**The Pneumonia Season.**  
 The cold, damp, weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.—(Adv.)

**Grandma Never Let Her Hair Get Gray**

She Kept Her Locks Dark and Glossy, with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound, and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—(Adv.)

**NEW LEADER ELECTED BY IRISH NATIONALISTS**

**John Dillon Succeeds Late John Redmond, Whose Policies He Dictated, 'Tis Said.**

London, March 12.—John Dillon, member of parliament for East Mayo, was yesterday unanimously elected chairman of the nationalist party, succeeding the late John Redmond. The motion to elect Mr. Dillon was made by Joseph Devlin. Mr. Dillon, whose friends sometimes said that he dictated the policies of John Redmond, first entered parliament in 1880, from Tipperary, at the age of 29 years. He was a physician by training, but abandoned the medical profession for a political career in which he was closely associated with Mr. Redmond during the closing years of the latter's life.

Retiring from parliament in 1888, he spent two years in California, returning in 1891 to be defeated as member for North Tyrone, but being elected in the same year from East Mayo, which he has since represented. Possessed of height and long limbs to a degree to make him a conspicuous figure, and presenting an air which his associates have described as one of melancholy, Mr. Dillon has often stood forth as a spectacular orator in his activities in the house of commons.

Agreed to Redmond's Wishes.

Early during the second year of the war he bitterly opposed the British government's plan to raise an additional million troops. He attacked conscription, but finally agreed to conform to the wishes of John Redmond in not further opposing the military service bill. Early in 1916 he denounced the government's methods of dealing with the Irish revolt and condemned the executions. He made several motions in the house of commons urging the government to disclose its plans for the administration of Ireland, declaring Ireland would welcome elections on the home rule question.

On several occasions Mr. Dillon has publicly criticised the British war policy, notably in connection with Rumania, Greece and the censorship. In an address in Dublin last December he condemned the Sinn Feiners, declaring they had alienated sympathy in the United States for the Irish cause. During the session of parliament last year he was described as one of the most voluminous talkers.

**MRS. HERMAN HIRSCH DENIED CHANGE OF VENUE**

**Judge Ben Hill Makes Ruling to Assure Fair Trial of Atlanta Blackmail Case.**

Atlanta, March 12.—Judge Ben Hill in superior court late yesterday denied the motion for a change of venue in the case of Mrs. Herman Hirsch, indicted jointly with J. W. Cook on a charge of attempting to blackmail Mayor Asa G. Candler, of Atlanta. Cook was convicted of the charge on Feb. 27. Mrs. Hirsch's case will go to trial on Thursday.

Mrs. Hirsch petitioned for the change of venue on the ground that she would be unable to get an impartial trial here because of "popular prejudice." In denying the motion Judge Hill announced he would give her counsel the right to question the talemens concerning the case just as would be done in the trial of a case involving a capital crime. The special right, Judge Hill added, will be given the defendant's counsel to "make doubly sure that the trial is fair and impartial."

**Bolshevik Intends No Unfriendliness to China**

London, March 12.—Reuters' Limited, Shanghai correspondent, in a dispatch dated last Saturday, said the Irutsk bolshevik telegraphed the Chinese authorities at a Manchuria border station that there was no intention to show unfriendliness toward China, and that the bolshevik forces were only attacking the rebel Gen. Semenov. The dispatch adds that the Chinese replied that China's relations with Russia not having been impaired, the Chinese were unable to consider Gen. Semenov a rebel.

**BOMBS DROPPED UPON MATERNITY HOSPITAL**

Paris, Monday, March 11.—Fifty maternity cases in a Nancy hospital were removed from the hospital by the American Red Cross in quick time after a recent air raid on Nancy. One bomb dropped on the roof of the maternity hospital and fell between two occupied beds. It failed to explode.

The Red Cross hospital where the patients were taken is occupied by 500 refugee children and their mothers.

**RESIGNS AS HEAD OF RAILWAY MAIL SERVICE**

Atlanta, March 12.—Announcement was made here yesterday of the resignation of E. P. King, of Atlanta, as superintendent of the fourth division of the railway mail service. T. H. Harris, of the railway mail service at Cincinnati, has been named to succeed him.

In announcing his resignation Mr. King, who has been connected with the railway mail service for the last thirty-eight years, said he had been offered the superintendency of the division at Cincinnati, which he declined.

