

HARRIMAN SCENE OF DEPLORABLE TRAGEDY

Alex Mincey and Little Son Are Drowned in the Emory River.

(Special to The News.) Harriman, June 18.—While Alex Mincey and his entire family, consisting of his wife and six children, the eldest not over 14 years of age, were wading in the Emory river at their home, six miles east of this city Sunday afternoon, a little son, 5 years old, while scampering around, went into a hole where the water was from fifteen to twenty feet deep. His father, seeing his perilous position, swam to his rescue, when the little fellow clutched him around the neck and both went to the bottom and were drowned, never rising until John Davis, an expert diver, of Harriman, went to the scene and took them from the bottom of the river.

SUMMER SCHOOL AT MONTEAGLE JULY 8

(Special to The News.) Monteagle, June 18.—The thirty-sixth annual session of the Chattanooga and summer school of the Monteagle assembly will begin July 8 and continue throughout July and August. Some features running throughout the season consist of orchestral concerts daily, except Sunday, moving pictures, story hour for children and twilight prayers every evening. In addition to other interesting and instructive features will be a lecture each week on timely topics. The first of these will be by Mr. McBrien, on "Education and Patriotism," especially appropriate at this time. The summer school will give instruction in vocal and instrumental music, as well as arts and crafts. For the first time on the Monteagle

program will appear the Elsie Herndon Kearns company. The repertoire of this company of pastoral players includes plays by Moliere, Maeterlinck, Shakespeare and others.

Instruction in Red Cross classes will be given under authorized instructors from the American Red Cross of Washington. The assembly grounds are already filling far in advance of last year.

Willing for Law to Take Its Course If She Dies

(Special to The News.) Knoxville, June 18.—"If I get well, I don't want him punished, but if I die I am willing for the courts to take their course," says Mrs. George Mackie, who was shot by her husband in a restaurant which the couple operated on East Jackson avenue here. The woman is in the hospital, shot once in the left hand and twice through the body, near the abdomen. Her husband refuses to discuss the shooting.

Preliminary Trial of Negro Charged With Murder

(Special to The News.) Knoxville, June 18.—Preliminary hearing of C. E. Nelson, colored, on a charge of shooting and killing Jesse Evans, also colored, was scheduled to take place Tuesday afternoon before Squire Frank Dobson here. The killing occurred late Saturday night near the defendant's barber shop. The trouble between the negroes grew out of a petition seeking to have Nelson named as trustee officer for the colored schools in the place of Evans, and also out of statements Evans claimed Nelson had uttered against him. Nelson claims self-defense.

**BENN MESSENGER SERVICE**  
Main 961 or Main 844.  
Prompt and efficient service, 7 a. m. to 8 p. m. daily except Saturday, 9 p. m. Sunday we close at 3 p. m.—(Adv.)

WILSON URGES USE OF UNITED STATES EMPLOYMENT SERVICE

Washington, June 18.—All employers engaged in war work were urged in a statement by President Wilson last night to refrain after Aug. 1, from recruiting unskilled labor in any manner, except through the United States employment service recently organized by the department of labor. The labor forces were called upon by the president "to respond loyally as heretofore to any calls issued by this agency for voluntary enlistment in essential industry."

The statement by the president was accompanied by a letter written June 15 by Secretary of Labor Wilson, calling attention to the forming of the employment service, pointing out the necessity for such a labor distributing body and detailing its duties. "For more than a year," said the president's statement, "it has been our pride that not our armies and navies only, but our whole people is engaged in a righteous war. We have said repeatedly that industry plays an essential and honorable role in this great struggle as do our military armaments. We all recognize the truth of this, but we must also see its necessary implications—namely, that industry, doing a vital task for the nation, must receive the support and assistance of the nation. We must recognize that it is a national demand—almost a right of any one serving his country whether employer or employee to know that his service is being used in the most effective manner possible. In the case of labor this wholesome desire has been not a little thwarted owing to the changed conditions, which war has created in the labor market.

**Overlooked Jobs at Home.**  
"There has been much confusion as to essential products. There has been ignorance of conditions—men have gone hundreds of miles in search of a job and wages which they might have found at their doors. Employers holding government contracts of the highest importance have competed for workers with holders of

Austria Claims Capture 30,000

Vienna, June 18.—Austria this afternoon claimed the capture of 30,000 prisoners.

ESCAPED CONVICT CAUGHT IN BRAZIL

Officer to Go After Lee Boles, Who Made His Getaway From Brushy.

