BURNED TO DEATH BY MOLTEN CINDER

Charles Moyer Fatally Burned When Clothing Catches Fire at Blast Furnace

Charles W. Moyer, 404 Reading street, died last evening shortly after nine o'clock, at the Harrisburg Hospital. Moyer was employed as a cinder snapper at No. 2 blast furnace, at the local steel plant. Yesterday afternoon he was watching a stream of molten cinder as it left the furnace when his clothing caught fire. Excited, he ran and thus fanned the flames. He was caught by several workmen nearby who smothered the flames, but not until he had been so severely burned that little hope was held for his recovery. After his burns were temporarily dressed at the emergency hospital he was removed to the Harrisburg Hospital, where he died several hours later. The flames had burned him about the body, arms, face and head.

Rummage Sale

The Ladies' Auxiliary to the Andrew Arkins Post No. 354, American Legion, will conduct a rummage sale in Odd Fellows' Hall, Adams street, Steelton, on November 13, 13 and 14. Post No. 354 has had a long history in the activities established by the War Camp Community Service. The rummage sale will be held at the Post of the American Legion, which is composed of discharged soldiers, to raise funds for the war veterans. An appeal is hereby made to all interested parties to contribute anything that is of value. A committee of ladies will make a canvass toward this end. Contributions will be gladly called for by calling Bell 21-W.

Catarrh Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrh, catarrhal deafness or head noises caused by your throat, or if phlegm drops in your throat and has caused catarrh of the throat, you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from the nearest drug store a box of Phynola; take one ounce of Phynola (Double Strength). Take this home and add to it 1/4 pint of hot water and stir until dissolved. Take one spoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, etc., should gradually disappear under the tonic action of the Phynola. Loss of taste, defective hearing and mucus dropping in the back of the throat are other symptoms which may be cured by Phynola, and which may often be overcome by this efficacious treatment. It is said that Phynola is a simple, harmless, home treatment.

Splendid Way To Reduce Your Weight

There is perhaps no one thing that so plainly shows the passing of our youth as the increase in weight. How many of you young men have reached the age of 25 or 30 years. However young our faces may appear, the sagging, flabby figure and forty inch waist "gives us away." The cause of this overweight is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the excess fatty tissue. Fat people will be pleased to learn of a simple home method that is wonderfully efficient in reducing weight, quickly and easily without a starved diet, violent massage or strenuous exercise. Go to any drug store and get a box of Phynola; take one ounce after each meal and at bed time. This treatment will often give quick relief from overburdened fat. Phynola taken at meal time assists the stomach in giving you the benefit of the food you eat, at the same time dissolves the fatty tissue from any part of the body, especially the excess fat. By this method many have reduced their weight a pound a day. Secure from the nearest drug store, the drugist, Keller's Drug Store, George's Drug Store, J. Nelson Clark or any drugist can supply you with the genuine Phynola at a small cost.

Has He Found a Cure For Asthma?

Simple Prescription Gives Instant Relief. Makes Breathing Easy. In New England, where Bronchial Asthma, Bronchitis and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxidase, a physician's prescription. Oxidase is a harmless but powerful combination of curative agents, highly concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of releasing the muscular constriction of the bronchial tubes, opening up the air passages and regulating spasmodic lung action. This enables the patient to breathe easily and naturally while lying down and to get a comfortable night's sleep. So much interest has been shown that local druggists, including Geo. A. Gargas, have secured a small supply and state that they are authorized to refund the money paid for the first package if in any case this treatment fails to give relief. Oxidase is pleasant to take, contains no harmful, habit forming drugs and is not expensive. This makes their cost an easy matter.

OVER-ACIDITY of the stomach has upset many a night's rest. If your stomach is acid-disturbed, dissolve two or three

Ki-moids

on the tongue before retiring and enjoy refreshing sleep. The purity and goodness of Ki-moids guaranteed by

New York Attorney to Speak in Trinity Church

George B. Elliott, a prominent New York attorney, will be the speaker on Sunday morning in Trinity Episcopal Church, at the eleven o'clock service. Elliott is the general counsel for the American Line, and is one of several hundred prominent laymen who have for a time given up their business for the purpose of touring the Nation-Wide Campaign for the church's mission. Elliott is considered one of the best speakers procurable, and his coming to Steelton was largely brought about by the fact that the rector of Trinity Church is a member of the Diocesan Committee for the Nation-Wide Campaign. There will be no service in Trinity Church on Sunday evening. This is to give the members of the congregation an opportunity to hear the Rt. Rev. William Procter Hamilton, Bishop of South Dakota, who will be the preacher in St. Stephen's Church on Sunday evening at 7.30.

