

Arrest Hotelmen For Selling Whisky Contrary to Law

Scranton, Pa., Oct. 9.—Federal agents swooped down on seventeen hotelkeepers in this city and nine in Pittston yesterday, causing their arrest on charges of having sold whisky in violation of the prohibition law. All will be held for Federal court which opens here next week. Many prominent hotelmen were caught in the dragnet and it is said that warrants will be issued for several others.

Big Wage Increases Noted in Germany

Berlin, Oct. 9.—The average daily wage of men has increased 241 per cent and of women 263 per cent since 1914, according to the Imperial Workers Gazette. The greatest increase was in the electrical industry.

BIG CORN CROP IS BEING HARVESTED

Yield of 2,900,511,000 Bushels Forecast of Agricultural Department

Washington, Oct. 9.—The country's enormous corn crop has "run unharmed the gauntlet of dangers that faced it during the doubtful days and nights of September, and days in to the lap of mallow October. 43,000,000 bushels more of ripened ears than it could promise at the beginning of that month" the Department of Agriculture commented in issuing the October crop report forecasting a yield of 2,900,511,000 bushels. Practically all of the crop has, or will, mature without frost damage, assuring high feeding value. Husking and cribbing has begun.

Blight, scab and black rust, together with minor ills, brought the good early prospects for spring wheat in the north-central producing section down until the reckoning now shows almost 5,000,000 bushel less than forecast a month ago, the total crop being placed at 292,170,000 bushels. Early showed an increase of more than 3,000,000 bushels, while potatoes, buckwheat 302,000 bushels, apples 3,479,000 bushels and beans 1,327,000 bushels. Reduced forecasts were given for oats with a yield lessened by 5,204,000 bushels; sweet potatoes with a decrease of 907,000 bushels and tobacco with 950,000 pounds.

SHIFTING OF LABOR NEW STEEL PROBLEM

Many Unskilled Workers Are Leaving the Country as Result of Strike; Market For Some Months Expected to Be long to the Seller; Producers Will Hold Down Prices

New York, Oct. 9.—Declaring that the back bone of the steel strike is broken, the Iron Age to-day says chief interest is centered in conditions which the industry now faces. Return to normal operations will be slow, it says, and with the shifting of labor that has been going on and aggravated losses by emigration, the market for some months will definitely belong to the seller. It then declares: "Large producers are expected to hold down prices. Increasing demand is developing for next year's needs, but little success is had in securing bookings. Premiums are freely offered for prompt shipment. No cancellations have been received even by mills totally idle and the strike shut-down will force considerable 1919 business into 1920.

"Pig iron production in September, 2,441,554 tons, while 301,334 tons less than that of the thirty-one-day month of August, was larger than July's output of 2,428,541 tons. The daily average make was 81,385, 83,496 and 78,340 tons for September, August and July, respectively. The effect of the strike is shown in a net loss of 103 furnaces on the active list. Most of them were hunked as October came in, but many are now in operation. Against a rated capacity of 93,360 tons daily for the 265 furnaces active September 1, the rate of production of the 162 furnaces in blast on October 1 was only 50,100 tons, indicating to how large an extent the larger furnaces were crippled.

"Activity in foreign iron stands out in the week. Southern prices at the new level of \$28 are strong and elsewhere \$2 and \$3 per ton pre-emptive has been paid for early shipment. "Railroad inquiries for rails for next year indicate preparation for the expected revision to private ownership.

"In view of the sustained heavy demand, it is encouraging that Pittsburgh sheet mills are operating at seventy per cent of capacity.

"As high as 2.70c, Pittsburgh has been paid for early shipments of steel bars and western buyers of plates have offered eastern mills the equivalent of 2.80c, Pittsburgh.

"Iron and steel exports for August were 25 per cent greater in value than those of July and the tonnage, 396,696 tons, is 38 per cent above that of July. August's machinery exports reflected an increased valuation of \$4,000,000 over those of July. "American prices on machine tools for a French car works totaled 1,100,000 francs while the German total was 450,000 francs. The French government on consultation told the buyers they were justified in going to Germany."

SEES MONEY IN "DRY" HOTELS

Lancaster Man Thinks Prohibition Should Not Lower Profits

Philadelphia, Oct. 9.—Prohibition and its effect on the hotel business was discussed yesterday by a number of speakers before the Pennsylvania State Hotel Association in annual convention here.

Louis Lukes, of Lancaster, president of the association, urged the delegates to take an optimistic view of the prohibition question, declaring that "dry" conditions should not affect profitable hotel operation.

