

FRECKLES

March Worst Month for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled. Simply get an ounce of othine, double strength, from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.—(Adv.)

NEARLY DIED OF PELLAGRA

Used to Pray She'd Pass Away, But Happy Now She's Cured.

Mrs. Bama Jacobs, Garney, Ala., writes: "I was a constant sufferer from that dreadful pellagra for four long years. My case seemed beyond my doctor's reach and in July, 1916, he said he could do no more for me. I would even find myself praying to die, I suffered so much. Finally my husband ordered a trial of Baugh's Pellagra treatment and in three weeks I could see a great change and I am pellagra and will undertake to cure well today. I say to all, take Baugh's treatment and be cured for my case was bad and of long standing."
That testimonial says more than we could say, except this: "We can cure any case, no matter how long standing, on basis of refunding the money if we fail to effect a cure. To get informed on the subject write today for Baugh's big booklet on pellagra, sent free. Write American Compounding Company, Box 2025, Jasper, Ala.—(Adv.)"

GRANTED RIGHTS OF CITIZENSHIP

Judge Bachman Restores Allan Watson to Full Rights. Establishes Character.

Allan Watson, formerly a resident of Knox county, but now a resident of Hamilton county, was Thursday afternoon in the circuit court restored to all the rights and privileges of citizenship. The order, which was issued by Judge Nathan L. Bachman upon application of various prominent men of Knox, Campbell and Hamilton counties, was spread on the minutes of the court. Mr. Watson was at the 1915 summer term of the Campbell county court convicted of forgery and sentenced to serve a term in the state penitentiary. After serving part of his term he was, on recommendation of the trial judge, attorney-general and various other prominent citizens, pardoned Dec. 24, 1917. While in prison and since his pardon Mr. Watson has led an exemplary life, and his application for reinstatement to citizenship was accompanied by flattering affidavits from leading citizens. Mr. Watson, at the time of his troubles, was engaged in a long-drawn-out and bitter fight against the organized liquor forces in Knoxville and Tennessee, and his conscientious zeal, together with the powerful opposition encountered, led him into deep waters. It seems after the failure to receive financial aid in the good work he was endeavoring to carry on he used some money which it is claimed he had not the authority to use, and as a result he was tried and convicted. It is shown, however, that every dollar he obtained illegally he used to further and strengthen his fight against the liquor traffic and not one penny was placed to his own personal use.

Honesty and Integrity.

Mayor John E. McMillan, of Knoxville, and who is also vice-president of the Third National bank of that city, in an affidavit which accompanied Mr. Watson's petition expressed implicit confidence in the ability and integrity of Mr. Watson. W. P. Candler, postmaster at Knoxville, also in an affidavit states that he believes in the petitioner's integrity and fidelity. W. M. Nixon, former warden of Brushy Mountain, and who was warden while Mr. Watson was at the prison, states that while the petitioner was there he conducted himself on a high plane and his conduct and every movement were above reproach. Mr. Nixon stated in his affidavit that while at the prison Mr. Watson was employed as chief clerk in the office, and later, when the cashier was sick, acted in that capacity and thousands and thousands of dollars passed through his hands, every cent of which was accounted for. He stated that he believed Mr. Watson a good citizen, conscientious and honest and deserving of restoration to citizenship.

Dealings Always Square.

L. O. Scott, B. C. Watkins and J. C. Foreman, large coal operators of Roane county, gave affidavits that while Mr. Watson was at Brushy Mountain they had business dealings with him involving thousands and thousands of dollars, and he always and at all times conducted himself as an honest, conscientious and upright young man. John W. Staples, a prominent attorney of Roane county, in an affidavit expressed his confidence and belief in the honesty and integrity of Mr. Watson. After the introduction of the petition for restoration to citizenship of Mr. Watson by T. W. Stanfield, Judge Bachman ordered the following order to be spread upon the minutes of his court: "It is hereby ordered, adjudged and decreed by the court that judgment and infamy resting upon said petitioner, Allan Watson, be and is hereby removed, and that he be, and is hereby, restored to all the rights and privileges of citizenship."

ANOTHER CHANCE FOR DRAFT MEN TO ENLIST

Wanted: Thirty office men and 1,000 mechanics and men who can drive automobiles. This is the desire of the Sixth Division, made known by Col. Pickering Thursday evening when the officer went to the local draft board and requested that the vacancies be filled entirely from Hamilton county enlistments. This is opened another opportunity for men to volunteer for service rather than wait for the call of the draft. It will mean that they stay, and fight, together. Col. Pickering is chief of staff of the Sixth army division, making its headquarters at Chickamauga. The office men are to be stenographers, clerks and general office men; all enlisted. The men will be inducted into immediate service under call No. 161, E. S. R. They will have to go to the headquarters first and receive letters addressed to them by Col. Pickering requesting their induction. This request must be taken to the applicant's board and presented to the chairman, and the applicant at once inducted into the service. This plan of induction is styled "individual induction," and only such men can be inducted as are needed to fill certain depleted ranks, or who are specially qualified for certain duties.

