

LICENSE RUSH NOW UNDER WAY

Demand For 1920 Automobile Tags Keeping the Division Ready; Blanks Not Ready

More applications for automobile license numbers have already been filed at the State Highway Department than ever known before at this season of the year at the automobile division. The blanks for the formal applications are now in the hands of the printer and will be distributed shortly, but that has not prevented hundreds and hundreds of applications being made on ordinary letter heads.

Most of the applications filed ask for special numbers, the great majority of them wishing re-issue of numbers now held or such numbers as accord with residential numbers, post office box numbers, lodge numbers and even regimental numbers, the latter being a new one.

In a decision handed down by the State Compensation Board, Frank Hallneki, Natrona, is ordered to appear before the State Board for examination by the board on the question which will benefit him. This unusual order was made in a claim against the Allegheny Steel Co., the charge being made that the claimant refused to undergo an operation as desired and that he has exaggerated results which might follow.

PIMPLES How to remove them

You'd give a lot to get rid of those distressing pimples, wouldn't you? For you know how troublesome they are—how they spoil your beauty, how often they prove embarrassing. Klearskin—a soothing cream, prepared by the physicians of the Klearskin Laboratories, proves effective in the treatment of pimples, blotches and other unsightly facial eruptions. This cream contains a medication of wonderful value—so wonderful that even a two-week treatment will demonstrate its merit. Klearskin is harmless, greaseless and of fresh color—does not show on the skin and will not promote hair growth on the face.

Have the way for better looks. Send \$1 for a large size jar of Klearskin and Dr. Russell's treatise—"Facial blemishes and their removal." If you will send your druggist's name and address, we will include a trial package of Intes-tone.

Kloister Laboratories Box 473 Ephrata, Pa.

and appeals dismissed in other cases. The State Commission on revision of the banking laws, which has been continued by legislative enactment, will resume meetings in Philadelphia on Friday.

Representative James A. Walker, of Philadelphia, was here yesterday. State Fish Warden William J. Aker and George Hawk have reported to Commissioner of Fisheries N. R. Buller that a gang of men catching trout by seining streams in State forests in Carbon county, have been arrested and fined \$100 each. This is the first arrest to be made this year. In some streams the State had been stocking the creeks with young trout.

The Commission for William B. Linn, appointed judge of the superior court, yesterday, to succeed the late J. Henry Williams, will be sent to the new judge at Philadelphia within a few days. He will take the oath of office shortly.

The newly enlisted state policemen will be sent immediately to the barracks at Lancaster and Pottsville for training. It is expected that the new troop at Lancaster will be completely ready very soon.

Justice John Stewart, of the supreme court, was eighty years old on Tuesday and celebrated the day quaffing at his home in Chambersburg.

A number of State officials have gone to Washington to attend the dinner given by Congressman John Heber to Congressman J. Hampton Moore.

Representative E. L. Cox, of Philadelphia, has been elected to city council at \$3,000 a year.

The American Telephone and Telegraph Company has filed notice of a new schedule of rates to become effective in Pennsylvania December 1. Increases have been filed by the Interstate Commerce Commission for full talking, short-period talking and Morse service are advanced, and rates for press service for Morse service are revised and reduced. The American Telephone Company, operating in Potter county; the Cambridge Springs Electric Telegraph and Telephone Company, Crawford county; the York Telephone and Telegraph Company, and the York Eastern Telephone Company, York county, have filed notices of increases, the York rates being the same as during Federal control. These rates will be generally effective December 1 unless protested.

The State Department of Health has sent inspectors to Becaria township, Clearfield county, and Rush township, Center county, to investigate cases of smallpox which have appeared in that district. Several years ago there was a serious outbreak in that section.

The State Bureau of Markets has asked the farmers of the State to furnish it as to needs in regard to market reporting. The market report service is to be established next spring in conjunction with Federal authorities. State College and the farm bureau.

