

Boy Scouts Outline Program For Fall

The fall program of the Boy Scouts of Harrisburg, was outlined at a meeting of scout deputies in the offices of Scout Commissioner William H. German, yesterday. A series of inspections is being planned to increase the efficiency of the individual troops. The inspections will be made during the fall and winter months. Deputy Commissioners present were Frank C. Foose, Dr. John H. Fager, M. V. Hazen, Robert H. Lyon, E. Fred Rowe, John P. Scott and John F. O'Neill.

Dentist's Recipe For Pyorrhoea, Bleeding Gums or Loose Teeth

If your teeth are loose or if your gums are receding and are sore, tender or inflamed, if they bleed easily, are spongy, flabby or colorless, and discharge pus, go to H. C. Kennerly or Geo. A. Gorgas and get a one-ounce jar of Epithol and gently rub a little over the gums with your finger tips each night and morning. This is a famous dentist's prescription for such serious gum diseases as Pyorrhoea or Riggs Disease which makes the teeth loose and fall out and usually brings prompt relief from all the dangerous symptoms. Loose teeth should tighten and gums grow sound and healthy in a short time. Epithol is easy and pleasant to use and not expensive. Anyone suffering from Pyorrhoea or Riggs Disease or Sore, Tender Gums should give this remedy a trial.

Without an Operation

Wonderful Healing of Rupture How a New Jersey Man Got Rid of a Severe, Obstinate, Right Inguinal Hernia Without the Slightest Trouble.

Below is a picture of Eugene M. Pullen, a well-known carpenter of Manasquan, New Jersey. If you could see him at his work, particularly when he handles heavy timber, jumps and climbs around like a youth, you would scarcely imagine that he had formerly been afflicted with a rupture.

Ruptured in Right Side At an early age, Eugene Pullen was an express driver and handled railroad baggage. One day after delivering a heavy trunk on an upper floor he felt a pain in the right groin. The suffering increased and it was not long before the young man noticed the swelling. The doctor told young Pullen that he was ruptured and that he must either wear a truss throughout life or submit to a drastic operation. All surgeons know that hernia operations, with anesthetics, etc., are dangerous; they may end fatally. Moreover, it is a well established fact that many rupture operations are not successful; the bowel soon breaks through the sewed-up opening and protrudes worse than ever.

Afraid of Operation Like most others, Mr. Pullen declined to take the risks of an operation; the expense and loss of time had to be considered, too. Hoping he might get a little better encouragement, he went to another physician who, to his sorrow, gave him even less hope. It was pointed out to the young man that unless the rupture were perfectly healed all the time, the surgeon's knife successfully used, he might expect an increase or doubling in the rupture with further complications, or the dreaded strangulated hernia which kills so many ruptured people.

Victim of Trusses The victim bought a truss, a hard, spring-like affair, the best he could get. It tortured him. He tried another—still no relief. He was compelled to give up his express business. The hard tasks of ordinary men were forbidden him. He became an insurance agent, in which position he did not need to do bodily work.

Discarded His Truss Belief came at once; he almost forgot that he had a rupture. Afterward came a cure—a complete healing—and, although years have passed and Mr. Pullen is an energetic carpenter, working on buildings, climbing over roofs, lifting lumber and such like, he is absolutely free from the old hernia. He knows he is completely, lastingly cured. There was no operation, no loss of time, no trouble—comfort and contentment from the very outset. He is a strong, cheerful-minded man.

Valuable Information Free The valuable information which Mrs. Pullen read in the newspaper many years ago and gave to her son, together with other important facts, will be sent free to any reader of this who writes to Eugene M. Pullen, 737 F. Marcellus avenue, Manasquan, N. J., enclosing a stamp for reply. Mention the kind of rupture you have, whether on right or left side and what you have already done in your effort to cure it. A legion of cases of all kinds of ruptures in men and women, including inguinal (groin), femoral, navel, scrotal, etc., have been reported completely healed. Age seems to make no difference.

LENOIR MEETS TRAITOR'S DEATH

Executed on Charges of Having Held Intelligence With the Enemy

Paris, Oct. 24.—Pierre Lenoir, convicted on charges of having held intelligence with the enemy, was executed at Sante Prison at 7 o'clock this morning. Pierre Lenoir was the third person to be executed on charges arising out of attempts made by German agents to conduct a "defeatist" campaign in France in 1915 and 1916. The others who met death as a result of revelations made against them were Revo Pasha, executed April 17, 1918, and M. Luvai, who faced the firing squad July 17, 1918. Both were directors of the Germanophile newspaper Bonnet Rouge.

Paid Out Large Sums Lenoir, who as a young man had led an idle and dissolute life, came into public notice early in 1918 when the arrest of Senator Humbert, owner of the Paris Journal, was followed by charges against several men who were alleged to have acted as agents of the Germans in buying the newspaper from M. Humbert. It was shown early in the investigation that Lenoir had paid M. Humbert large sums of money which he had received from Germans, and that Lenoir had received a commission of about \$200,000 for his work. The money handled by Lenoir came into France by the way of Switzerland, a German agent named Schoeller acting for Germany in that country.

Lenoir was doomed to death on May 8, 1919, and desperate but futile efforts were made to gain a commutation of his sentence. Lenoir was removed to Sante Prison after what appeared to be his last chance for life had vanished, but on September 19, last, when the firing squad was in position and all preparations for his execution had been made, his life was spared for a time in a most dramatic manner. His attorney asserted that Lenoir could give evidence wanted in the case of Joseph Caillaux, who was yesterday brought before the high court of the French Senate on a charge of "conspiring to bring about a premature and dishonorable peace with Germany." Lenoir was given a searching examination by judicial authorities, but subsequently it was announced that nothing he had said before the officials would justify a mitigation of the sentence of death passed upon him. An appeal to the Court of Revision was rejected on October 21.

