### THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May Be Passed in Safety and Comfort

Fremont, O.—"I was passing through the critical period of life being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work."

Such annoying symptoms as heat flashes, nervousness, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

### REMEMBER HOW NATURE'S HERBS KEPT YOU WELL?

Famous American Home Remedies Can Still Be Had by Sufferers Here

Do you remember the days when you wandered in fields and woods, helping mother or grandmother gather roots, herbs, bark, and berries—the Nature medicines that were so carefully put away for future needs?

Thousands upon thousands of American families were raised to healthy manhood and womanhood with these Nature products that were handed down by our Pilgrim forefathers.

Men and women who suffer from stomach, liver or kidney trouble, constipation, nervousness and weakness, should begin this Natonek Nature treatment at once.

Natonek is especially recommended in Harrisburg by the Gorgas Drug Co., 16 North Third street, and is sold by leading druggists everywhere.

### Second Conference Between the Actors and Managers Today

By Associated Press.  
New York, Aug. 20.—Representatives of the Actors' Equity Association and the Producing Managers' Protective Association met yesterday for the first time since the actors' strike began in a conference called by playwrights for a "frank and friendly discussion" of their differences.

Recognition of the Equity Association was found to be virtually the only obstacle in the way of a settlement, it was announced. Equity representatives denying vigorously that a "closed shop" was demanded by the union. A second conference will be held.

Let Us Show You How to Stop Winding Bobbins With An Eldredge Two-Spool Sewing Machine

"Old Dobbin" was a very useful horse in his day, but he had to side-step for more advanced methods. So the old Bobbin on a sewing machine, with due regard for its years of good service, is eventually superseded by more simplified methods.

What's the use of sewing with only 50 yards of thread when you may as well continue with 200 yards? Why stop to wind bobbins four times, when it's easier to slip in two ordinary spools of thread and save that time and annoyance? It's perfectly simple. Permit us to show you, during the

Special Demonstration Thursday Morning Friday and Saturday August 21, 22, 23

A. C. Keene, Factory Expert, Will Conduct the Demonstration. Souvenirs to Ladies.

You sew direct from two spools of thread. The spool fits in the spool case, which answers the purpose of a shuttle, while the other is placed on the spool pin as usual. You will not be annoyed by the lower thread running out unexpectedly in the middle of a seam. The amount of thread on the lower spool is indicated by the condition of the upper spool.

The Automatic Tension is a genuine time saver. It produces a perfect stitch without adjustment on all classes of work. It saves the time necessary in changing tensions on ordinary machine. This innovation in Sewing Machines—this triumph of the Twentieth Century—is uniquely simple. It is easy to understand and easy to operate.

In easy running qualities, in the wide range of work possible and in the points of perfect sewing and durability, the Eldredge Two Spool is pre-eminent.

The Eldredge Rotary, The Eldredge Special, The Vindex, and the Bowman Special all machines of real merit will also be demonstrated by an efficient factory expert. These machines are all fully guaranteed, all are drop heads, easy running and
