

EDITORS THREATEN STRIKE
 Barcelona, Tuesday, Oct. 21. — A strike by editors of the Barcelona newspapers is threatened. Proprietors of some of the newspapers have refused the editors' demands and the writers affected are threatening a walkout.

CUTICURA HEALS ITCHING PIMPLES
 On Face. Turned Into Red Blotches. Were Inflamed.

"Fine pimples with white heads began on my face near my nose, and they went down the side of my face. They then turned into red blotches. They were continually itching, and my face was red and inflamed."
 "Then I used Cuticura Soap and Ointment, and I used one box of Cuticura Ointment with the Soap when I was healed." (Signed) Mrs. D. Chipman, 2024 Columbia Ave., Philadelphia, Pa., Jan. 3, 1919.
 Rely on Cuticura Soap, Ointment and Talcum to care for your skin.
 Soap 25c, Ointment 25c and 50c, Talcum 25c. Sold throughout the world. For sample each free address: "Cuticura Laboratories, Dept. H, Malden, Mass."
 "Cuticura Soap shaves without mug."

Galen Hall in the Mountains
 WERNERSVILLE, PA.
 ANNOUNCEMENT
 HALLOWE'EN CELEBRATIONS
 this Year
 Saturday, Nov. 1—Monday, Nov. 3
 Howard K. Haines

The accompanying photograph shows the new home of the Scandall and Frederick Motor Car Company (formerly at 1807-09 North Seventh Street). The new building is located at 443 South Cameron street, and is very commodious, having two floors, and room for one hundred cars, both live and dead storage. Salesrooms and Service Stations will be conducted for the Templar Superline Small Car, and also for Rayfield Carburators. A full line of accessories will be carried and the repairing will be in charge of Charles Frederick and crew of first-class mechanics. A specialty will be made of high-class repair work, and also of car-washing.

Disorders Following Employment of Negro Strikebreakers in Mills

By Associated Press.
 Youngstown, O., Oct. 22. — Disorders due to the employment of negroes as strikebreakers, which broke out in several parts of the city late last night continued this morning. A number of white strikers were cut, one seriously, three others received minor bullet wounds, and a special policeman was badly beaten. All the injured were white.
 "The first clash came in Brier Hill last night when a crowd of strikers attempted to take a negro strikebreaker from a street car. Negroes within the Ohio works nearby came out in a body and a small riot ensued until police interfered.
 This morning fights broke out in Poland avenue near the sheet and tube plant and in West avenue, near the Ohio works when negroes, according to report drew revolvers and knives on pickets and strikers. Eighteen arrests have been made, seven of colored men, all armed. The whites were not armed.
 The Carnegie Steel Company started up another finishing mill this morning with more than enough men present to man it.
 Arbor Day will be observed on Friday. Increase your property value by planting trees.

FOR ITCHING TORTURE
 Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.
 Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.
 The E. W. Rose Co., Cleveland, O.

200,000 POLES TO GO HOME WHEN RELEASED

Warsaw, Oct. 22.—Poles who have just completed a pilgrimage of many months from the heart of Siberia to the newly-redeemed city of Minsk, have brought to American Red Cross headquarters in that city the news that at least 200,000 former war prisoners are waiting in Siberia for an opportune moment to return to Poland. Some placed the number at 500,000.
 According to the newly-returned refugees who were themselves Austrian prisoners of war, Western Siberia is full of homeless men claiming Polish nationality. The problem created in Poland by the returning prisoners and refugees is being regarded as properly entitled to missions only, and a minister plenipotentiary will be provided for each.
 The Turkish embassy also is due for reduction in rank, it was learned. Considering the small size of the country, which will remain under Turkish control, remnants may have to be content to share an American minister with Bulgaria and any lesser state that may remain in the Balkan, because it is yet uncertain how far the Peace Conference or the Entente powers which were at war with Turkey will go towards the total elimination of the Turkish empire.
 The Turkish embassy also is due for reduction in rank, it was learned. Considering the small size of the country, which will remain under Turkish control, remnants may have to be content to share an American minister with Bulgaria and any lesser state that may remain in the Balkan, because it is yet uncertain how far the Peace Conference or the Entente powers which were at war with Turkey will go towards the total elimination of the Turkish empire.

CONDITIONS IMPROVE
 Santos, Brazil, Oct. 22.—The strike situation here gives promise of speedy improvement. The dock services have become almost normal again, and there is expectation that the general strike will end to-morrow, with the newspapers reappearing and the railways, street cars and motor buses again in operation. The strike of the Santos City Company's employees, however, is continuing because of the refusal of the company to take back a majority of the workers. No disorders have been reported.

Plant trees. They cool the air in summer and radiate warmth in winter.