**TWO BRITISH AIRMEN RELEASED BY GERMANY**

London, Monday, March 11.—It was officially announced tonight that the German government had released from special imprisonment the British lieutenants, Scholtz and Wooley, the two airmen who some time ago were given prison sentences for distributing propaganda in Germany by dropping printed matter from airplanes over German territory. The release was due to a threat by the British government to take reprisals unless the airmen ceased to be subjected to unusually harsh treatment.

**WAR MEDALS PRODUCED IN GERMANY BY SCORE**

London, Feb. 1.—(Correspondence of the Associated Press.)—Germany has produced 150 different war medals to commemorate various alleged victories during the war. Copies of about half of them have been obtained by the Victoria and Albert museum in London and are now on exhibition there.

Before April, 1918, the German government had issued more than a hundred popular-priced "victory medals" of various kinds. These were struck off in light silver and sold to the public for a small sum, bearing inscriptions recording such exploits as Zepp-

lin attacks on London, the bombardment of British coast towns and battles on the western front. Many of the medals bear portraits of popular heroes of a day or two.

Some of the medals are intended as cartoons. Such is a medal depicting England as a skeleton tormented by the Dutch steamer Tubantia, although the Dutch government protests that the torpedo was of German manufacture.

**NUMBER OF UNITS TO GO TO FRANCE AT ONCE**

(George Rothwell Brown in the Washington Post.)

A number of divisions of the national army have received orders to hold themselves in readiness to go to France. The general officers commanding them have come to Washington, and yesterday submitted to the final physical examination to determine their fitness for foreign service. Everything is in readiness for the dispatch of the first of America's citizen soldiers to reinforce the troops under Gen Pershing.

No more encouraging news than this has come out of the war department for months. The announcement is full of significance. It indicates that the raw conscripts taken from civil life only a few months ago have been whipped into shape, under intensive training, to take their places as reserves to the more seasoned men now having their baptism of fire on the western front.

Not all the national army is in fit condition for foreign duty, but a substantial number of units, the designation of which cannot be made public, have been found far enough advanced to go overseas, months before the German general staff dreamed that such a thing would be possible. The commanding officers of the divisions selected are the proudest men in the country.

The divisions to which orders have been issued were selected recently by a close examination of every military unit remaining in the United States. The reports were sent to the war department and the fortunate commands described as being far advanced in military training were awarded the good luck. At the same time the general officers were ordered to Washington, it being the strict rule that before these officers leave the country they must pass examinations to determine their physical fitness.

**THIRD RESERVE DISTRICT MAKING ELABORATE PLANS**

Philadelphia, Feb. 22.—(Correspondence Associated Press.)—Probably no other section of the country has made more elaborate preparations for the third federal reserve district, which embraces two-thirds of Pennsylvania, New Jersey south of Trenton and all of Delaware. Philadelphia, as the headquarters of this territory, will be the focal point of spectacular interest during the new drive.

Four art figures in heroic mold have been installed over the four archways of the city hall here to stimulate interest in the campaign. Notable among these is a reproduction, in all but the dimensions, of Bartholdi's statue of the Goddess of Liberty in New York harbor. Surmounting the other entrances of the municipal building are, respectively, a gigantic representation of a khaki-clad soldier going over the top, a tank on an advance and a portrayal of an American battleship destroying a German submarine.

The Statue of Liberty, including the torch, is twenty-nine feet high, and with the pedestal, towers aloft about fifty feet. It is the largest imitation of the bronze presented to America by the French nation ever made, and it is expected that it will be entirely venerated with a coating of medals and nails, the latter to be driven in by bond subscribers.

In the base of the statue there is a large room with two entrances. From this a ladder leads to the figure of the goddess. Bond-buyers will be furnished with medals on which their initials will be stamped, and with these they expect to weld a complete coat-of-mail for "Liberty" long before the campaign is completed.

Delegations from all over the Third federal reserve district have planned pilgrimages to the city to take part in this unique pledge of patriotism.

**KNOXVILLE MAN SAYS ACID IRON MINERAL FINE FOR YOU**

Perhaps the two greatest medicines in the world come from ore mined just like gold—radium and Acid Iron Mineral. Few people dreamed, years ago, that they would be mining a stomach remedy but here it is and though chemists have tried in both cases to imitate them it seems to be impossible.

Vegetable preparations have been on the market in different forms for a long time, but the results from using Acid Iron Mineral seem to prove conclusively that in this mineral we have the medicine for so-called indigestion and stomach troubles.

