and Ointment for
Skin Troubles
Soap 25c. Ointment 25 and 50c.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Cuticura at any drug store for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff disappears and the hair stops coming out.—(Adv.)

CAR CO. PAYS 21 PER CENT. BONUS

Profit-Sharing Plan Put Into Effect—As Result Many Old Employees Return.

In order to secure efficient men the Chattanooga Railway and Light company is paying its platform men on the street cars 21 per cent. of the gross receipts of the cars. Payments are to be made at six-month periods, and on April 1 a considerable sum will be divided among the employees who come within the rules.

Vice-President F. W. Hoover stated Friday morning that this plan had been in effect since the second strike, and was included in the contract which all the new employees made with the company when they accepted employment.

HE'S DOG OF WAR

This bewhiskered optimist is to be the great-grand-daddy of a new breed of American war dogs. No less a personage than Secretary of War Baker has conferred this distinction upon him. His name—meaning our tumbled hero—is a famous scion of the old English sheep dog strain. With him will be blended the Airedale, to start the new fighting stock. And his sons and their sons will be shepherds of men instead of protecting woolly lambs. They will be used for police and sentry duty with the United States army at the front. "Grand-dad" may be a little short on looks, but he's long on sagacity and he packs a vicious bite behind that smiling phiz.

The public was not aware of this new system, however, which is similar to that which has proved so effective at Detroit and in other industrial centers.

Whether because of this bonus, or for some other reasons, the old employees of the company who are out on strike are coming back to work in large numbers. Fifteen signed yesterday, according to Mr. Hoover, and five more were at the office for that purpose this morning. In addition, three of the leaders among the old men consulted with the vice-president, and he feels confident that the best among the former employees will soon be at work.

The local union is having daily meetings. One, which was attended by at least 150 of the members, was

held Thursday. What some of the union leaders termed a "proposition" from the company was discussed. It made no important concessions. The men were to sign individual contracts and agree not to join the union. They were to be taken on as extra men and to have their old priority status. This latter feature was especially objectionable, it is said.

Mr. Hoover said Friday that he could not at once restore the old men to their former status because it would be unfair to the new employees which had come on. However, he recognized the need of securing the old employees and was hoping for such a result so that the service could be improved. He said that the rolling stock was in bad shape, which was one of the reasons why the service was unsatisfactory.

The bonus out of the gross receipts is a feature which is causing many of the old employees to consider seriously whether or not to call off the strike.

HIGH HONOR COMES TO CHATTANOOGA MAN

J. W. Krueger Appointed Captain Quartermaster on Pershing's Staff.

J. W. Krueger, district accountant for the interstate commerce commission in the division of valuation, has been appointed captain quartermaster, O. R. C., for duty on Gen. Pershing's staff in France, with orders to report for active service on Jan. 25.

The position was offered through the adjutant-general's office on cable request of Gen. Pershing. The interstate commerce commission at first declined to allow Mr. Krueger to leave his present position, but upon further consideration agreed to accept his resignation.

Captain Quartermaster Krueger has been with the commerce commission four years, and since the opening of offices in Chattanooga he has been in this city. His home is at Glasgow, Ky.

Before becoming connected with the interstate commerce commission he had extensive experience in railroad work in the Philippines and Brazil. He was formerly with the J. G. White company in New York and prior to his connection with that company was with the Illinois Central railway.

MAYBERRY ELECTED HEAD UNDERWRITERS

Chattanooga Association Holds Annual Meeting—Addressed by Prominent Men.

The Chattanooga Association of Life Underwriters held its annual business meeting Thursday night, attended by an unusually large representation of life insurance interests of Chattanooga and by several visitors.

At the meeting the officers for 1918 were installed and the reports of the retiring officers were read. The new officers are: J. R. Mayberry, president; Frank Keys, vice-president, and Edmund Smartt, secretary. Mr. Mayberry succeeded Clarence H. Crimm.

Among the speakers present outside the association were the Rev. T. S. McCullie and Gen. T. Pope Shepherd and M. N. Whitaker.

The banqueters were entertained with songs from J. Victor Golibart, who was compelled to respond to numerous cheers.

REV. L. R. ROBINSON IN ACTION IN MINNESOTA

The Rev. Luther R. Robinson, formerly pastor of Shinn Memorial (Universalist) church in this city, but who is now pastor of St. Paul's Universalist church, St. Paul, Minn., writes that he wants The News sent to him regularly because his family cannot do without reading the poems written in "Billy Possum," to say nothing of the society and editorial pages. Mr. Robinson winds up his communication by saying: "We have a very pleasant parish, and a very agreeable and enthusiastic set of people, in my church here, and I like St. Paul, for it is a great and beautiful city. However, I must confess that I frequently get homesick and long for my friends in Chattanooga."

"I have been making a good many patriotic addresses over this state during the last month, and shall make several dozen more during the winter, I presume."

"We have in St. Paul a large, patriotic organization called 'The America First association,' for the purpose of supplying speakers, printing literature, etc., setting forth the reasons for America entering the war and seeking to enlighten the minds of the pro-German element in this state, and also to enlist the extreme pacifists in this country that they may help our government win this mighty struggle for humanity. I was selected as a speaker, and have been enjoying the campaign very much."

FLAGS SOLD BY WOMEN'S LEAGUE

Tennessee Power Co. Places Order for Two Large Service Flags.

The Woman's Service League have received an order from the Tennessee Power Company for two large service flags which they will display at an early date in honor of their employees who have answered the call of their country and are now in the service. One of the flags will carry twenty-two stars and the other flag will carry nine.

The women of the league are actively engaged in the sale of these service flags, which they are selling at very reasonable prices, and the entire proceeds of the sale are devoted to the expenses of their Woman's Service work.

The public is responding to their suggestion that they honor the boys of their household by displaying one of these flags in the home, and in a short time no doubt the entire city will be decorated with them.

Up to date the business houses, public institutions and churches have not given the matter as much serious attention as has been expected.

It is the hope of the Chattanooga branch of the Woman's Service League that our organizations of every kind and business institutions will not be behind similar organizations in other communities who are already making the display with much pride.

All orders for these service flags may be placed with the Rhodes-Mahoney Furniture Co., Market Street, who are handling these orders for the Service League without any charge to them.—(Adv.)

Our Standards

Rigorous as the old Puritan standards is the inspection through which every one of our hams must go before it is passed for the Puritan brand.

That is why only one ham in ten is considered good enough to bear the Puritan label.
