

There Is No Mileage Limit in the United States Tire Guarantee

The unlimited mileage guarantee, on which 'Royal Cord' Tires have been sold since their introduction four years ago, proved so popular, that it was extended to cover the remaining tires in the line—'Nobby', 'Chain', 'Usco' and 'Plain' fabric passenger tires, and also 'Nobby Cord' pneumatic and solid tires for trucks.

All United States Tires are guaranteed to be free from imperfections in material and workmanship during their entire life—*regardless of mileage run*. Their performance is not limited to any specific mileage.

United States Tires are sold purely on a quality basis—as the longest mileage tires that the present art of tire manufacture makes possible.

That is why, even with its constantly enlarging capacity, the United States Tire Company is unable to keep pace with the growing demand for its tires.

Compared to the millions of United States Tires sold so few are returned for adjustment that the adjustment problem insofar as it concerns users of United States Tires, has become one of minor importance.

If, at any time during its life, any United States Tire proves defective, its owner is entitled to a fair and square adjustment—an adjustment that is backed by the good faith of the oldest and largest rubber manufacturing company in the world.