PARENTS ANNOUNCE BIRTH Shiremanstown, Pa., Nov. 6.—Mr. and Mrs. William Stansfield, of West Main street, announce the birth of a daughter, Vera Louise Stansfield, on Friday, October 31. Mrs. Stansfield will be remembered as Miss Mary Leisman, daughter of Mr. and Mrs. Herman Leisman, Sr., of Harrisburg.

Middletown

FULL REPUBLICAN SCHOOL BOARD

Final Returns Are Reported; Houser Defeated For Constable

At the election held on Tuesday, Charles Houser, Democratic candidate for high constable, who held the office for four terms was defeated by John Deviner, the Republican candidate, by 21 votes. In the first ward, a three-cornered fight took place for councilmen. Lewis Miller Democratic candidate won over Eugene Barbush, Republican, and William Hipple, Independent candidate. For school directors, Dr. H. W. George and Harry Bander, Republican candidates were elected. N. C. Fuhrman, Democrat, was defeated. This gives a full Republican Board.

Miss Emma Blanche Kurtz, daughter of Mr. and Mrs. Edward Kurtz, of South Union street, and William Winegardner, son of Mr. and Mrs. Jacob Winegardner, of Dauphin, were united in marriage at the Methodist parsonage, 120 N. Union street, Wednesday morning, at 7 o'clock, by the Rev. Janner Cunningham. The bride wore a traveling suit of blue velour and carried a bouquet of American beauty roses. They were unattended. They left on a short wedding trip and on their return will reside with the bride's parents.

Harry Myer, and daughter, who visited relatives in town, Lancaster and Maytown, for the past two weeks, returned to their home at Greenville.

Mrs. John Clouser, who spent the past week in town as the guest of Mr. and Mrs. N. C. Fuhrman, 120 N. Union street, left to-day for Lebanon, where she will visit relatives before returning to her home at Dardenelle, Arkansas.

Mr. and Mrs. John Lutz, who spent the past month in town as the guest of their son, W. V. Lutz, and family, Emaus street, returned to their home in Pittsburg.

B. E. Henry, of Chambersburg, is spending some time in town as the guest of his daughter, Mrs. George Carr, South Wood street.

John Inley and Charles Houser, moved from the Hartman property on Ann street, which was recently purchased by Clarence Boose, to the Ettele property on West Main street. Mr. Boose will turn the building into flats.

The official board of the First United Brethren Church will hold its regular monthly meeting in the Sunday school room this evening. The members of the church of this district who are interested in the United Enlistment Movement are urged to attend the afternoon and evening meetings to be held Saturday afternoon and evening in the United Brethren Church at High-empire. The speaker on this movement will be Bishop Howard and District Superintendent Enck.

Mine Owners May Sue Unions Which Had Signed Contracts

Charleston, W. Va., Nov. 6.—Coal operators in the unionized Kanawha fields, whose contracts with the United Mine Workers have been abrogated by the general strike order, will probably bring damage suits against the union. Representatives of the mine owners say the same procedure will be taken as in the Danberry (Conn.) haters' case. The strike is costing the operators in the Paint Creek fields approximately \$100,000 a day, including the losses on coal sales. D. C. Kennedy, secretary of the Kanawha Coal Operators' Association, asserted. Thousands of dollars of losses were also reported in the Cabin Creek field, he said.

Mr. Kennedy said the matter of damage suits would probably be taken up at a meeting of the operators' association. He declared some action must be taken to "impress fully upon the United Mine Workers that their contracts must be upheld. They must assume full responsibility for the present situation, he added.

Says End of Strike in New York Harbor Means More Sugar

New York, Nov. 6.—Federal Food Administrator Williams sought to allay fears of a sugar famine in the city by calling attention yesterday to the large amount of raw sugar now in the harbor. Mr. Williams said there were 25 sugar ships in the port having cargoes totalling about 50,000 tons.

Now that the longshoremen's strike is virtually settled these cargoes will be moved as rapidly as possible and sent to the refineries. Mr. Williams called attention to the fact that the process of refining could be put through in 24 hours in case of emergency.

