,906 pounds against 2,449,825 a year ago; fish 1,163,125 pounds the normal amount; pork 2,806,122 pounds against 2,833,531.

Bulgarian Forces Three Times as Large as Called For in Armistice Terms

By Associated Press. Saloniki, Friday, July 11 - Arguing that Bulgaria should be compelled to disarm, newspapers here say the forces now with the Bulgarian colors are approximately three times the size stipulated in the armistice agreement. It is stated that these troops are concentrated in considerable numbers along the Greek and Serbian frontiers and that bands of irregular soldiers are being armed by the Bulgarians.

The End of a Perfect Day

You'll find everybody in this "Live Store" bubbling over with enthusiasm when you come Here today and this evening - You know Saturday night is everybody's night in the business district - Men and their families enjoy this bit of outing when they go on a shopping tour together. Have you ever been on Market street on Saturday afternoon and evening? Well, if you want to see that Harrisburg is a "Live City" which attracts many out of town people and countless numbers from our own city to the main business thoroughfares, come down town tonight and you will be fully convinced that this is a real city of progressive people.

Then if you want to see one of the greatest public service institutions that tries hard to please and satisfy its customers come to this "Live Store" that everybody is talking about. The first thing that will greet you "today" is our \$10,000 "Silk Shirt" display. It's wonderful and worth going miles to see, but when you look at the low prices these shirts are marked at.

Doutrichs "Big" Shirt Sale

There will be no doubt in your mind that we must be selling thousands of shirts for they are in many cases being sold at less than you can actually make them yourself. No wonder the women have been urging their husbands, brothers and friends to get a good supply of them - Another thing about these shirts is they are so captivating that even though you had "all" the shirts you needed for present use you would buy of this vast assortment for future use - Lay in a reserve stock.

Shirtings are much higher priced than they were six months ago when we bought and "Silk Shirts" are particularly hard to get. Manufacturers have all the business they can take care of. They are sort of independent about it and don't care if you place orders with them or not. So far as we are concerned we have all the shirts we need for this season. We own them at low prices and we are selling them at tempting prices to our customers - We are making more friends than ever before, because greater numbers of people are coming here and they all have friends. That's why we never disappoint our customers. We always have what we advertise. Read these prices-
