

Germany Gives Big Tobacco Order to Red Lion Firm
 Red Lion, July 17.—The first orders from the German government to be placed in America since the lifting of the embargo against that country was received yesterday by the C. O. Meeds Tobacco Company of this place. The transaction involves \$1,000,000 and calls for between six and seven million pounds of tobacco. The order has been accepted conditionally. The order is based on a six months' accommodation, with security offered by the German government and the money deposited in a German bank. The order was secured through the company's Holland agency. It has been accepted by cablegram.

British Theiving Increases Since War
 London, July 17.—Theiving has increased immeasurably throughout England since the end of hostilities, and has taken on many novel forms. Recently, two large oil paintings were stolen from the wall of a country house in Sevenoaks, a Surrey village. The owner had invited a distinguished party to view the pictures, but when they entered the temporary gallery there were no pictures. One picture was a half length portrait of Queen Elizabeth painted in 1600, and the other of a man filling his pipe, also a large canvas.

MARKETS FOR RAW MATERIALS
 Omsk, July 17.—The Ministry of Supply called a conference for the solution of the problems regarding markets for raw materials. Aside from the representatives of the ministry, representatives of the industrial and commercial organizations and also of the co-operative societies participated in the conference.