"FIDDLE-FIT"
 Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.
 Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.
 Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.
 A Cascaret to-night will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

"Charge of Embassy" Will Be Rank of First U. S. Diplomat to Germany

Washington, Oct. 22.—"Charge of embassy" will be the rank of the first American diplomatic representative to Germany after the ratification of the Peace Treaty, for not until sufficient time has elapsed to test the workings of the Treaty and the spirit in which the present government of Germany undertakes to carry out its provisions will the representative give place to a fully accredited ambassador.
 This plan, it was learned to-day, also will be followed by the Entente governments.
 There is no disposition, it was learned, to reduce the rank of the American diplomatic representative in Germany, which still remains one of the great nations of the world. But it is understood to be planned to make such a change in the case of Austria and Hungary. Separated as the two states are into two separate nations greatly reduced in size and importance, these countries will be regarded as properly entitled to missions only, and a minister plenipotentiary will be provided for each.
 The Turkish embassy also is due for reduction in rank, it was learned. Considering the small size of the country, which will remain under Turkish control, remnants may have to be content to share an American minister with Bulgaria and any lesser state that may remain in the Balkan, because it is yet uncertain how far the Peace Conference or the Entente powers which were at war with Turkey will go towards the total elimination of the Turkish empire.

Mineworkers Urge Closed Shop Policy
 Johnstown, Pa., Oct. 22.—A closed shop policy and an endorsement for the national movement for the organization of a labor party pledged to carry out, by legislation, labor's program, including nationalization of coal mines, are recommendations to be considered by District 2, United Mine Workers of America, which opened the second session of its biennial convention here to-day.
 John Brophy, president of the district, has recommended that the convention adopt the closed shop policy and go on record in favor of the new labor party. According to Mr. Brophy, who is in charge of the convention, every local union in District No. 2 will carry out the strike order for bituminous miners November 1, unless an agreement is reached by that date between operators and the union.

Would Educate People Against Radical Doctrines
 St. Louis, Oct. 22.—An intensive campaign to educate the masses against radical doctrines was advocated by speakers at the convention of the Investment Bankers' Association of America to-day.
 "The present industrial unrest is on a world-wide scale because of the quick means of communication," said Lawrence Chamberlain, of New York, chairman of the Education Committee, "and there is no reason why we can not use these same means of communication to teach the people the violence of radical doctrines being disseminated."
 Mr. Chamberlain said industrial unrest was an aftermath of war and predicted the situation would readjust itself as soon as conditions became normal.

Lenses Are Approved by Highway Department
 Announcement has been made by the State Highway Department that the following automobile lenses have been approved: Holophane Lens, McKee Clear, McKee Amberoid, Mac-Kno Glare Lens, Violet Ray Lens, Pull Ray Deflectors, Kodap Lens, Primolite, Liberty Lens, Macbeth Lens, Conaphore Clear "B," Conaphore Noviol "B," Conaphore Clear "P," Conaphore No. "B," Culver Radio, Raydex (Retest), Warner Lens, E. & S. Non Glaring, and Clamert Lenses. A chart has been issued by the Highway Department showing the maximum candlepower allowable with Beam - Horizontal, Beam Tilted, and for coil filament vacuum lamps and V filament gas filled or nitrogen lamps.

Demands Germany to Give Up Five Ships "Without Further Delay"
 Washington, Oct. 22.—Demand is made on Germany by the Supreme War Council, in a note the text of which was made public last night by the State Department for delivery forthwith of five former German vessels, which have not been turned over under the Treaty on the pretext that the ships having been sold in 1915 and 1916 by the Hamburg American line and Kosmos line to Dutch shipping companies were correctly not German but Dutch ships. The council's demands include delivery of the ships in the Firth of Forth "without further delay."

Middletown
 The body of the late Thomas Bolton, who died at his late home in Harrisburg, was brought here yesterday morning, where burial was made in the Catholic Cemetery.
 Mrs. T. M. Yost, of North Union street, entertained the Jinney Girls' Club at her home, in honor of her nephew, Clyde Cobough, of Philadelphia.
 Miss Myrtle Meneer, 15-year-old daughter of Mr. and Mrs. Daniel Meneer, of South Union street, was taken before Squire W. J. Kennard, yesterday morning, charged with incorrigibility by her mother. She was taken to the district court, known by Chief of Police Houser, to await a trial at the juvenile term of court.
 At a recent meeting of the stockholders of the United Market Company it was voted to liquidate the company.
 Mrs. Jennie Stock, who purchased the Shellenberger block, corner Pine and Emaus streets, some time ago, has sold the same to the Singer Department store.

TEACHERS END STRIKE
 Panama, Oct. 22.—After a two-day strike the school teachers of Panama resumed the schools. The government has promised to readjust salaries of the teachers at the next meeting of the Assembly.

