Women Who Served in War to Get Buttons

A recent announcement from national headquarters of the American Legion will be of great interest to Harrisburg women who were in the service of their country during the war and have joined the local post 27 of the organization. The announcement refers to the buttons which are to be issued to all members of the Legion and says in part: "Membership pins to be worn by women veterans of the Great War who are eligible to the American Legion and have organized local posts will soon be issued. The announcement was made by the National Headquarters, 19 West Fourth-street, New York city, that these pins will be of the same design as the membership button, three-quarters of an inch in diameter. The pin consists of a central small replica of the regulation bronze five pointed star charge button issued by the War Department, surrounded by a narrow circular band of blue enamel containing the word 'AMERICAN' in gold letters, with a fluted gold edge.

Reports from State branches to the National Headquarters indicate that the formation of posts among women regularly enlisted or commissioned in the service is progressing rapidly.

No local posts of women exclusively has been formed as yet but if there are sufficient women in their own right in the service and are desirous of forming a post of their own, they may secure particulars from the temporary headquarters of the American Legion at the War Community Session on Market street beside the Kunkel building.

ARE YOU Suffering from CATARRH? For quick relief, The MAN-HEIL Inhaler. Demonstration at Gorgas' Pharmacy, 16 North Third street.—Adv.

HOW I REGAINED MY HEALTH, STRENGTH, VIGOR AND ENDURANCE

By M. F. PRATT

I was a thin, weak, discouraged, nervous wreck; could not sleep nights and was unable to apply myself to my work in the day. I was blind and hopeless as it's possible for a man to be and still keep going. I had tried nearly everything and didn't believe anything could help me; when one day an eminent chemist told me that a French scientist had discovered a really wonderful product which when taken in the system was believed to be actually converted into living nerve tissue. At his suggestion I obtained some of this remarkable product and combined it with a peculiarly digestible form of iron which he said would enrich my blood and give me strength and energy. I had this made up into 5 grain tablets and took one with each meal. The result was really astonishing. In a short time I was sleeping better than I had for years, although, previously I had rarely enjoyed a good night's sleep. Instead of dreading my work it became a pleasure. My strength, energy and endurance were more than doubled, and life again became worth living.

After consulting many physicians and specialists I became convinced that there are thousands, yes, millions, of men and women suffering as I once suffered, who could regain their health, strength, energy and enjoyment of life, if only they would give them the chance. I arranged with Geo. A. Gorgas and other leading druggists to help me in the distribution. I call these little tablets Blood-Iron Phosphate because they build up the nerves and enrich the blood. They are put up in small packages containing enough for three weeks' treatment and are supplied on the understanding that they are to cost nothing if they fail to help.

Just deposit \$1.50 with Geo. A. Gorgas, or any other druggist and get a three weeks' treatment. If it doesn't help you you can have your money back for the asking.

Blood-Iron Phosphate restored my strength, energy and endurance and added over twenty pounds of solid, stay-there flesh to my weight; and I believe it will do the same for any man, woman or child who is suffering from weakness, nervous, discouraged or woman whose trouble is due to weak nerves or poor blood. Try it and see. Remember, costing nothing if it fails and the druggist of whom you buy it is authorized to refund the money if you want it.