Bastress Is Deposed as President of Mt. Carmel Bank

Mt. Carmel, Pa., Oct. 24.—John E. Bastress, promoter, banker and capitalist, who stands charged with embezzlement of \$20,000 of the funds of the Mt. Carmel Iron Works, was yesterday relieved of the presidency of the Guarantee Trust and Safe Deposit Company, a bank he had organized and presided over for 20 years. E. J. White, millinaire coal operator, was unanimously elected his successor. Bastress was present at the meeting of the stockholders at the banking house and before the election made a statement in which he asked that he be not considered as a candidate for the presidency or as a member of the board of directors. Immediately following the election of White, the accused former president of the institution left the bank.

Pearson Hops in 48 1/2 Hours

Washington, Oct. 24.—A new claimant to first honors in the transcontinental airplane derby appeared when the air service announced that Lieutenant Alexander Pearson, Jr., had established the lowest actual flying time between San Francisco and New York and return yet reported. Pearson's time was forty-eight hours, thirty-seven minutes and sixteen seconds for the round trip, practically ten hours less than that of Captain Lowell H. Smith or J. G. Donaldson and better than Lieutenant E. W. Maynard's record, even after subtracting the eighteen hours Maynard spent in replacing his motor.

Postmaster's Son Held in Mail Fraud

Lancaster, Pa., Oct. 24.—A hearing was held yesterday before United States Commissioner Howard J. Lowell, at which time a charge of tampering with the United States mails was preferred against Joseph Werz, Jr., son of Postmaster Werz of Washington borough. Earl was set at \$500 and the case was continued until the term of court opening December 3, in Philadelphia. Postmaster Werz claims that the charges against his son are a frame-up to oust him from office.

SAUERKRAUT AND "HOT DOGS" FOR WOODCHOPPERS

Brave Band to Fare Forth Into Wildwood's Wilds After Winter's Fuel

Sauerkraut and "hot dogs," to say nothing of rolls and coffee! If you can beat that menu by anything at all, there's no use in coming to the woodchopping at Wildwood tomorrow afternoon. But unless the committee in charge is very much mistaken, just the magic sound of "hot dogs" and sauerkraut should have half the city of Harrisburg out chopping wood. And after all, think of the exercise. Frank Musser, who is chief of the chopping team of the Rotary Club, said with confidence when interviewed last night that there was no doubt of another Rotary victory this year. He claimed that the team of last year was so far in the van that the others looked like his ex-Majesty in Holland.

Wood Is Ready The wood is ready, the axes are sharp the food is prepared, the trucks are ready to haul it away—all that remains is to see the brawny son of toil in action. And by the way, there will be some who remember the Sons of Rest, who contributed so largely to the building of the Penn-Harris. This morning their president said that the team would positively be on the ground to give advice and offer comment, provided suitable leaning places were arranged. Al. K. Thomas, who spent his earlier years as a lumberjack in the Canadian woods, has been unanimously selected as the captain of

THREE MORE GREEKS ARRESTED AT HOME

Three other residents of Greece who set out from here for a visit to Greece with James George, former motion picture operator, have been drafted for army service with George, because they had failed to perform the army service required of all Greeks. James Pagones, a naturalized citizen of this country, will be compelled to serve thirteen months, he being given credit for eleven months that he served with the American forces. Charles George, a brother, has also been impressed into service for a period, the length of which is not known. George and the fourth man, Gregory Contoginnis, are both over the age limit. They have been given three choices. Either they must serve in the army forty days, pay \$38 per month for 22-1-2 months, or pay a fine of from \$500 to \$1,000.

ARMED WITH "TRENCH GUNS"

Chicago, Oct. 24.—Federal troops at Gary, Ind., to-day patrolled with "trench guns" weapons of the sawed off shot gun type. They were thus equipped by order of Colonel W. S. Mapes, commanding the strike area under military control after he had received reports that the infantrymen had been stoned by strike sympathizers. Elsewhere in the district the industrial situation was reported generally unchanged.

ASTRICH'S 308 MARKET ST.

New Ready-to-Wear---

---of the Winter Needs ---of Individuality ---of Beauty, Style, Economy

DISTINCTION in fashion is usually synonymous with high prices. Not so at Astrich's, as a visit to this store will reveal. Here are the Suits, Dresses, Coats and Furs that justly deserve all the praise of higher priced merchandise, yet an outstanding feature is their modest prices.

A Remarkable Showing of Smart Fall and Winter Suits

BEFORE you do any more thinking about your Autumn Suit we suggest B that you see these Suits of ours. Here, indeed, are values! Models in highly fashionable, distinctive styles, reflecting all the new Fall fashion features, materials and colors, are offered at appreciably lesser prices.

Velour, Wool Poplin, Serge, Brown, Navy, Reindeer and Mixtures \$29.50 \$35.00 \$39.50

Handsome Tailored Suits--- Some Are Fur-Trimmed

THEY are faultlessly tailored of such materials as Heather Mixture, Melton, Oxford and French Velour. The little marks of distinction and finish usually found only in high-priced Suits are evident in them, for they were made to sell at a much higher price. All are silk-lined.
