raise himself from his bed. He sought aid from physicians at home and in Europe, but in vain; his case was pronounced hopelees by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been advertised. Is success, as anown Ly the certificates which have ocen advertised.

I subjoon the certificate of Prof. M. Garsent, of Memphis, Tenn., with whom I often advised during the time of my suffering.

MERPINS, Tenn., April 17, 1852.

I hereby certify that I have been acquainted with \$10. J.

N. Bledsee and some years ago he was reduced I od eve lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, be finally succeeded with a preparation of his own in being restored to good with a preparation of his own in being restored to good health.

M. GABBEET, M. D. Physicians are requested to try this preparation. We feel satisfied it will sustain the character we give to it in this

publication.

HUNTSVILLE, January 12, 1852.

Dr. Bledson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterntive Compound, as a very seperior medicale. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, entirely cured him.

MICAJAH CAYCE.

Hensylles, Oct. 17, 1853.

Dr. Berrook—Some time has eiapsed since I gave a certificate that my wife lad been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or bur years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON.

Iluntatille, Sept. 29, 1851.

Dr. Bernson—Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an beauty. relieved me in every attack in less than an hour.

WM. B. LLOYD.

Gries Courty, Tenn., Dec. 28, 1851.

Da. Bixdoor:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my bealth is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

HUNTAVILLE, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative efit, when I commenced the use of Dr. Biegsoe's Ancreases. Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance.

JOSEPH CAROTHERS,

HUNTSVILLE, Ala., March 3, 1852. Dr. Blerson - Six: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for yours I suffered a great deal from Dyspeptia and enlargement of the spicen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained

25 or 50 pounds, and feel about as well as I ever did.

DR. FRASK'S MAGNETIC CINTMENT.

MR. WINTERS had lost nearly all of his hair and had been hald for many years; by the use of three bot-of the Magnetic Gintment, had his hair entirely restored, and now has as beautiful a bead of heir as any man sould wish. His age is about 50 years.

A son of Mr. Warren of this town, 14 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was conactated almost to a skuleton. By the use of a few bottles of the Ointment he was theroughly cured, and for seven months past has enjoyed robust health.

enjoyed robust health.

This was an extreme case of inflammation of the spiers, of long standing, has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Hagnetic Ointment. This was four mooths ago and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual household duties. Thave treated two cases of Chronic Sore Lyes with the Unitment, both of the patients so nearly blind, as to need an attendant to load them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of gloing unmediate relief and generally a permanent cure. I have also used it beneficially in severe cases of Ery-sipolas. And last but not least, I have within the last year

It never fails to cure the worst possible cases of bowel complaints in a few hours. It is purely vegetable, and taken in almost any quantity is perfectly harmless.

Most remedies in use for Diarrhea, lock up the peres of the intestinal canal and only for a time alleviate the disease by preventing the expulsion of the acrid fluid, which will although nature sometimes overcomes the evil, while the rem-dy alone bears off the praise. Not so with the Dysentery. Syrup. Its ingredientare the natural antidotes to these com-plaints. It changes the nature of the fluids, and causes their explusion in a mitural manner. It does not leave them to in-flame the surface of the stomach and bowels, but attacking the cause, it neutralizes them, and the disease immediately subsides. The operation of the Syrup is threefold. It im-mediately reaches the seat of the disease and arrests its course; it instantly soothes pain and restores the system to perfect quiet. The inflamed surfaces of the stomach and intestines are guarded against further violence by the neutralization of their aerid contents, and thus the body resumes it natural healthy functions.
