

Stomach Dead Man Still Lives

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and need relief in large chunks of artificial digestors, are killing their stomachs by injection just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by J. O. Anderson, and is rigidly guaranteed to build up the stomach and cure indigestion, or money back.

Happiness Can Be Bought With Money

if it depends on good health and if the complaint is not incurable. As far as money is concerned, Dr. Siegert put good health within the reach of all when he invented his famous bitters. Dr. Siegert was the Surgeon General in charge of the Military Hospital of Guyana in the city of Angostura in 1824. Three generations have blessed him for his great gift to humanity. You too may be happy again, for you do not have to suffer from impoverished blood, loss of appetite, nervous headache, sluggishness of the intestinal tract, indigestion, depression of spirits, malarial fevers or diarrhoea arising from weakness or relaxation of the digestive organs.

"TIZ" FOR ACHING, SORE, TIRED FEET

Use "Tiz" for tender, puffed-up, burning, calloused feet and corns.

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out at the poisonous exudations, which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now... on any drugstore. Just think! A whole year's foot comfort for only 25 cents.—(Adv.)

ITALIANS OPEN NEW ATTACKS

Score Advances in Mountain Zone Sector of Asiago Plateau.

(International News Service.) Washington, June 25.—The Austrians are in full retreat. They evidently foresaw the possibility of an Italian offensive, but never anticipated the possibility of their own defeat, says an official dispatch from Rome to the Italian embassy this afternoon.

Six hundred additional prisoners have been captured by the Italians, bringing the recorded total to more than 6,000, said advices from the front today.

These include only the captives taken between the old and new Piave fronts.

On account of the rapidity of the Italian advance and the general confusion which always follows such quick operations only meager accounts have come from the fighting zone so far.

The Piave river is still flooded and the French to some extent has hampered the Italian advance. Bridges across which the pursuing troops had to cross were swept away by the torrent.

Unless the river falls, it was stated today, it is unlikely that the major scale operations on the Piave front will last much longer. This is due to the difficulty in getting troops to the eastern bank to continue the attacks against the retreating Austrians.

The Italians have opened fresh attacks in the mountain zone (sector of the Asiago plateau), and have scored an advance there despite strong pressure from the enemy. There has been hard fighting in the Montebella and Monte Asolona sectors.

On the rest of the front the Austrians are now back to their old trenches east of the Piave.

The Italian war office has not yet announced the capture of 45,000 prisoners, as reported from Washington.

SENATE AGREES TO AMEND ARMY BILL

(International News Service.) Washington, June 25.—The senate this afternoon agreed to the amendment to the \$12,000,000,000 army bill providing for the organization of the Slavic legion and for the training of Pan-American troops in the United States.

At the suggestion of J. J. Jusserand, the French ambassador, the senate modified the amendment to leave the Poles out of the Slavic legion, but included Lithuanians.

Senator Hitchcock, chairman of the foreign relations committee, explained to the senate that the French government was trying to raise a large Polish army in France and that it would be wise to give it a free hand in enlisting the service of the Poles.

JOINT CONFEREES AGREE ON APPROPRIATION BILL

(Associated Press.) Washington, June 25.—An agreement was reached today by senate and house conferees on the legislative, executive and judicial appropriation bill providing that all government employees in the civil establishment shall work eight hours daily instead of seven, as at present, beginning July 1, and shall receive \$120 additional pay annually.

The conferees also agreed to continuation of sub-treasuries, including the one at New Orleans, which the house had voted to abolish.

FIRST WOODEN HULL IS LAUNCHED AT JACKSONVILLE

Jacksonville, Fla., June 25.—The Daney, the first wooden-hull steamer to be built here under government contract, was launched from the ways of the J. J. Murdock Shipbuilding company shortly before noon Monday. Within ten minutes afterward the keel of another vessel was laid.

The Daney is 204 feet in length and will develop a speed of 14 knots per hour. She will be in commission within the next twenty days, her builders announced.

SENATOR SUTHERLAND ENTITLED TO HIS SEAT

(Associated Press.) Washington, June 25.—Senator Sutherland, of West Virginia, republican, is entitled to his seat in the United States senate, the senate privileges and elections committee decided today in dismissing the election contest brought a year ago by former Senator Chilton, democrat.

WOULD NEVER GET WELL, HE THOUGHT

Nashville Man Could Only Walk Short Distance Without Resting.

WORKS ALL RIGHT NOW Love Says He Hasn't Had a Touch of Asthma Since Taking Lung-Vita.

"I have been troubled with asthma for two years and have had doctors and taken their medicine, and I also tried different remedies that were recommended without getting any relief," says Mr. Alexander Love, of 2913 Fifteenth avenue, north, Nashville, Tenn.