(Special to The News.) Knoxville, June 18.—A journey all the way to Brazil, South America, will be made by an officer to get a convict who escaped from the state prison at Brushy mountain. Lee Boles, who escaped a few weeks ago from the Brushy mountain prison, has been captured in Brazil, and Deputy Sheriff A. L. Wells will start Thursday to bring the fugitive back. The warden of the state penitentiary, through instructions from the state board of control, authorized Deputy Wells to go after the man. Mr. Wells himself learned that Boles was in Brazil.

Several months ago Boles was convicted from Knox county on a charge of shooting Deputy Sheriff Arthur C. Gray and Alfred Swanner. The two deputies went to Boles' home with a warrant charging "carrying concealed weapons." Boles resisted arrest, and from a window in his house fired at the deputies. Swanner was injured rather seriously; Gray was shot through the shoulder.

NINETY-TWO AUSTRIAN DIVISIONS IN STRUGGLE

(Associated Press.) Paris, June 18.—Ninety-two Austrian divisions, consisting of eighty divisions of infantry and twelve of cavalry, have been hurled into the greatest battle that Italy has yet fought, according to an official announcement at Rome received here through the Havas agency. Seventy-one of these divisions have already been identified. The forces engaged comprise three-fourths of the whole Austrian army and the choicest troops, under the command of Field Marshal Boroovic. (The number of men in the Austrian division is not exactly known, but the number of divisions engaged would indicate that approximately 1,000,000 Austrian soldiers have been thrown into the battle.)

Papers found on officers show that after forcing the passage of the Piave, the first day's object was the Treviso-Montebelluna railway. The two days of fighting the enemy columns had succeeded only in realizing the minimum assigned for the first day, according to the official note issued at Rome. But one single allied aviator has been lost during the Austrian offensive, while forty-four enemy machines have been brought down.

**2500 Cannon Used.**  
"In artillery and airplanes Austria is using all its available resources," says the official statement. "Not less than 2,500 cannon of all calibers have been brought into action. Three Austro-Hungarian armies under the command of Field Marshal Boroovic are engaged in fighting desperately with enormous military means. Orders are to advance at any cost, without thought of blood sacrifices. The Austro-Hungarian regiments readily obey. Thousands of corpses strew the battlefield overlooking the mountainous Italian sector and accumulate along the Piave, but the objectives which the enemy was to reach are yet far away."

ELECTROCUTED BY LIVE WIRE AT KNOXVILLE PLANT

(Special to The News.) Knoxville, June 18.—W. Mattlock, employed at Standard Oil plant here, was electrocuted by live wire Tuesday morning when he attempted to remove a sign blown down by a 45-mile gale in the heavy storm Monday night.

MRS. ADOLPHUS BUSCH JUST BACK FROM GERMANY

(Associated Press.) Washington, June 18.—Mrs. Adolphus Busch, of St. Louis, returning from a long stay in Germany, is held temporarily at Key West, Fla., for examination by the immigration authorities and agents of the department of justice. She is chief owner of the great brewery and other properties ordered taken over yesterday by the alien property custodian.

FRENCH BARK IS FOOLED BY DESERTED VICTIM OF U-BOAT

(International News Service.) San Francisco.—Capt. Abel Chevalier, commander of the French bark Bretagne, holds the unique distinction of being the only officer to attack a German submarine and then find that the object of his attack was itself the victim of a submarine.

After a toilsome journey through submarine-infested seas, the Bretagne came upon what was believed to be a German U-boat off the Spanish coast. Capt. Chevalier turned loose with his guns, and after sending several shells through the supposed diver discovered that it was the hull of an American ship that had been torpedoed.

"We fired eleven shots at a distance of three miles before we discovered our mistake," said Capt. Chevalier. "When we ran alongside we found no sign of life aboard. The lifeboats were gone and the crew probably had made for the Spanish coast. The only letters we could find were on the name plate were R—easy."

PLAN BIG BEAR HUNT AS BRUIIS ARE DAMAGING

(International News Service.) Marlinton, W. Va.—Because of light hunting seasons bears have multiplied in great numbers in this section of West Virginia and their nightly depredations are keeping the farmers worried. More than 200 sheep have been killed by the animals within the last few weeks. An organized bear hunt is being planned.

DUMP KAISER IN BASIN.

(International News Service.) Boston, Mass.—Students of the Massachusetts Institute of Technology nailed an effigy of the Kaiser in a special-prepared coffin and afterwards threw the coffin, Kaiser and all into the Charles River basin. The ceremonies were preceded by a funeral march and a dirge.

Famous in a Day For Her Beautiful Complexion, Oatmeal Combination Does It

A Free Prescription Does Its Work Overnight. You Can Prepare It at Your Home.

