COSSACK TROOPS HAVE OCCUPIED ALEXANDROVSK

Bolshevik Troops Disarmed by Cossack Leader, Kazatin, Without Opposition.

London, Jan. 2.—Cossack troops have occupied the town of Alexandrovsk without opposition and the bolshevik garrison was disarmed, according to reports received here from Petrograd regarding the civil war in Russia.

Other bolshevik regiments are said to have been disarmed by the Orenburg Cossack leader, Kazatin, who returned the arms after the bolsheviks swore never to fight against the Ukrainians and Cossacks.

There was more street fighting in Odessa yesterday, but it apparently was not serious.

The bolshevik authorities, according to an Exchange Telegraph dispatch from Petrograd, have received information that the situation on the Rumanian front is very serious.

Leon Trotsky, the bolshevik foreign minister, sent a note on the subject to the Rumanian minister in Petrograd, who, in his reply, accused Russian troops of plundering Rumanian villages.

A Petrograd dispatch to the Daily Express says that railway trains are again running between Riga and Petrograd.

ITALIAN TROOPS WIN NEW YEAR VICTORY

Italian troops have won the first victory recorded in the new year. The offensive line from the Garda to the Adriatic has been strengthened by the Italian success in driving the Austro-Germans from the Zenson bridgehead on the western bank of the Piave, which they had held since mid-November.

The weather apparently also is coming to the aid of the hard-pressed Italian army which has had little rest since the Austro-German drive began late in October.

With the entire Cossack territory reported aroused against the bolsheviks, Gen. Kaledin's troops are advancing toward Moscow and fighting with the bolsheviks at Kurst, about 200 miles south of Moscow.

RUSSIAN PEACE DELEGATES REPORT

Petrograd, Jan. 1.—(By the Associated Press.)—The Russian peace delegation returned to Petrograd today and reported to a joint session of the central executive committee of soldiers' and workmen's delegates and the Petrograd council of soldiers' and workmen's deputies the progress of the negotiations.

M. Kameneff, a member of the Russian delegation, read the German terms which he characterized as showing the positive annexation plans of the central powers, and he declared they were unacceptable in their present form.

After the resumption of negotiations, the delegate said, "the Germans insist upon these terms, Russia will conclude peace not with the German imperialists, but with the representatives of the German people, the socialists of Germany."

All men of military age in the Don Cossack region have been called to arms and it is reported that Gen. Kalaidin has 20,000 officers, including many from the Russian regular army, also under his command.

The situation in the Rumanian front is reported to be very serious, the Rumanians having rebelled against bolshevik agents. Train service between Riga and Petrograd has been resumed.

A report has been received in London that members of the American railway mission to Russia stationed at Irkutsk, Siberia, have been arrested by the bolsheviks.

New declarations regarding German peace terms will be issued within a few days, according to a Munich, Bavaria, newspaper. It is said the attitude of the entente powers presumably toward the terms expressed at Brest-Litovsk may bring about some changes.

DRASTIC FOOD MEASURES PROPOSED

Paris, Jan. 2.—Three drastic measures for the conservation of food and other supplies have been decided upon by the ministry of provisions. All shops of confectioners and pastry cooks are to be closed, restrictions will be placed on restaurants which charge high prices to prevent them from outbidding the more popular establishments in purchasing supplies and the private use of automobiles will be prohibited.

TWO MORE DEATHS AT CAMP BEAUREGARD

Alexandria, La., Jan. 2.—Two deaths at Camp Beauregard during the past twenty-four hours were reported at the base hospital Tuesday, making a total of Nov. 17 of 127. The soldiers who died were J. M. Herrington, Jamestown, La., pneumonia, and Milton Farrell, Mississippi, spinal meningitis. Both were privates.

Capt. M. F. Smith, of the United States public health service, in charge of the five-mile zone around the camp, announced tonight that there were several virulent cases of spinal meningitis in the zone, and that sixty-two persons were under observation. Children, he said, should be kept from all public gatherings for the next week or so.

PURCHASE OF MATERIALS FOR ALLIED GOVERNMENTS

Paris, Jan. 1.—Oscar T. Crosby, assistant secretary of the United States treasury, and president of the Inter-allied Council for War Purchases, presided this afternoon over a meeting of the council in the place of the legion of honor, at which purchases of materials required from the United States by the allied governments and various neutral countries, were considered.

Great Britain was represented by Chancellor Bonar Law, J. Austen Chamberlain, former secretary for India, and Lord Buckmaster, former lord high chancellor; Italy, by Francesco Nitti, minister of the treasury; France, by Louis Klotz, minister of commerce, and Louis Loucheur, minister of munitions. In addition to Mr. Crosby, his legal advisor, Paul D. Cravath, was present for the United States.

A separate meeting for the consideration of financial affairs was held by Mr. Crosby, Chancellor Bonar Law, M. Klotz and Signor Nitti. The conference will be continued tomorrow.

ORDER CLEARS ALL CHOKED TERMINALS

Washington, Jan. 2.—Formal suspension of all government priority of transportation directions was ordered today by Robert S. Lovett, government director of priority, to hasten the movement of railroad traffic. The order supplements an unofficial notification sent to railroads last night by Director-General of Railroads McAdoo instructing them to disregard priority orders, if necessary to clear congestion.

Today's action, officials said, would go far toward clearing choked terminals to cars. It will leave the railroads' traffic experts the task of moving freight in the most expeditious way possible and will do away with priority directions now issued by the thousands in various government departments.

ALLEVIATION OF MISERIES OF WAR

Austro-German Delegates Will Discuss Condition of Prisoners.