He believes all possibility of a sugar shortage at present should be dissipated within a few days.

4,000 Drug Men Go on Strike Today

New York, Nov. 6.—Demanding \$50 a week for licensed pharmacists and an increase in wages of approximately 35 per cent for all other employees in the 3,300 drug stores in this city in which union men are employed, 4,000 drug pharmacists, drug clerks, soda dispensers and others went on strike to-day.

Less than 400 drug stores in Greater New York are unaffected by the strike. Union men in hospitals, dispensaries, clinics, asylums and similar institutions, however, will not leave their work. They have been instructed by union officials to continue to dispense medicine in order that no menace to the public health may result.

Faces Loss of Arm; X-Ray Study Is Cause

New York, Nov. 6.—Because of pioneer experiments conducted with the Roentgen rays more than 22 years ago, Dr. Francis Le Roy Satterlee is facing the possible sacrifice of his right arm. His physicians have advised him that this course seems inevitable if he wishes to check a cancerous growth which had its inception through contact with the powerful light rays when he first took up experimenting with Dr. Roentgen's discovery in America. Dr. Satterlee submitted to a sixth operation recently to save his arm, and soon will consult with the Mayo brothers at Rochester, Minn.

"The Live Store"

They Must Be Dependable

If they are to serve you well—no Hunter starts out with a poor dog or inferior Gun unless he doesn't care about bringing back the game. A true sportsman knows beforehand what His requirements should be to win success. You seldom find Him willing to take chances from neglect or bad judgment.

Why do you men and youngmen take chances in buying clothes? You know the difference (most of you) between good clothes and poor ones—the kind that looks shoddy from the first few days' wear and the all-wool, dependable fabrics that look good until the very last day you wear them—such as

Hart Schaffner & Marx, Kuppenheimer & Society Brand Clothes

If you would like to Save a few dollars on your clothes and at the same time get more real enjoyment, service and satisfaction than you have ever had before, come to this "Live Store" for good clothes—you will be generous with your praises about the wonderful assortments, the pleasing models and colorings, but our prices will convince you that our enormous purchasing power is an advantage to you.

Harrisburg, Pa.

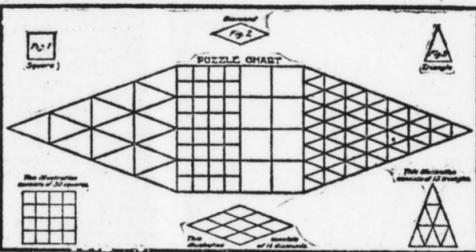

IF \$500.00 APPEALS TO YOU

Here's Your Chance to Get It!

Philadelphia's Leading Newspaper

THE NORTH AMERICAN Offers \$3000 for Solving This Puzzle

First Prize, \$500; Second, \$350; Third, \$275; Fourth, \$200

CAN YOU COUNT?

The problem is to count the Squares, Diamonds and Triangles in the puzzle chart. All lines as they appear in the chart may be utilized as often as possible, wholly or in part, in forming different combinations of either of the three characters.

(A Square consists of four lines of equal length at right angles with each other, as shown in Fig. 1. A Diamond consists of four lines of equal length, as shown in Fig. 2. A Triangle consists of three lines, as shown by Fig. 3. The bottom line, or base, of the Triangle is shorter than the two side lines. Each diamond is intersected by one or more of the lines which form the triangles.)

The Prizes are all cash—100 of them—ranging in value from \$5 to \$500. Should there be ties on the correct answer, a second puzzle will be presented for those tied to solve, and, if necessary, a third, so that those who are successful will receive the full value of the prizes they win.

To Enter the Contest fill out the coupon below with your answer to the puzzle, together with a payment of not less than \$1.00 or more than \$10.00, to apply on subscription to The North American.

The Contest Closes Monday, December 1. Charts double the size of the above may be obtained, together with all information and conditions governing the contest, by dropping a self-addressed, stamped envelope to the Contest Manager, care of The North American.

Form for entering the contest, including fields for name, address, and subscription details.