COLORED BAPTISTS PREPARING RALLY

Working Members to Hold a Get-Together Meeting Easter—Committee That Does Things. The working members of the First Colored Baptist church on E and Eighth streets are preparing a rally for Sunday, March 31, under the auspices of the Sunday school. Exercises by the junior, primary and kindergarten departments will be a special feature of the program. The Sunday school chorus, under Miss Cora Durrah, will also render several selections, and Miss Nettie Burge will sing a solo. This school is a graded one, and the work being done is very gratifying to pastor and officers. For the past three years, the committee on sociology and settlement work under the leadership of Miss Mabel Durrah, who has had wide experience in that class of work, has gone to the relief of a number of destitute cases, and in Christmas times, the amount formally spent for presents and Santa Claus is turned over to this committee, who seek the less fortunate and endeavor to spread a little sunshine into their lives. The committee also makes monthly contributions to the Associated Charities and stand ready to help in any other way that may be called upon to help.

Washington, March 29.—Preliminary to a final vote today the senate apparently favored an amendment to the draft bill, which would provide for compulsory military training of youths between 19 and 21 years of age by defeating 35 to 32 a motion by Senator Jones, of Washington, to table it.

der Briggs, of the British royal flying corps. Members of the committee, it was understood, are not inclined to investigate charges made yesterday in the senate by Senator Overman that there are spies in the Curtis plant. Chairman Chamberlain said that it is a matter to be handled by the department of justice.

GOOD FRIDAY PASSED IN SPIRIT OF DEVOTION

English Cathedrals Thronged. War Lends Significance to Services.

London, March 29.—The spirit of devotion pervaded England this Good Friday. Thoughts were, of course, centered on the battle front and the news of the critical fighting in the last few days gave a particular significance to the services which were held in all churches. The preachers exhorted their congregations to face the immediate future with courage and confidence. St. Paul's and Westminster cathedral and Westminster abbey were crowded, notwithstanding the bright sunshine which in other years would have taken the people to parks or the country. Queen Mary and Princess Mary attended the services at St. Paul's. The Bishop of Winchester preached. In the afternoon a great open air service was held in Hyde park. The Bishop of London was one of the preachers.

The labor members of the conference declared they were well pleased with the result reached.

HOTEL MEN CHEER WHEN HOOVER ANNOUNCES PLAN

Seven Hundred Pledge Absolute Abolition of Wheat From Their Menus.

Washington, March 29.—Absolute abolition of wheat and wheat products from the menus of all first-class hotels in the United States was asked of 700 hotel men by Food Administrator Hoover here today. The response was an outburst of cheering. Rising to their feet the hotel men raised their right hands and pledged themselves to effect a 100 per cent. saving in wheat to be sent to the allies.

Food Administrator Hoover told the hotel men that the nation was at the most critical point of its history since the battle of Gettysburg and that a proper supply of wheat presented its greatest difficulties. "If the Lord is good to us in the weather, our difficulties will be over by September 1, however," he said.

EASTER—A Day of Rejoicing

Apart from its deeply religious import, EASTER marks escape from the clutches of The Frost King. So named after Eastre the Goddess of Spring, all nature conspires to make it truly "a day of rejoicing" and with her fresh new raiment gives abundant evidence of world rejuvenation.

—And Easter is a festal day. What more fitting time to repair the waste of an enervating Winter and to get away from the sameness in foods?

PURITAN Hams and Bacon contain more nutriment per pound than fish, fowl, or any other meats except clear pork fat

PURITAN Hams and Bacon are selected young, tender, finely grained meats, given an exclusive curing and smoking process, producing uniform excellence of flavor. Countless are the ways of serving, but you might try these:

BAKED HAM Boil Puritan Ham 4 hours; remove skin. Mix a cupful of the juice with a cupful of cider vinegar, pour over ham and set in pan to bake. Cook 3 hours in moderate oven, baste often. Insert cloves in fat where skin has been removed. Mix 1/2 cupful each of brown sugar and bread crumbs and 1 teaspoonful of pepper, sprinkle over ham. Bake 1 hour longer.	BACON SANDWICH Cut slices of Puritan Bacon thin and score the outer edge. Brown quickly in a hot pan. Then place between the fingers the wide strips of bread. Dip the bread into a beaten egg, then into the crumbs, then fry it golden brown in hot fat.	EMINCE OF HAM Cut as many slices as possible from the cooked butt of Puritan Ham, and lay them aside for cold cuts. Mix fine sufficient end bits of ham to measure 1/2 cup. Place in a sauce-pan and add 4 table-spoons of water, 1 table-spoon of lemon juice, 1 table-spoon of catsup. Heat until hot. Pour over the emince a thick sauce. Garnish and serve.