CAPTAIN FRANK OUT OF GAME

Tech Leader May Not Play Until the Greensburg Battle
 Captain "Haps" Frank was unable to attend to his studies as yet this week, but by to-morrow he hopes to hobble to school, so as to keep up with his work in spite of the ligaments that have been torn. According to his physician, he will be unable to play until the Greensburg contest at the very earliest. Following the Mercersburg contest, Wilmington, Delaware, High School and then Bethlehem Prep will come to the Island.
 The following week will be the Gettysburg-Bucknell battle in this city, and at the same time Tech will travel to Greensburg. It is then that Captain Frank hopes to be able to battle against the big Brown team from Westmoreland county.
 The Tech High School squad will leave Harrisburg Saturday morning at 7.45, and will return to this city at 6.20. The contest is scheduled to begin at 1.30, and many of the "studs" will go by auto over the Rock Bottom road.
 It is not known what Coach Smith will do to groom the squad for the contest, to mate off with "Snaps" Emanuel. To take Frank's place, Coach Smith will have to groom either Edinger, Pleam, Ellinger or Cover. Then, too, Books may be placed in the backfield with Wilsbach, Lingie and Beck. This would leave Garrett to be brought up on the line. He was a center last season.
 Strong Offense
 The best defense a team can have is its offense. Tech undoubtedly has the best offense in the country, for no other team in this vicinity has rolled up more than 300 points, as has the local steam roller. No other contest in the history of Tech has aroused so much interest as has the Mercersburg game, Saturday. To win means that Tech will have an undefeated season, for it is not figured that any other team on the schedule can hope to win from the Tech squad.
 Members of the athletic association are guessing as to the probable outcome of the battle. Forry's haberdashery offers a ten-dollar sweater to the student who guesses nearest to the total number of points scored by the two teams. The cheer leaders will make the trip by auto and lead the cheering.

LUTHERANS WANT MISSIONS
 Paris, Oct. 22.—The Lutheran Council, this morning received a request from the National Lutheran Council of America asking that it be substituted for the Protestant missions in the former German colonies, the suppression of which is provided for by the Treaty of Versailles. No decision was reached by the Council as to the request.

Rotary Club to Be Represented at Tree Planting on Friday

Appointment of a committee of ten members of the Harrisburg Rotary Club was announced to-day to represent the club at the Arbor Day exercises at Reservoir Park Friday afternoon when a memorial grove of evergreens will be planted in honor of Harrisburg service men who died during the war. The committee is made up largely of Rotarians who were officers during the war, and is as follows:
 Colonel James B. Kemper, chairman; Lieutenant Colonel John S. Spicer, Lieutenant Colonel L. V. Rausch, Captain Harry C. Kaler, Lieutenant Horace G. Geisel, Dr. William C. Miller and Dr. G. A. Zimmerman, of the medical service; Theodore F. Carey, I. B. Dickinson and Arthur H. Hall.

Verdun Is Given War Cross as Additional Honor
 Paris, Oct. 22.—When the city of Verdun was awarded the Cross of the Legion of Honor in 1916, the decoration was not accompanied by the French War Cross, Premier Clemenceau, however, complimented the recognition of the glorious role played by the fortress by the following mentioned to-day in general army orders, which carries with it the award of the War Cross:
 "Verdun, a fortress keenly desired by the enemy, victoriously resisted powerful and repeated efforts by assaults and supported valiantly the loss and ruin caused by a bombardment unprecedented in history. Her inviolate rampart is the symbol of the resistance of France."

Trees create love of country, state, city and home. Be patriotic, plant trees.

For Five Years Could Not Eat A Meal Without Distress
 Exposure on Farm Broke Down His Health Now a Well Man
 The experience of Mr. W. J. Temple, 300 W. Lincoln Ave., Delaware, Ohio, may be identical with your own. He writes: "I am a farmer and so must be exposed to all kinds of weather. I was taken sick with bowel and stomach trouble. One doctor called it ulceration of the bowels, another colitis. Then a druggist recommended PE-RU-NA to me.
 I took altogether five bottles and consider myself a well man. Formerly, it was impossible for me to do a day's work, but now farm work does not trouble or fatigue me. I consider PE-RU-NA the best medicine and tonic on the market. Until I took PE-RU-NA, I had not eaten a meal for five years without distress. The lapse of time strengthens my admiration for PE-RU-NA, especially for catarrh and colds. I have recommended PE-RU-NA to several friends with good results."
 Every farm family has its medicine cabinet and in almost every one will be found a bottle of Dr. Hartman's famous remedy, PE-RU-NA. For coughs, colds and catarrh it is invaluable. PE-RU-NA will ward off the grip and Spanish Flu and hasten one's recovery after an attack. Indigestion, sour stomach, belching gas, constipation, pains in the back, side and joints, rheumatism, all indicate a catarrhal condition for which PE-RU-NA is the successful remedy.
 You can feel safe with a bottle of PE-RU-NA in the house. PE-RU-NA is sold everywhere in either tablet or liquid form.
