Union County Court, Monday of next week. In Snyder county, the week following.

The Lewisburg Union League had a full meeting last evening, and were addressed by Rev. D. C. John, Mr. J. Aiken, and Saml. H. Orwig Esq. Adjourned to next Thursday evening, when Spahr Chas. H. Shriver is announced as speaker. Let there be a general attendance.

The Congressional Conference from this district met in Sunbury, Wednesday last—Judge Marshall, President, and Jn B. Stoll and C. J. Bruner, Secretaries. On balloting for a candidate, Dauphin county voted for A. Jackson Herr Esq., Juniata for Col. John J. Patterson, Northumberland for John B. Packer Esq., and Snyder and Union for George F. Miller Esq. On the 12th ballot, two of the Counties of Northumberland changed their votes to Miller, and he was then unanimously nominated. The best spirit prevailed, and with prompt effort on the part of friends his triumphant election is conceded on all hands. Our Ticket is complete—and now for the work to elect every man upon it!

The Standing Committee of Union county have unanimously endorsed the nomination of M. J. SHRIVER for Senator. He has accepted the same, and will bear the Union banner through this Senatorial District until the November election.

On reading McClellan's letter, Val-lanigham revoked his appointments for speaking in his favor, and has subsided into silence. The Freeman's Journal, (Catholic Cop.) of New York, renounces McClellan. The N. Y. Tribune has come out square and strong for Lincoln, and it is believed Fremont will soon.

The Union Standing Committee met at the Revere House, Lewisburg, Monday, 12th inst., and organized by the election of James Hayes as permanent Secretary.

Readed, That John Hayes be substituted as member of the Committee from Millinburg, for Chas. E. Hans, now in the army of the United States; and Jacob Mabecher of East Buffalo, in place of John W. Brown, also in the army.

2. That it be the duty of each Committee to procure lists of our soldiers now in the field, from their respective townships, with the letters of their company and number of their regiment, and forward them to the Chairman, immediately.

3. That the nomination of Charles H. Shriver for Senator in this district, by the Conference on Saturday last, be endorsed by this Committee; that we pledge for him the hearty and undivided support of the Union party of this county; and that we cordially recommend him to our friends in Lycoming and Snyder, as an unwavering friend of Abraham Lincoln's war policy, and as an undoubted advocate of civil liberty and human rights.

Rights of Tioga County. For a quarter of a century, the gallant county of Tioga has had no representative in Congress, although she has generally furnished the votes which elected Members. This year, her Conferees demanded their right to a Member, without being gambled out of it by a "Conference"—and she has gained her just desire. Her able and true State Senator, FREDERICK WILSON, is recognized as the Administration candidate for Congress, and we trust will be elected, and the rights of glorious little Tioga cheerfully respected by the Unionists of the District.

Assess the Soldiers. The friends of the Soldiers should bear in mind that, in order to secure a vote, every non-commissioned officer and soldier who is a legal voter, must be assessed with a county tax of ten cents, and the usual tax to be assessed upon every commissioned officer. Collectors are required to receive the tax and give a certificate of payment, when the assessment is made. If the soldier is already assessed to certificate is required. Assessors must add names to their lists upon the application of any resident of the district, under a penalty of not less than \$20 or more than \$300. Our friends in this county should early attend to the requirements of the law, so that every soldier entitled to a vote, may exercise the right.

Hear "Fighting Jo!"

Gen. Hooker's Late Speech, at Watertown, N. Y.

FELLOW-CITIZENS: You have come here to rejoice at the success of the Union arms, in which I am ready to join you heart and hand. My business is fighting, not speech-making, but let me tell you that the army of Sherman is invincible, and can not be disheartened. We must treat this rebellion as a wise parent would a vicious child—we must whip him into submission. No milder discipline will answer the purpose. Some are crying peace; but there can be no peace as long as a Rebel can be found with arms in his hands. Wee to those who cry peace when there is no peace. This Union must be preserved, and there is no way of preserving it but by the power of our arms—by fighting the conspiracy to the death. This rebellion is tottering while I speak; it is going down, down, and will soon tumble into ruin. Politicians may talk to you about the cause of the war, but I say, put down the rebellion, and then, if you choose, inquire into the cause of it. But first put down the insurgent; first whip them, and then talk about the cause if you have nothing else to engage your attention. I believe in treating the rebellion as Gen. Jackson treated Indians—whip them first, treat with them afterwards. The Union can not be divided, let politicians talk as they may; for if division commences, where are you to end? First the South would go, then the Pacific States, then New England, and I hear that one new politician has advocated that the city of New York should secede from the Empire State. In such case there would be no end to rebellion. Gentlemen, every interest you have depends upon the success of our cause; every dollar you possess is at stake in the preservation of this Union. It will better accord with my feelings to see the limits of our glorious country extended, rather than circumscribed, and we may feel it a national necessity to enlarge our borders at no distant day. This Union, gentlemen, can not be dissolved, as long as the army have guns to fight with. Furnish men and muskets, and the Union is secured.