Sons of America Start Membership Campaign

Washington Camp No. 102, P. O. S. of A., at its meeting last Tuesday evening, arranged for a membership drive. The details of the campaign are being handled by a "Booster Committee." The purpose of the campaign is to make the local camp the largest in the district. The first class of candidates will be initiated on November 25. The campaign will close on February 20. An indoor quilt team has been organized in the camp. On Friday evening the team will pitch against the Highspire Camp team in Highspire. A plea club has also been organized. The first rehearsal will be held last Saturday afternoon. The club is to be open for new members on Sunday afternoon.

HUNTER RETURNS WITH LARGE SILVER GRAY FOX

H. P. Buffington returned yesterday from a hunting trip in Clinton county with a large silver gray fox. Many local hunters have brought back a goodly number of rabbits, but Buffington is the first one to bag a fox.

RENEW KUN DEMANDS VIENNA, Wednesday, Nov. 5.

The Hungarian government has renewed its demand for the extradition of Bela Kun, former dictator of Hungary. Distinct charges are lodged against him—that he caused to be murdered certain Hungarian officers in Russia, Rumanian officers who came to Budapest as emissaries, and certain citizens in Trans-Danubia who criticized his government. He is accused of levying illegal tribute.

DON'T WANT HAPSBURG

Budapest, Wednesday, Nov. 5.—The monarchist party has issued a statement, saying that while it is desirous of re-establishing a kingdom, it does not favor the restoration of the throne to any member of the Hapsburg family. This statement was provoked by reports that seven-year-old Archduke Otto would be placed on the throne under a regency.

A. R. BREWER DIES

Glen Ridge, N. J., Nov. 6.—Abijah R. Brewer, former vice-president of the Western Union Telegraph Company and for more than 35 years its secretary died at his home here today. Mr. Brewer, who had been mayor of this city for seven years, retired from business two years ago. He was 72 years of age.

AMERICAN NAVY HOPES TO OUTDO JAP BATTLESHIP

The Nagato Will Be Launched From Yard at Kure November 9

Tokio, Nov. 7.—The 40,000-ton battleship, Nagato, largest warship yet built in Japan and said to be the largest fighting ship in the world, will be launched from the naval dock at Kure on November 9. However, it is understood here that the American navy has projected dreadnoughts that will be even larger than the Nagato. The Japanese leviathan will be armed with 16-inch guns having a range of forty miles and her engines are expected to develop a speed of twenty-five knots. She will carry several airplanes and will be armed with six anti-aircraft guns. Building of the huge vessel has been delayed by the secrecy of the workers and changes in the plan of construction as a result of lessons from the Jutland battle. When the Nagato is completed, building of the Kaga, her sister ship, will be commenced.

Milk Supply Is Good, Monthly Report Shows

Harrisburg's milk, cream and ice cream supply for October, with few exceptions, met city standards in purity and quality according to the monthly report by the food inspection division of the Health Bureau. Of the thirty-six milk samples which were tested in city laboratories only three showed the presence of coliform bacilli, and only two were below the butter fat standard, while none contained more than 500,000 bacteria, the first time in months that such a record has been made. Cream samples showed that only two of thirty-six were below the butter fat standard and one of these was taken and tested by request. City health officials believe that prosecutions brought a month or two ago because of the low grade of cream being sold at that time had much to do with the improvement shown last month. Ice cream samples also were good, only three of nineteen containing disease germs, and only one more than 500,000 bacteria.

REACH THE RHINE

Coblenz, Wednesday, Nov. 5.—Troops of the Fifth Infantry, which arrived at Brest recently from the United States, reached the Rhine today from Brest. These are the first units of a provisional infantry brigade to form a part of the army of occupation until it may be detached for its proposed service in upper Silesia in connection with the plebiscite there. Brigadier General William H. Sage, commanding the troops, will arrive on Friday. The brigade is receiving equipment and horses from the Army of Occupation and from the French.

Police Arrest Philadelphia Pocket Billiard Expert and His Manager

Bridgeport, Conn., Nov. 7.—Ralph Greenleaf, of Philadelphia, pocket billiard expert and aspirant for the championship, was arrested here late last evening on a coroner's warrant in connection with the murder at Milford, Conn., of Benjamin Binkowitz, of New York City, messenger for a New York broker, who disappeared with \$178,000 Liberty Bonds. Greenleaf's manager, George Worden, of New York City, was also arrested at the same time, the police say, both being held at police headquarters on a warrant issued at the request of Coroner Ell Mix, of New Haven. The arrest of the two men is the first known to have been made in connection with the Binkowitz case since New York and Chicago police apprehended eleven persons charged with complicity in the actual murder of the New York messenger on the Milford turnpike, or as accomplices in disposing of the Liberty Bonds alleged to have been stolen from his New York employers. Both Greenleaf and Worden have been in the city the past twenty-four hours, Greenleaf appearing at a local billiard room in a match game with another well-known cue expert. The arrest took place shortly after 11 o'clock as the men were leaving, surrounded by a group of admiring local billiard "fans" who were tendering him their congratulations on the brilliance of his play.