"I would have very hard coughing and smothering spells at different times, and I could walk only a short distance without resting because of shortness of breath. I began to feel very uneasy about myself, for I had about come to the conclusion that I would never get well. I saw in the papers that Lung-Vita was a fine medicine for this trouble and bought a bottle. I have taken six small bottles of Lung-Vita to date and can say it has cured me entirely. I commenced to take the medicine last spring and I have not had a touch of asthma since. I can now do as much work as anyone my age can do."

Lung-Vita is sold by druggists and dealers.—(Adv.)

CANADIAN HOSPITAL BOMBED BY GERMANS

(Associated Press.) Canadian Army Headquarters in France, June 25.—(By the Canadian Press.)—A Canadian hospital on a site behind the British front occupied for eighteen months was bombed by the Germans last night and several persons, including doctors and officer-patients, were killed or seriously wounded.

PRESTON TALKS OF HINDU REVOLUTION

Man Who Prosecuted Leaders in San Francisco Visits His Brother in Chattanooga.

Hon. John W. Preston, United States District Attorney at San Francisco, Cal., left Chattanooga for his home after a short and joyous visit with relatives in this city.

Mr. Preston has had charge of the prosecution of a number of cases in the southern district of California of both a national and international importance, chief among which was the prosecution and indictment of a number of Hindus, Germans and others who were engaged in a plot to foment a revolution in India.

When seen by a News reporter at the Terminal station Mr. Preston said: That the headquarters in this country of the would-be Hindu revolutionists was in San Francisco, and the most of their operation were located along the Pacific coast.

He said, "that population had been convicted and that the investigation was still progressing with other arrests to follow. The entire plot was connected up with the I. W. W. and German propagandists like a Seis Fein organization."

He said, "that population of the Pacific coast was very cosmopolitan and that they had to contend with people of a great many nationalities, which accounted for most of the disloyal activities of such organizations as the I. W. W."

The Hindu plot brought on many sensational discoveries involving some prominent men in this country, (among whom were lawyers, merchants and shippers. Some of these have tied to the organizations headquarters in Mexico. Others are being trailed and followed through the large cities of this country.

District Attorney Preston was in the court room engaged with the prosecution when a Hindu opened fire at a witness then giving testimony at the trial. The United States marshal fired over the heads of the court attendants and spectators instantly killing the Hindu. This occurred last April and attracted a good deal of attention throughout the country. No one else in the court room was injured.

During the past year Mr. Preston has prosecuted 780 criminal cases, and there yet remains on the docket over 600 cases in his court involves charges of trading with the enemy, espionage and other war-time breaches of the law.

Walter Sauerbeck, a German navigator who was held for a time at Fort Ogilthorpe, was recently prosecuted and convicted by Mr. Preston.

Mr. Preston says that he has enjoyed his visit with his brothers and to his native state very much and regrets that owing to the pressure of business he is unable to remain longer.

Gen. Preston came here to visit his brothers, T. R. and C. M. Preston.

UNITED STATES GROWING IMPATIENT OVER DELAY

Of Turkey to Explain Reported Sacking of Hospital at Tabriz. Make Third Request.

(Associated Press.) Washington, June 25.—Another request—the third—was addressed to the Turkish government through the Swedish government today by the United States demanding an explanation of the reported sacking by Turkish regular troops of the American hospital at Tabriz. The United States is admittedly growing impatient over the failure of the Turkish authorities to make a satisfactory explanation of the incident. The relations between the United States and Turkey admittedly are severely strained and it is not believed that the United States will wait much longer for Turkey to take steps to prevent a war declaration.

INTERNMENT OF WAR PRISONERS AGREED UPON

(International News Service.) Washington, June 25.—The Swiss government has consented to allow the internment within her boundaries of United States and German prisoners of war who may be found eligible for internment in a neutral country. It was announced by the state department this afternoon. The eligibility would be determined by a commission of neutrals, which would be given complete access to the prison camps of both belligerents.

SUGGESTS ELIMINATION POLES FROM SLAVIC UNIT

(Associated Press.) Washington, June 25.—Objection has been made by the French government to organization in this country of a separate Polish military unit, which it is feared, might interfere with the Polish legion recruited largely in America and recently sent to the front. For this reason, Senator Hitchcock, of Nebraska, stated today that he would eliminate Poles from the amendment to the army appropriation bill providing for the organization of a Slavic legion in the United States.

POSTAL AND TELEPHONE STRIKE IN HUNGARY

(International News Service.) London, June 25.—Railway, postal and telephone services are now involved in the general strike in Hungary, the Geneva correspondent of the Daily News today telegraphed his paper. The Halmel Newsweek journal interprets the walkout as having a political significance since the suffrage bill was presented to the Hungarian parliament today and a five-day strike having been ordered June 21.