London, Jan. 2.—M. Radek, on behalf of the Russian delegation, according to the Russian official news bureau, made the following statement at a meeting with the Austro-German delegates to discuss the condition of prisoners: "At the moment our conference assemblies with the object of alleviating the miseries of war, I have to announce that to those victims who fell in the battle for peace, now have been added still more sufferers."

"Many German friends of peace, social democrats and independents, according to information received, have been put into prison in consequence of their fight for peace. It is impossible at present to verify this report but if it should be well founded the possibility of making a successful start with our humanitarian work will be made infinitely more difficult. We hope that the Austro-German delegates, now in the heart of revolutionary Petrograd, will at the same time have an opportunity of understanding the spirit which broke the chain of Russian citizens and which regards prisoners of war as free men."

"We hope that the members of the Austro-German delegation will make that situation known to their respective governments so that suitable measures may be taken which will enable the representatives of this revolutionary spirit to apply themselves with complete confidence to the common task."

"At the same time I feel compelled on behalf of the Polish and Lettish delegations to draw the attention of the Austro-German representatives to the fact that many Russian citizens, for instance M. Markovskiy, the Polish social democrat, and M. Davachevskiy, leader of the Lettish social democrats, have been deprived of their liberty by the German government for conducting peace propaganda."

NOT QUITE DOWN AND OUT

Many a man feels that he is down and out when as a matter of fact he still has in him many years of good service that can be brought out by proper treatment. Stomach trouble often makes one despondent. It hits him where he lives, saps his strength and energy and makes him feel like giving up. Give him a few doses of Chamberlain's Tablets to improve his digestion and invigorate his liver and bowels, and in most cases recovery is prompt and effectual.

POLISH TROOPS LAND SAFELY IN FRANCE

Washington, Jan. 2.—The first contingent of Polish troops recruited in America for service with the allies has landed safely in France, it was announced Tuesday by Col. James Martin, of the French military mission. The unit, composed entirely of men graduated from the Polish training camp at Niagara, N. Y., will be attached to the Polish forces now fighting on the west front.

For military reasons the number of men in the contingent was withheld. The forces were welcomed by the military and civil authorities and were given an ovation by the populace who witnessed the debarkation, according to an announcement made by Gen. Archinard, of the French army.

PROHIBITION CHIEF LEGISLATIVE ISSUE

Annapolis, Md., Jan. 2.—Prohibition, anti-trace track legislation and annexation for Baltimore are the chief issues expected to come before the Maryland legislature, which began its biennial session of ninety days today. The prohibitionists intend to fight both for statewide prohibition and the ratification of the federal amendment recently passed by congress.

FRENCH BRING DOWN SIX GERMAN PLANES

Paris, Jan. 2.—Six German airplanes were put out of action yesterday by the French, it is announced officially. Artillery fighting continues at various points on the front but no large infantry actions are reported. The statement follows: "There were intermittent artillery actions at some points on the front. We made a successful raid in the region of Courtecon and brought back prisoners. There were patrol encounters south of Corbeny. Everywhere else the night passed in quiet."

"In the course of numerous aerial combats French pilots yesterday brought down four German airplanes. Two other German machines, badly damaged, fell within the enemy lines."

BELIEVE OPERA SINGER AIDED LUXBURG'S GAME

Buenos Aires, Nov. 29.—(Correspondence of the Associated Press.)—Few women ever have been so popular and so beloved by the Argentine public as Elena Theodorini, an opera singer famous in this country, who was arrested by officers of a French cruiser on a charge that she was a spy in the employ of Count Luxburg, the former German minister here.

HIS LITTLE GIRL HAD WHOOPING COUGH

Lung-Vita Was Recommended by Her Neighbors. IT CURED HER ENTIRELY

Recommends It to Others Whose Children Have Whooping Cough.

"Lung-Vita was used by some of my neighbors and they recommended it to me for my little girl who had whooping cough," says Mr. A. Nash, who lives at 324 East 22d street, Chattanooga, Tenn. In his statement given Nov. 15, 1917, "I sent and got a bottle and began giving it to my child and it cured her cough right away. For this reason I think this is a fine medicine and recommend it to others whose children are bothered with this annoying complaint."

rested by officers of a French cruiser on a charge that she was a spy in the employ of Count Luxburg, the former German minister here. Count Luxburg received his passports from the Argentine government for sending to Germany a suggestion that Argentine ships be sunk without trace.

La Theodorini, as she always been called in Argentina, took passage on board a steamer for Europe in company with a group of theatrical persons who were known to be friends of Count Luxburg. The steamer was halted off Montevideo by British cruisers and some of the other of the theatrical group were placed under arrest, but Theodorini was not molested until the steamer was overhauled by a French cruiser off the Spanish coast.

News that the cruiser had taken her from the passenger steamer on charges of espionage came as a surprise to Theodorini's admirers in this city, for the general public did not know, as did diplomatic circles, that she had been in recent years a great friend of Count Luxburg and a member of a circle of theatrical women who were named and wired at the residence of the German diplomat.

La Theodorini came to Buenos Aires in 1884. Singing leading parts in well known operas, she soon achieved a wide reputation and afterwards became so attached to Argentine audiences that she made her home in this city. Since then she has figured in the musical and theatrical life of Argentina, although she had retired from the operatic stage.

One of her acts which ended her here to the Argentine public was her application for naturalization inasmuch as she was the first woman of a foreign country to take such a step. Last year she paid a visit to New York, where a festival was given in her honor by the Metropolitan Opera stars. She returned to Buenos Aires in February last.