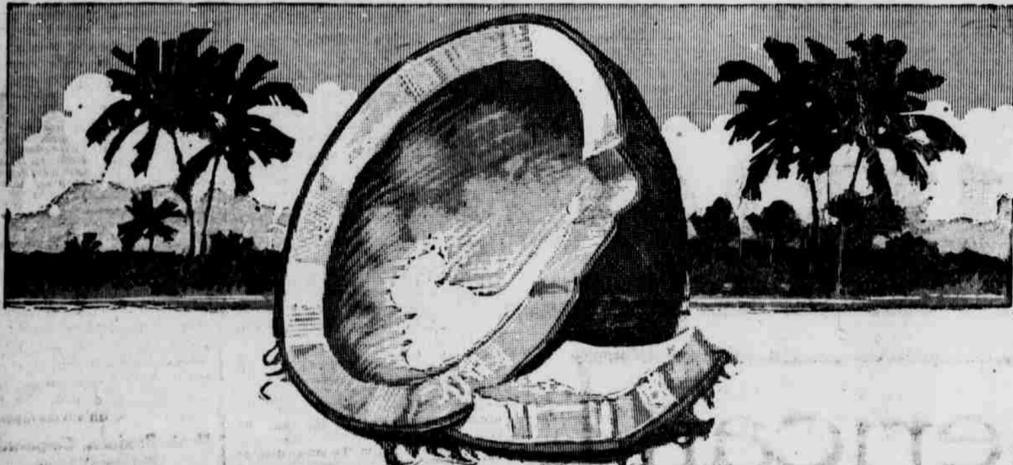

New York: It is my own discovery and it takes just one night to get such marvelous results, says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice she says: I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it. All this change in a single night. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it makes in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of derwillo. Prepare the oatmeal as directed in every package of derwillo and apply night and morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend it for freckles, tan, sun spots, coarse pores, rough skin, ruddiness, wrinkles, and, in fact, every blemish the face, hands and arms are heir to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and unattractive the hands and arms, or what abuses they have had through hard work and exposure to sun and wind, this oatmeal-derwillo combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it have had the same results I have had.

Note: To get the best effect be sure to follow the complete directions contained in every package of derwillo. You have only to get derwillo and oatmeal. You need nothing else and it is so simple that anyone can use it; and is so inexpensive that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money refund guarantee by all department stores and druggists, including the Live and Let Live, Morrisons' and R. J. Miller stores. —(Adv.)

Science Solves the Butter Problem with Butter Made from the White Meat of Cocoanuts

Just when the price of butter threatens to make it an unattainable luxury, science perfects TROCO, the new vegetable butter made from the white meat of the cocoanut. It tastes exactly like the finest creamery butter and is even more wholesome and pure. It is churned with fresh Pasteurized milk to give true butter flavor.

Because of old laws, made before this discovery, we are compelled to label this nut-made butter as oleomargarine. But it contains no oleo oils—no hog or beef fat, nor any preservatives. TROCO is simply vegetable fats, churned with milk for the butter taste. Yet this appetizing combination costs no more than does the best grades of oleomargarine.

TROCO

**Can't Be Told From Butter**  
TROCO has all the good qualities of fine creamery butter. The only difference you will notice is the cost. It is as nutritious as cream butter, and as easily digested. It possesses the fuel value needed for energy. TROCO when served has butter's golden color, because we supply the same vegetable coloring used by all butter makers. Served on your table, without explanation, no one can tell the difference. **Goes Farther In Cooking**  
TROCO, used in cooking, gives the same results as butter, except that it goes farther. Cooks should remember this and reduce the amount.

It makes such cake as has not been known since butter soared in price. It allows the old-fashioned "rich cooking" that builds up the family health. **Your Dealer Can Supply TROCO**  
If your dealer doesn't already keep TROCO, ask him to get it for you. Tell him you must have this new-day successor to butter. Insist until he secures a supply. For TROCO solves one of the biggest problems presented by our high food prices — The problem of serving appetizing, wholesome butter at a moderate cost. Made by the

TROCO NUT BUTTER CO., Milwaukee, Wis FOX BROS. CO., Wholesale Grocers DISTRIBUTORS Phones: Main 6362 and 6363

NOTICE: Under the law all butter substitutes must be without oleomargarine. That law was passed before TROCO was invented. So the TROCO substitute is branded "Oleomargarine," though there is no oleo in it. All butter substitutes must pay an extra tax if colored. So the color for TROCO comes in a capsule. Add it yourself, as you do with Oleomargarine.
