Some People Are Born Good-Looking
Others Acquire Good Looks
By Being Well Dressed

And Mark Tapley would say that there was more credit in making oneself good looking than in being born that way.

We were never better ready than now to help our customers to good looks, good style, good taste and everything else that is good in apparel.

The time when possession of the new things is most gratifying to oneself and most impressive to one's friends is JUST A LITTLE BEFORE EVERYBODY ELSE HAS THEM.

We have gathered many advance collections of Wear-Things, to have them ready for people who want to be first, and we are sure you'll enjoy seeing them at the earliest opportunity.

Fall Supply of Notions
