DR. BLEDSOE'S AUTERATIVE COMPOUND

The Remeity over all Remedies for the Dissection of the Inver-Dyspersite, Enlargement and Information of the Solven Inserbourns, Colic Fundalesse, Files, Construction, all diseases of the Bounds, and such diseases as arise from a disordered state of the Stomach, Insert or Banets, as Secondal and Series of any kind. For General Building, from which Lucius frequently suffer, there is not its equal in the whole Materia Melica.

THE inventor of this preparation was for three years a completely prostrated from Drespensia and inactivity of the Liver that he was frequently for weeks at a time mabble to raise himself from bis bed. He sengist aid from physicians at home and in Europe, but in vain; his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing meaties, his success in such cases has been unrivalled. He has been aware of the increducity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have open advertised.

I subject to the certificate of Prof. M. Garneyer of Manualis. I subjoin the certificate of Prof. M. Ganneur, of Memphia,

Tenn, with whom I often advised during the time of my suffering.

Dr. Berrson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterntive Compound, as a very seperior medical treatment about five years for dyspensia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterntive, two buttles of which, I believe, entirely cured him.

MICAJAH CAYCE.

HUNTSVILLE, Oct. 17, 1853. Dn. Bernson.—Some time has elapsed since I gave a on tificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many different from dyspepsia. I had tried of several whom I thought to be
the best physicians in the place and a great many differen
medicines, with momentary relief. Being persuaded to try
your alterative compound, I did so—and I am happy to say
that it has entirely cured her; and I would conscientiously
recommend it to all persons suffering from diseases of the
liver and dyspepsia.

N. B. ROBERTSON.

Illustration of your Alterative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour. relieved me in every attack in less than an hour. WM. B. LLOYD.

GRASS COUNTY, Tenn., Dec. 28, 1851.

Da. Beroson: —I feel that I should full short of my duty to you and to those who are afflicted, were I not to further recommend your Altenative Compound. It has cotirely relieved me, so that I have not had cause to take anything in
two months. I can eat anything I want with impunity, and
believe my health is as good as it ever is at my advanced age.
Should I ever suffer from dyspepsin again I shall be sure to
call on you. I am very respectfully your friend.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoc's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint unce.

JOSEPH CAROTHERS.

HEXTSVILLE, Ala., March 3, 1852.

Dr. Bernsor:—See: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained HUNTSVILLE, Ala., March 3, 1852. 25 or 30 pounds, and feel about as well as I ever did.

This was an extreme case of inflammation of the spleen, of long standing; has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dun-ham,) is still in good health, and able to attend to her usual household duties. I have treated two eases of Chronic Sore with the Ointment, both of the patients as nearly d, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the State, without benefit, and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Olintment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving isomediate relief and generally a permanent cure. I have also used it beneficially in severe cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever of-fered to the public.

CORN MILL.

This Mill differs from all others in the construction of
the upper or Running Stone, which is composed of
Franch Burr Hocks, enclosed in a cast fron Case, which
forms the back and hoop of the Stone with a Cast fron Eye, or
Bush, than is of greater external diameter at the bottom that
at the top, which is secured to the back by four holts, so that
every block is in the form of a dove tail, which gives greater
strength to a Stone than my other method which is required
in small mills, where the stone is run with great speed, and
becomes dangerous if not strongly made. It also gives any
weight to a stone of small diameter that is required without
having it thick or high, that makes it top heavy. weight to a stone of small diameter that is required without having it thick or high, that makes it top heavy.

This mill is a square frame made of wood or enstiron, in the form of a busk, with Bridge-tree, Spindle Balance, Ring Briver, and Regulating Scrow, and grinds upon the same principle as a large mill, differing only in the Runner stone; this being of great weight coalles it to grind nearer the centerageaster quantity of grain with ters power than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

ALSO, all sizes of Erench Burr Mill Stones, manufactured on the same principle.

Joseph H. Burrows, of Cincinnalt, is the inventor, for which he obtained Letters Patent in 1842. For alliufringoments the purchaser will be held responsible for the right of said.

which he obtained letters retent in 18-2. For an arrangements the purchaser will be held responsible for the right of using.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spindle, with a dram sufficiently large to run a twenty-four inch Mill 30 revolutions per minute, attached to Gin, Steam, or Water Power. By the steady application of two horse power the Mill will grind as x to 8 bushels per hour of good ment and will grind wheat as well as core. The thirty finch mill, if put to lis fullest speed, will grind from ten to fifteen bushels per hour.

These mills are warranted to be in every respect as recommended.

In a serious son Usang.—Place your mill about 20 feet from the Driving Pulley is a level position; make the belt of lather six or eight inches wide. Give the Stone240 revolutions a minute with the sun. Keep the usek and step of the agindle well oiled. A VOICE FROM GEORGIA.

Read the following testimony from a Physician.

GENTLEMEN. —Your Hebrew Plaster has cured me of pains of which I have suffered for twelve years past. During this period I labored under an affliction of my loins and side, and tried many remedies that my own medical experience suggested, but without obtaining relief. At length I used your Plaster, and am now by its good effects entirely cured. I will recommend the Jew David or Hebrew Plaster to all, who are suffering from contraction of the muscles, or permanent pains in the side or back.

The people of Georgia have but to become acquainted with its virtues when they will resurt to its use.
