

Fewer Jap Laborers Going Abroad Now

Tokio, Dec. 13.—The number of Japanese laborers going abroad, mainly to South America has considerably decreased, says a semi-official announcement. This is attributed to the business boom which took place in Japan during the war and which opened up opportunities for industrial and commercial activities here.

Emigrants to Peru where Japanese now go without restriction number about 1,200 for the present year, a decrease of about 20 per cent from last year. Japanese emigrants to Brazil thus far this year total 2,500 as compared to 5,500 during a corresponding period last year. The statement asserts that "Japanese emigrants in South America have received an enthusiastic welcome everywhere since the beginning of the war which stopped the coming of Europeans."

City Petitions Council to Save Daylight

The Harrisburg Telegraph will continue to print the names of signers to the petitions addressed to council asking that the daylight saving petition presented by Mayor Daniel L. Keister be passed. Every class is represented. The names are those of bankers, lawyers, politicians working men and women and employers.

Accuses Kato of Playing Petty Politics; Wants Him to Resign

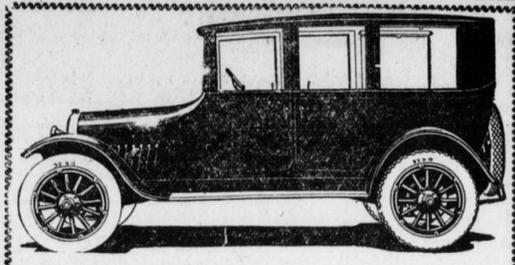

Honolulu, T. H., Dec. 13.—The Reorganization league of Japan had demanded that Viscount T. Kato resign the leadership of the Kensei-kai, or opposition party, and return to public life, according to Tokyo advices to the Hawaii Hochi, a Japanese language paper published here.

The league according to the Hochi's advices, accuses Kato of "playing petty politics" to oust Premier Hara. "We are afraid," the league's demand served on Kato is reported to have said, "that such petty politics will hamper the reorganization of Japan and, therefore, take this means to demand your resignation as head of the Kensei-kai and at the same time your retirement from your country's politics." The ultimatum was served by a committee of the league immediately following an address by Kato in which he bitterly arraigned the Hara ministry for "its blunders in domestic and foreign politics."

Pan-Germans Still Worry Over Rhineland

With the American Forces in Germany, Dec. 13.—Pan-Germans are still worrying over the Rhineland question. Although all is apparently quiet on the surface, they insist that the agitation for separation, first from Prussia and then from Germany, continues under cover. This opinion is shared by the Democratic Frankfurt Gazette which commented recently on the efforts being made by the Centrist party for the establishment of this republic "as a beloved land of Catholicism." Leaders of the Centrist party have

THE NEW OAKLAND SENSIBLE SIX FOUR DOOR SEDAN

OAKLAND SUPREMACY

HAVE you noticed the large number of Oakland owners that are on the streets of Harrisburg? Yes? Well there's one big reason for that large number. It is the supremacy of the Oakland in small car field. Purchasers of motor cars who buy to get the best value—not because they just want a car—know that the Oakland is the biggest value on the market today. The Oakland Sedan embodies every detail of the larger Sedan, yet its low initial cost and low cost of operation make it the most sought after car in the city.

COST-PRICE STORE PLAN IS ALARMING MERCHANTS

Lawrence Tradesmen Ask Mill Owner to Delay Co-operative Project in Interest of Employees Until They Can Show Him Their Prices Are Fair Ones

Lawrence, Mass.—William M. Wood, president of the American Woolen Company, with four textile plants here employing 20,000 operatives, has been invited through Secretary George Rix of the Chamber of Commerce, to hold a conference with the local businessmen before he goes ahead with his plan to erect a ten-story co-operative department store here, in order that his employees may buy the necessities of life at cost. Mr. Wood will accept the invitation. He is resolute in his intent to erect the store if the prices of foodstuffs and clothing do not take a quick descent. He takes the stand that it is useless for

him and other employees to raise wages when the raises are instantly offset by higher prices of commodities. Yesterday the local dealers were pessimistic over the Wood project. "I don't think they are confident that when the millowner hears their side of the matter he will not carry out his threat to establish the store." Defends Current Prices "When Mr. Wood learns what we have to pay for our goods, and what we are charging the consumer, he will see the merchants of Lawrence are not making any excess profits," declared William McGrath, one of the proprietors of the city's largest department stores. "I have been in New York, Boston and all over the country and I find the prices are as low in Lawrence as anywhere. Mr. Wood is misinformed about the conditions." "Prices in Lawrence are twenty per cent. lower than they are in New York or throughout the country," said Samuel Savitt, manager of another big establishment. Proprietors of hundreds of small stores throughout the city and suburbs which depend upon the local industries for a livelihood joined in protest against the erection of the co-operative store, claiming that if Mr. Wood goes through with his plan it will drive them out of business. "Suppose Mr. Wood does build the store and later find it isn't successful and closes it, what will be the situation then?" inquired Secretary Rix, of the Chamber of Commerce. "It would be a death-blow to the city, for it would drive many dealers out of business in no time." Some Lawrence Prices Here are some prevailing prices which local merchants offer as proof that they are not making excess profits: Anthracite coal \$14.25 a ton; hard wood, \$10 a cord; pork chops, 32 cents a pound; lamb chops, 18 cents a pound; beef liver, 10 cents a pound; bread, 8 cents a loaf; milk, 17 cents a quart; smoked shoulders, 19 cents a pound; onions, 6 pounds for 25 cents; eggs, 59 and 65 cents a dozen; oranges, 28 cents a dozen; turnips, 4 cents a pound; grape fruit, 3 for 25 cents; fresh codfish, 8 cents a pound; bananas, 29 cents a dozen; raspberry jam, 25 cents a pound; halibut, 29 cents a pound; haddock, 10 cents a pound; potatoes, 42 cents a peck. Women's Dresses—Wool velour, serge, satin, wool jersey (Cerry-Webb's), \$19; silk and serge dresses (Marston's), \$7.90; serges, velvets, and jerseys (Marston's), \$14.99. Women's Suits—Oxfords, serges, poplins and broadcloths, \$18.90.