Knoxville Man Indorses It.

"My druggist recommended Acid Iron Mineral to me and I was troubled at that time with indigestion, stomach ailments, poor appetite, and was so nervous I couldn't sleep except by fits and starts at night. I didn't care to eat supper at night and pains after eating bothered me a lot, but since taking this iron mineral in liquid form all the above ailments have left me and I eat anything I wish. It did me so much good I wish others who suffer like I did would try it. It is a wonderful medicine," declared Tom Jenkins, 72 Lamar street, a well-known Bell Laundry driver.

Chasp as Dirt, Too.

A dollar bottle lasts weeks and a half-teaspoonful gradually increased to a teaspoonful in a glass of water after meals is all anybody wants to take to drive stomach troubles away. It has a peculiar taste, puckers up your mouth, and you would think there was alum in it, but it is the iron that does that. It doesn't hurt the teeth, and is just fine for the blood, too. Families up north serve it regularly at meal times in the water they drink. Four times in lots of cities serve a dash of it in fountain drinks. It is all the rage and anybody may wisely take it. As you pass the druggist's take home a bottle tonight.

Sold in Chattanooga by Live & Let Live Drug Co.; East Chattanooga by Avondale Pharmacy; Huntsville, Ala. by J. D. Humphrey & Son, and good druggists everywhere.—(Adv.)

**OKLAHOMAN CHAIRMAN CAMPAIGN COMMITTEE**

**Senator Shields Elected Vice-Chairman of Democratic Congressional Unit.**

Washington, March 12.—Representative Scott Ferris, of Oklahoma, chairman of the house public lands committee since the democrats gained control, was elected chairman of the democratic congressional campaign committee last night. He succeeds Representative Frank E. Doremus, of Michigan, who after plotting two congressional campaigns announced he

could no longer serve because his time would be taken up by other congressional activities.

The committee reorganized for the first time during the congress.

These vice-chairmen were elected: Senators Shields, Tennessee; Shafer, Colorado, and Thompson, Kansas; Representatives Webb, North Carolina; Gandy, South Dakota; Raker, Colorado, and Cox, Indiana.

Representative Lonergan, of Connecticut, was chosen secretary; South Trimble, of Kentucky, who is clerk of the house, was continued as assistant secretary, and Joseph J. Sinnott, of Virginia, doorkeeper of the house as sergeant-at-arms of the committee.

Both Mr. Ferris and Mr. Doremus made speeches expressing full confidence of the success of the party at the polls next fall. It was agreed that there should be another meeting on April 5.

**Fred Bryan Buys the Chattanooga Transfer Co.**

The Bryan Transfer and Storage Company has taken over the Chattanooga Transfer Company.

I want to take this opportunity to thank my patrons who have helped enable the Bryan business to grow to the point of absorbing the older company.

Also I want to thank especially our loyal employees, who, in the fifteen years since the Bryan business was started in a very small way, have helped the business develop rapidly.

It has taken hustling and ceaseless hard work these fifteen years to give our customers a constantly improving service.

That same hustling will go into the consolidated business to provide the greatest measure of satisfaction to both our old and new customers.

Since the Bryan business is absorbing the other company, many friends believe the consolidated firm should operate as the Bryan Transfer Company, but we have decided to operate under the name Chattanooga Transfer and Storage Company because the oldest transfer company in each city uses the name of that city. People at a distance, knowing nothing about Chattanooga, will make shipments to "The Chattanooga Transfer Company," assuming that such a company exists.

Starting today the Bryan business will be moved from Fifth and Broad and consolidated with the newly-acquired business at Tenth and Georgia avenue. The Coal Department will remain at Twelfth and Carter streets.

With the two transfer businesses combined the volume of business will be large. That our customers may have the best possible service, the business will be departmentized, with competent, responsible heads in charge of the baggage transfer, transfer of passengers from station to station, moving, storing, packing of furniture and other departments.

The warehouse at Tenth and Georgia avenue enjoys the lowest insurance rate in the city, and the facilities are excellent for taking care of patrons who care to store their goods.

It will be the personal aim of the President of this consolidated company to give the patrons of both the Chattanooga Transfer Company and the Bryan Transfer Company the best possible kind of service.

**FRED A. BRYAN, President.**

**Bryan Transfer & Storage Co.**