BUCKLAND MADE PRESIDENT N. Y. N. H. & H. RAILWAY

(International News Service.) New York, June 25.—R. G. Buckland was elected president of the New York, New Haven & Hartford railroad at a meeting of the directors of the company here today. He succeeds former President E. J. Pearson, federal manager of the road.

STROKE TO PUT ITALY OUT OF WAR

Austrian Soldiers Promised Drive Would Be Last Necessary to Vanquish Foe.

Washington, June 25.—An official dispatch from Rome today says the Austrians are in full retreat, and that papers taken from prisoners show the enemy had not contemplated the possibility of defeat and was promising her soldiers this offensive would be the last stroke to put Italy out of the war.

The dispatch follows: "The Austrians are in full retreat. They evidently foresaw the possibility of an Italian defeat, but never anticipated the possibility of their own defeat. Papers found on all the prisoners say that the offensive against Italy was to be the last stroke which would put Italy out of the war and force her to make a separate peace. The Austrian soldiers were promised food and booty. This explains the extraordinary bravery with which the Austrians have fought."

Washington Not Impressed. When seen by a News reporter at the Terminal station Mr. Joseph and Gen. Wurm had been surrounded and would be annihilated unless they surrendered failed to impress army officers in the war department here today. They pointed out that Gen. Wurm is in command of the Fifth Austrian army, composed of probably fifty divisions and stretching from the mountains to the sea. To surround such a force would be an operation so gigantic, they believed, that it was next to impossible, under present conditions.

It was recalled that when the recent floods carried away bridges around Montello, some 40,000 Austrians were cut off. These are believed to have been a part of Gen. Wurm's command, and the belief was expressed that it was this force that had been surrounded.

Archduke Joseph's command has not yet been identified, it was said.

TWO-THIRDS EFFECTIVES LOST BY HUN DIVISIONS

Washington, June 25.—A dispatch to the Italian embassy from Rome today confirmed the announcement yesterday that prisoners taken by the Italians in the fighting at the Piave numbered 45,000. This includes some 12,000 or 15,000 captured during the past week before the Austrian offensive was turned into a rout.

(Associated Press.) Paris, June 25.—Austrian losses total 200,000 men, according to the Secolo, of Milan. Certain enemy divisions lost two-thirds of their effectives.

A dispatch to the Matin from Turin says that the rout of the Austrians is complete and that the Piave has carried away many Austrian dead. Italian cavalry, it is added, has advanced beyond the eastern bank of the river.

French newspapers continue to acclaim the Italian victory. Hope is expressed that Gen. Diaz, profiting by the demoralization of the enemy, will not confine the fighting to local actions, but will strike out boldly into an offensive and transform the Austrian retreat to the Piave into a decisive victory.

GREECE SOON TO HAVE ARMY OF OVER 200,000 SOLDIERS

(Associated Press.) Paris, June 25.—(Havas Agency.)—Greece shortly will have more than 200,000 men under arms, according to a statement given by the Greek legation here to the Matin. Additional troops beyond this number are to be called to the colors soon, it is added.

The notable work accomplished by the Hellenic kingdom since its entrance into the war a year ago this month is reviewed and the achievement of Premier Venizelos in restoring public conditions and effectively guarding the interests of the country is pointed out.

Perhaps We Have Talked Too Much About The "Hot Spot" and the "Ram's-Horn"

Some Chalmers owners tell us that we have not done the car full justice in our advertisements of late, by emphasizing these two mechanical features to the exclusion of others.

Now perhaps they are right in that and yet—we do not wholly agree with them.

If we have tried to impress you with the fact that Chalmers engineers had evolved in these two features, something of inestimable value to you and of almost revolutionary influence on automobile engineering, surely the space was not wasted.

Besides, we assumed of course that you already knew the Chalmers to be one of the best motor cars ever built.

The Chalmers has always been a great motor car—speaking of the car in general terms.

For many years past you and every other motor-wise person have considered it among the first two or three high class cars.

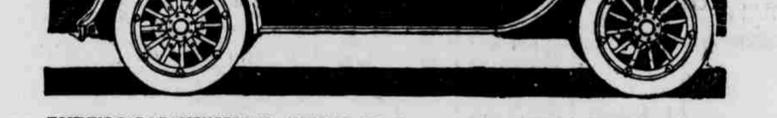

And we did feel that in the two features above mentioned, we had added to excellence of finish, smoothness and easy riding qualities, an engineering discovery that made this luxurious Chalmers also more economical to operate and thereby placed it in a class by itself.

If we have erred in this we will change and tell you about other Chalmers features, on any one of which a volume might be written.

But—are you sure you fully appreciate what a tremendous difference the "Hot Spot" and the "Ram's-Horn" combination make in the power and economy and the smoothness of an automobile?

Certainly not all buyers do appreciate that—for some are still buying other cars!

And we can't imagine anyone buying any other car in this class if he knew the difference—and could get a Chalmers.