A Greenback Well Invested.

A year ago, several journals united in recommending their readers to invest a dollar "Greenback" in securing that very excellent Journal for the HOUSEHOLD (including the Little Ones,) for the GARDEN, and for the FARM, called the *American Agriculturist*. Many persons were thus led to subscribe, and we believe all who did so have been much more than satisfied. They have received the 23d Annual Volume of the *Agriculturist*, which is full of good things, useful, practical, and entertaining, and just now the Publisher is sending out to each of his subscribers applying, a present of a plant of one of the most remarkable Strawberries that have ever been brought out. These plants, when sold by the only other person having them, go readily at 75 cents each. So the Greenback invested last year has certainly paid well. All we have now to say is, let all others go and do likewise. Notwithstanding the present advance in cost, the Publisher still offers to take subscribers this month (September) at \$1 a year, or from now to the end of 1865 (fifteen months) for \$1.15. And still further, he offers one of the remarkable Strawberry Plants, sent free and postage on the plant. Our advice to all is, send the Dollar (or the \$1.15), and the extra 5 cents at once to ORANGE JUD, Publisher of the *Agriculturist*, at 41 Park Row, New York City, and get the paper, etc. You will get a most beautiful, well illustrated, practical paper, and the cheapest one in the country, to say nothing of the extra Strawberry Plant, etc. TRY IT!

GEN. McCLELLAN delivered the oration at the dedication of the Battle Monument, at West Point, recently. Speaking of the war, he said:

"Certain States, or rather a portion of the inhabitants of certain States, feared, or professed to fear, that injury would result to their rights and property from the elevation of a particular party to power. Although the Constitution and the actual condition of the Government provided them with a peaceable and sure protection against the apprehended evil, they prepared to seek security in the destruction of the Government which could protect them, and in the use of force against national troops holding a national fortress. To efface the insult offered to our flag; to save ourselves from the fate of the divided Republics of Italy and South America; to preserve our Government from destruction; to enforce its just power and laws; to maintain our very existence as a nation, these were the causes which compelled us to draw the sword. Rebellion against a Government like ours, which contains within itself the means of self adjustment and a pacific remedy for evils, should never be confounded with a revolution against despotism, which refuses redress of wrongs. Such a rebellion can not be justified upon ethical grounds, and the only alternatives for our choice are its suppression or the destruction of our nationality."

Compare the above with the Chicago platform and the Peace party policy! The greatest victory for the Rebels—greater than fifty Manassas, and the only one that can give them a particle of hope—will be to defeat the war party at the incoming campaign.—Gen. John A. Logan, late Dem. M. C. from Illinois.

Grant and Sherman ON THE DRAFT AND WAR.

Draft begins on Monday next.

Lieut. Gen. Grant telegraphs to this Department in respect to the draft, as follows: CRY POINT, Sept. 12—10:30 A. M.—To Hon. E. M. Stanton, Secy of War.—We ought to have the whole number of men called for by the President, in the shortest possible time. Prompt action in filling our armies will have more effect upon the enemy than a victory over them. They profess to believe, and make their men believe, there is such a party North in favor of recognizing Southern independence, that the draft can not be enforced. Let them be undeceived.

Deserters come into our lines daily, who tell us that the men are nearly universally tired of the war, and that desertions would be much more frequent, but they believe peace will be negotiated after the fall election. The enforcement of the draft and prompt filling up of our armies will save the shedding of blood to an immense degree. U. S. GRANT, Lieut. Gen.

The following telegram has been received from Maj. Gen. Sherman on the same subject.

ATLANTA, Ga., Sept. 13, 6:30 P. M.—Hon. E. M. Stanton: I am very glad to hear the draft will be enforced. First, we need the men; and secondly, they come as privates to fill up our old and tried regiments with their experienced officers; and thirdly, because the enforcement of the law will manifest a power in our Government, though a Democracy should in times of trouble and danger be able to wield the power of a great nation.

All is well. W. T. SHERMAN, Major General.
The draft is ordered to commence in all the States and districts where the quota is not filled by volunteers on Monday, the 19th, and will go on till completed. Volunteers and substitutes will be received and credited to as late a period as possible. Volunteering is still progressing with vigor in most of the States. No report of active operations have been received from other commands.

