CONSUMPTION.

THE GREAT COUGH REMEDY!

PEADER! have you a Cough, which you are neglecting, under the idea that it is only a common cold, that it will soon 'wear itself out?' Let a friend teil you, in all kindness, what will soon be the probable result. In a short time, if you continue to neglect you, in all kindness, what will soon be the probable result. In a short time, if you continue to neglect yourself, you will begin to feet a sense of tigitiness and oppression across the chest; accompanied with frequent sharp darting pains. Then a dry, backing Lough will set in, and when you raise anything it will be a thick and yellowish, or white frothy matter, streaked, partings, with blood. If you still take no madicine, these unpleasant symptomswill increase, and you will soon have flecthe Fever, Cold Chilis, Night Sweats, Copious Expectoration, and then Great Postentian. If you still neglect yourself, a few weeks or months will see you consigned to the grave, leaving your friends to moorn how rapidly CONSUMPTION did its work, and harried you away.—Friend! have you no cause to be alarmed? In the allove skeich you may see as in a glass, how every case of Consketch you may see as in a glass, how every case of Co sumption progresses, with more or less rapidity, to a fatal termination. Of all the Thousands and Millions whom this

sumption progresses, with more or less rapidity, to a fatal termination. Of all the Thousands and Milicon whom this great Destroyer has galacred to the treath every single case began with a Colid! It this had been a tended to, all might have been well but, being neglected, under the fatal delusion that it would "wear itself," it transferred its deadly action to the substance of the Lungs, exciting there the formation of tabercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At his crists, the disease is very difficult of cure, and of entime sets at deliance all human means.

In the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comfortable, and prolong his life, and is therefore worthy of a trial;—but in its incipient or farming periods, Consumption is as carable as any other disease, and b'Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua, if taken at this time, will cause it \$200^\circ AS SURELY AS A ISTAKEN 1.6-2. This is strong language, but we can refer you to mumberless living witnesses to prove that it is TRUE. And therefore, we earnessity exhort every man, woman and child, who has a Cough, or is subject to colds, to keep medicine by you in the house, and whenever you take Cold, do not "left st alone" to work mischelf in your system, but eradicate it thoroughly, at once, by this power, fully healing compound and leave your Langs uninjured, to carry you in full vigor to a good old age!

MOTHERS!

Have you delicata, weakly children, who are always taking cold and entired to be a good of the color of

Have you delicate, weakly children, who are always taking cold, and subject to Croun? Remembed There never was case of Croup, which did not originate in a Cold! And when your child goes to bed wheening and coughing, you know not that, before morning, Group may not set in, and ere you can get a Physician, your dear child may be beyond the reach of help. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the bruse, and when your little ones take cold and commence coughing, give it to them at once, and rest not until the cough is entirely subdued. We conscientiously aver, after the most extended experience, that if this advice were followed no child need ever no child need ever

no child need ever

DIE OF CROUP,
for the cold would be cured, before it could arrive at this aggravated and fatal stage. Let every Mother, especially, beed well these remarks, that she may not bereafter, when mourning over the early blight of some cherished blussom, have occasion bitterly to reproach lerself for her criminal neglect. It is an old adage, that "to be forwarned, is to be forearmed."

Parents! so let it be in your case.

Be sure to ask for Dr. A. Rogers' Serup of LIVERWORT,
