PROPHECY No. 2

WE BELIEVE: (A) That a great era of prosperity in this country will immediately follow the close of the war; (B) That this era of prosperity will greatly advance the value and price of real estate above what it is today; (C) That many of our people will become the fact that they did not buy real estate now while it is low and reap the advance in prices later on; (D) That in spite of the war real estate in Chattanooga will become more active than ever, and a great part of the result of the vast sums of money spent here and the new people coming in.

Why not exercise good judgment and buy a home or a vacant lot now? We can arrange easy terms. See us first for bargains.