E. M. STANTON, Sec. of War.
There are not ten Generals in the armies of the Republic who sympathize with the Chicago leaders or their candidates. This does not grow out of a dislike to Gen. McClellan, for many of these men have been among his friends, but they realize that he occupies a most anomalous and inconsistent position as the candidate of such a party, or such a platform, and in association with such a politician as the anti-war leader, the Copperhead chief, Pendleton of Ohio. Averse as many of these officers, and the men who follow them, are to taking part in party strife, they would be less than men if they do not resent and oppose such an example.

The Hamilton (Ohio) Telegraph says that many of the Copperheads of Butler county who have been positive in the assertion that the Government would not dare to enforce the draft, are now procuring substitutes, and that there will be no resistance to the draft in that county.

The Second Fall Election

MAINE!

Monday last. Both parties made great efforts. Gov. Cony, Union, is elected by an increased majority. Every county, every State Senator, every Congressman, is for the Administration and against the Rebellion. WE THUS GAIN ONE CONGRESSMAN!

So runs the tide which will wipe out Copperheadism in every State!

The Right Kind of Talk. Schuyler Colfax, Speaker of the House of Representatives, in a recent speech uttered the following sentiments. They have the true ring:

"The laws put upon the statute book during the last three years, must be obeyed. The law which emancipates the slaves of every Rebel, is one of them. Congress also passed another law, declaring that the slave of every Union man, as well as of every Rebel, who fights in this war for the Union shall be free; and that, too, must be obeyed. It passed another law repealing the fugitive slave law, so that if they have any slave hunting to do hereafter they can do it themselves. I passed another law, that no man whose hands are red with the blood of your brothers, and fathers, and husbands, and children, shall occupy a seat in the councils of the nation; and that, before any man comes as a member of Congress, he shall swear that he has not voluntarily borne arms against the Union, or aided and abetted the cause of the rebellion. If when they come back they have no men there who can take that oath, let them wait for another generation—one that will not be responsible for the grief and mourning which desolate Northern homes, and for the death which fills so many grave-yards with their friends and brothers."

Pierce, Buchanan and the Rebels. "Hersick," the correspondent of the Boston Journal gives the following abstract of a recent interview he had with Gen. Geary at his headquarters:

Gen. Geary told me that, when acting as Governor of Kansas, he discovered the nature, character, and extent of the secret combination which has resulted in the overthrow of the Union. These revelations were made to him by Southern men, members of it, who offered him every temptation to join them, and help to make Kansas a slave State. Gov. Geary communicated these facts to Pierce, then President, and to Buchanan, then President elect. Both of these weak men, or traitors, submitted Gen. Geary's disclosures to the Southern conspirators whom they implicated! Instead of being warned by them against the stealthy criminals, Pierce continued and Buchanan adopted them, as his constitutional and confidential advisers! Finding that he had no power to avert the plot, and not regarding himself as powerful enough to fight the President, President elect, and his party, Gen. Geary retired to his farm to await the development of events, determined, when the time for action came, to be found in the ranks of the nation's defenders.

Fire-proof Wash for Shingles.

The following simple application will no doubt prove of great value. We quote from the Albany Knickerbocker: "A wash composed of lime, salt and fine sand, or wood ashes, put on in the ordinary way of white washing, renders the roof fifty-fold more safe against taking fire from falling cinders or otherwise, in cases of fires in the vicinity. It pays the expenses a hundred fold in its preserving influence against the effect of the weather. The older and more weather-beaten the shingles, the more benefit derived. Such shingles generally become more or less warped, rough and crooked; the application of the wash, by wetting the upper surface, restores them at once to their original or first form, thereby closing the space between the shingles; and the lime and sand, by filling up all the cracks and pores in the shingle itself, prevent it from warping for years, if not forever."

Natural Allies.

A late Rebel paper, the Richmond Examiner of August 8th, crying out for invasion of the North, the pillaging and burning cities, &c., that the Democrats may be enabled to carry the election. It says: "The peace party at the North needs help from us, to enable them to get rid of the present regime and the war. The only rational and effectual aid we can render them will be carrying fire and sword into their cities and farms. If any one knows a more judicious method of assisting the peace party for the pending Presidential campaign, let him divulge it."

Jeff Davis' Terms.

The New York Evening Post says: "We chance to know from the best authority, that Jefferson Davis but a few weeks ago absolutely and finally refused to listen to any proposals of peace except on the ground of Southern independence; and when I say Southern independence, he remarked, 'I mean to include in our Confederacy, Maryland, all of Virginia, Tennessee, Kentucky, Arkansas and Missouri—nothing less!'"

The greatest ratification Meeting ever held in Philadelphia, was in and around Independence square, Saturday evening last. Among the speakers was Hon. John Cessna, late Speaker H. R. of Pa., who poured hot shot into the Chicago platform and candidate with good effect. Philadelphia is good for 15,000 to 20,000 majority.
