

RIOTS AT END WITH DEATH LIST OF 32

State Troops in Full Control of Chicago Situation; More Than 500 Injured

Chicago, Aug. 1.—With State troops in full control of the "Black Belt" of Chicago, the rioting that terrorized that section for four nights was pronounced by State and city officials "at an end" today. The total dead since the riot at the Twenty-ninth street bathing beach on Sunday, the inception of the race riot, which resulted in the drowning of a negro lad, is thirty-two (eighteen negroes and fourteen whites). The total of the injured

has not been officially tabulated, but is known to be more than 500, as many slightly hurt went to their homes without reporting to the police. Adjutant General Dickson said today that the situation was well in hand and that while the embers of race hatred were doubtless still smoldering, he feared no further outbreak. However, field commanders of the 6,000 State troops in the riot zone were under orders not to relax their vigilance and to act promptly and decisively at the first information of a renewal of the outbreaks.

Few Shots Fired

During the night several calls were made for troops at points within the zone and in some instances shots were fired, but quick responses to the summons led to suppression of the altercation. Gradually the disposition of the soldiers throughout the area led to its complete investment, the men being stationed in vacant buildings, halls and such other places as were available for housing of soldiers. The night developed no serious disorders.

Leading negro residents have started the work of reconstruction. A circular issued by them is being distributed by thousands. It reads: "Attention! Law-abiding citizens. The rioting is over, so go back to work and help the police keep the situation in hand by not congregating on the streets. Avoid all remarks. Obey the police orders."

Don't Spoil a Good Meal With a Bad Stomach

And when you are offered Mi-o-na stomach tablets, made from a prescription better than many of the stomach specialists know how to write, are you going to be narrow minded and continue to suffer from indigestion, or are you going to be fair to yourself and try Mi-o-na on the money back agreement. Mi-o-na stomach tablets are offered to you on this basis, that if they do not put your stomach into such good shape that there is no dizziness, sour stomach, biliousness, sick headache, and stomach distress, your money will be returned. Manufacturers Deplore Shoe Situation, Which They Say Is Unwarranted

Boston, August 1.—The National Boot and Shoe Manufacturers' Association has issued the following statement as the result of a meeting recently held in New York which was attended by shoe manufacturers of various parts of the country: "The shoe manufacturers of the United States deplore the unprecedented advances which have taken place in hides, leather, and shoes during the last six months, and each one of us should do his utmost to curb and check the advancing market, and discourage all paying of a speculative character, both among manufacturers and merchants. The present prices of raw material are nearly double the price current six months ago, are wholly beyond what time or any other experience, and have now made necessary prices for shoes far above any with which the trade is yet acquainted. We know nothing which can quickly relieve the present temporary scarcity of materials or bring about lower prices for shoes for the coming fall trade. Shoes sold in the spring of 1918, are bringing still higher prices, based on the present market. These are both excessive far beyond any past experience."

ASK OVERTHROW OF BELA KUN

Americans in Vienna See in Forcible Expulsion Only Way to Be Rid of Him

Vienna, Wednesday, July 30.—Unless the Allies assume the definite policy of forcibly expelling Bela Kun, the communist leader, Americans here who are informed as to the situation believe he will continue as dictator for weeks or months, according to his own will. The Allied representatives here have done all in their power in an attempt to reason with Bela Kun and to induce him to give his undivided attention to the national chairman, rather than those of a few minority communist leaders. They have had various conferences between General Boehm, the Hungarian war minister, Magoston, the Hungarian prime minister, and other reliable Socialist in an attempt to evolve a reasonable plan, but so far Bela Kun continues to parley without accomplishing anything. Bela Kun is said to feel that his position is stronger because of the new harvest coming in which gives the Soviet more food, especially as thousands of Hungarians continue to flee, thus making fewer mouths to feed.

Burglaries Continue With Martin in Jail

Thieves entering an open window of the residence of Davis Thomas, 2212 Green street, yesterday morning, stole a gold watch and chain valued at \$60. The first floor was thoroughly ransacked but the search of the intruder ended there, according to the report received by police officials last evening. Police are inclined to believe that the burglar in this instance may have been an accomplice of James Bruce Martin, who is now being held on six charges of similar thefts. This man may have been used largely as a "fence" by Martin, but it has been reported that in several instances a man resembling Martin and a second colored man had been seen prowling about. Martin was held under \$1,000 bail in each of two cases yesterday.

COTTON MARKET WILD

New York, Aug. 1.—Cotton traders, surprised by the government's condition report of 67.1, a dramatic decline from last month, indulged today in feverish buying, prices for October reaching 34.55, an advance of 200 points or \$10 a bale from the lowest shortly after 11 a. m. From publication of the report from Washington prices immediately jumped 110 points, or more than \$5 a bale. Buying orders came in from all quarters and continued to the top notch. Further advance than the highest price reached was checked by the exchange ruling limiting advances or declines in one day to 200 points.

Ford's Counsel Tries to Offset Stevenson's Views

Mount Clemens, Mich., Aug. 1.—Alfred Lucking, counsel for Henry Ford in the manufacturer's \$1,000,000 libel suit against the Chicago Tribune, endeavored yesterday to offset the action of Elliott G. Stevenson yesterday in quoting from the writings of Emma Goldman and statements attributed to Mr. Ford with the purpose of establishing an identity of anarchistic views and ideas between them. Mr. Lucking declared that everything Emma Goldman wrote and said was anarchistic. He said that many of her published expressions might be placed in parallel column with those of Henry Ford without convicting the latter of opposing government.
