

French and Italian Exchange at Low Rate

By Associated Press. New York, Sept. 16.—Utter demoralization prevailed in the foreign exchange market to-day on the further collapse of French and Italian remittances.

Paris checks fell to a fraction over nine francs to the American dollar and lire were quoted at 10.17 to the dollar, the latter representing a depreciation of virtually forty per cent.

Bills on Germany and Austria also were offered at new discounts and the London rate fell to a level not much above its minimum of a few weeks ago.

Sherman Brands Wilson Crowned Monarch of Quitters Without Rival

By Associated Press. Washington, Sept. 16.—Senator Sherman, Republican, Illinois, attacking the League of Nations in the Senate to-day, declared if the League Covenant were ratified as drafted, American mothers "will but cradle their sons to fill the muster rolls of armies to give their lives in foreign wars."

Repeating to attacks by President Wilson on Senators opposing the League, "where we must choose between the President himself is the crowned monarch of quitters without a rival in the western hemisphere," and that "his silence and speed when escaping from his imperishable principles of yesterday is abysmal and swift and primal chaos."

"We have now reached that crisis," said Senator Sherman in the course of a lengthy and spirited address, "where we must choose between exhausting ourselves to make the old world safe for some of its nations and making the United States safe for the American people."

Suggesting that President Wilson is inclined to seek a third term, Senator Sherman declared: "The President's second hegira from the Capitol is the threshold of that candidacy. He has announced the League and Treaty are greater than our Government. He is ready to die for it. Never in his most exalted heights has he been ready to die for our Government. A third term he puts by again and again."

But each time is gentler than the other. To save the greatest document in the world's history, no sacrifice will be refused. A third term on an issue of subordinating our Government to the League is as little as an internationalist patriot can offer to the world. Who would not hear voices in the air on such a proposal?

proposal. The gravity of such a service will justify him in doing anything. The issue is joined now."

By the Shanghai agreement, Senator Sherman said, "an ancient and friendly nation was to be dismembered," and because of the Fiume controversy Italy's good will lost.

"All must pass under the yoke of his epithets who will not respond to his flight into the dim world of Wilsonian dreams," Mr. Sherman declared in again turning to President Wilson. "And from this cavern of counterfeit moralities and cockloft of scholastic gabble he has the sublime assurance to asperse Senators who refuse to abase themselves before the tottering throne of the chief rhetorician, whose metaphysical thunder no longer inspires either respect or fear."

Today's Aid to Beauty

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair; that dissolves and entirely removes all dandruff, excess oil and dirt; can easily be used at trifling expense by simply dissolving a teaspoonful of canthrox (which you can get at any drugstore) in a cup of hot water.

Joseph E. Rhoads, Soldier and Businessman, Dies

Joseph E. Rhoads died yesterday at his home, 1201 North Second street. Mr. Rhoads, who was one of the oldest businessmen in the city, had been engaged in the coal, wood and building supplies trade for a number of years.

Mr. Rhoads enlisted in Captain F. Asbury's company of Volunteers under command of Colonel William W. Jennings. After the muster out of the One Hundred and Twenty-Seventh Regiment Pennsylvania Volunteers, he was assigned to the service in the Civil War and in 1871, in the organization of the City Grays, he was made first lieutenant of that body and served under Captain Thomas F. Maloney for many years.

undamaged by the storm were being used to-night to recover them. The city is without drinking water. There were no lights or gas last night and the food supply was insufficient. Unless help reaches here to-day there will be serious suffering. It is feared.

Railroad Washed Away The railroad to the Caseway has been washed away, but the town can be reached from the west. Word was received to-night that a train is coming north from St. Louis, Brownsville and Mexico. It was believed supplies could be sent from Laredo.

The entire North Beach residential section of the city has been swept clean, except the Spohn Sanitarium, the United States Public Health Service Hospital, which was occupied by 37 soldiers sent here for treatment, and one frame dwelling house.

The damage was caused mostly by the tidal wave driven in from the north by a gale estimated at from 65 to 70 miles an hour. The official record of the tide places it at 10 feet, 6 inches.

Call For Undertakers Houston, Tex., Sept. 16.—A message stating that the bodies of twenty-three persons who lost their lives in the gulf hurricane had been received at Portland, a small town seven miles from Corpus Christi and that others were being recovered, was received here from Kingsville, Tex., by Mayor A. H. Amerman.

The message asked that undertakers be sent to Portland to assist in burying the dead. Three local undertakers immediately left here for Portland.

A telephone message was received here from Beville stating that 120 bodies had been found on a roof eight miles from Portland, near White Point. Most of the dead, the message said, had been recognized as residents of Corpus Christi.

Governor W. P. Hobby dispatched three Texas Rangers to Corpus Christi with instructions to get into the town and send back a report on conditions there.

The Adjutant General's Department says that a military guard will be rushed to Corpus Christi if the Rangers report that one is needed.

Following this action the Governor began the organization of a State Relief Committee.