The institution of training schools for hotel employes was advocated by A. Conrad Ekholm, of Atlantic City. He said this would provide better hotel employes and "combat the radical tendencies now existing among the help."

KELLY WOULD OUST ALIENS

Local Congressman Champions Bill For Deportation of Slackers

Representative M. Clyde Kelly, of Pittsburgh, has introduced in the House at Washington a bill providing for the deportation of all aliens who withdrew their declarations of intention to become citizens for the purpose of avoiding military service during the war. These alien slackers Mr. Kelly wants sent back to their homes and denied the privileges of this government.

The bill also provides that hereafter all aliens arriving in the United States shall declare their intention of becoming a citizen of this country and that they will learn the English language, become acquainted with the form of government and its institutions and obey the laws. If they fail to avail themselves of citizenship within a year after the time limit, they will be deported. In explanation of his bill Mr. Kelly made the following statement:

"It is officially reported that there are 210,000 aliens who had declared their intention to become citizens of the United States and who announced their intention in order to escape military service during the war.

"These 210,000 men of draft age declared they were aliens, outsiders. I am in favor of taking them at their word and accepting their choice. They should be sent outside the United States at once.

"My bill provides for immediate deportation of these slackers and its enactment will lift out bodily 210,000 miserable duty-dodgers and send them back to the lands from which they came. Such action should be taken at once. But still more is necessary. The war showed us the importance of having unity in America, one Nation, one people, one flag."

POLICE HALT REDS' PARADE

Charge Into Mob of Radicals on Fifth Avenue, New York

New York, Oct. 9.—Heads were broken in Fifth avenue yesterday when mounted police charged a mob of several thousand radicals who attempted to parade up the avenue without a permit. Banners, which bore a number of incendiary slogans, were confiscated by the police and half filled a patrol wagon. A number of arrests were made. The police said the parade was organized by a Russian newspaper published here, entitled Novi Mir. Devices on the banners read: "Bloody Hounds of Russia!" "Deport Us All to the Soviets!" "You Want to Give Us Democracy But Keep It to Yourselves!" and "Open the Jails!"

The riot started after the procession had gone only two or three blocks. Refusing the request of a policeman to see their permit for the parade, the officer was forced to call for aid and before the melee ended the services of a score of mounted policemen and fifty reserves were required. The mounted officers charged into the crowd and 100 or more of the paraders were injured. Four men and a young woman, all of them aliens, were taken to police headquarters from the headquarters of the Russian Soviet bureau by detectives from the "bomb squad." Considerable radical literature was found on them, but they were not placed under arrest. The police detained them pending an opinion from the District Attorney's office as to whether they could be held for distributing Bolshevist literature. A fifth man, who gave his name as Anthony Tonesleski, was arrested by detectives later as one of the ringleaders.

\$10,000 IN LIBERTY BONDS STOLEN FROM NAVAL HOME

Philadelphia, Oct. 9.—Ten thousand dollars in Liberty Bonds, the savings of naval veterans, were stolen from a safe at the United States Naval Home in this city Tuesday night. Discovery of the theft was made yesterday and, according to the authorities, it was perpetrated by some one familiar with the place. The key to the safe was found locked inside.

A Hotel Famous For Its Cooking

The Commonwealth Hotel that was known from coast to coast for its excellence in cuisine is but a memory. In its time it entertained great men from all the walks of life. And many notables left Harrisburg with a pleasant and lasting memory of the delicious dishes prepared by a master chef. Mr. Bernard De Woretser was head of the Commonwealth kitchen for twenty years, and it was his delight to be called to the table in person and complimented by epicures and men of national fame on his savory sauces and excellently seasoned creations. Mr. Woretser is now chef of the Cafeteria and the same care enters into the preparation of all of our dishes.

At Midnight Tonight - The PYRODENTIO CREME TOOTH PASTE Opinion Contest will come to a close. After the hands of the big old clock on the "Telegraph" Building have pointed to twelve to-night, your last opportunity to share in the \$100 cash awards will have passed! After that time no more letters will be considered. In spite of the generous and overwhelming response to our announcement in last Wednesday's "Telegraph," we feel that, perhaps, some good folks have waited until the last moment to send in their opinions of PYRODENTIO TOOTH PASTE to us. Don't delay any longer!—This is our final "reminder." The work of the judges will begin bright and early to-morrow morning. We hope to have it completed as soon after that as possible, and, yet, it cannot be done hastily—that would be unfair to you. We beg your indulgence! Remember, we are quite as anxious to announce the successful contestants as you must be to hear their names. Perhaps we shall be able before the week is o'er! Thank you. The Pyro Chemical Co. Baltimore, Md.
