TRIMBLE WITHDRAWS HIS NAME FROM RACE

He Decides He Cannot Afford to Take Place of Assistant Attorney-General.

J. C. Trimble has withdrawn from the race for assistant attorney-general of Hamilton county. Mr. Trimble said that after duly considering the matter he had decided to withdraw his name, because he did not feel that he could afford to leave his private practice, as would be necessary were he appointed to this office.

MAY CELEBRATE FRENCH INDEPENDENCE DAY

It is probable that July 14, the French independence day, will not be officially commemorated by the city of Chattanooga. It has been proposed to Mayor Littleton, but he stated Friday that on account of the fact that a number of other holidays have occurred lately it might not be wise to add July 14 to the list. The matter is still under consideration.

YOUNG NEGRO GIRLS TOO FOND OF SILK GOWNS

Make Neat Haul From Department Store, But Come to Grief When Detectives Get Busy. When juvenile court convenes Saturday three little colored girls, Lizzie Coleman, Rena Frater and Queen Anne Mollie Elizabeth Walker, will face Judge Martin Fleming in connection with the theft of about \$175 worth of silk dresses, kimono and other articles of wearing apparel from Miller Bros. Van Davis, house detective at the department store, and Detectives Paul Brown and Carl Whiteley are the officers in the case, and a great deal of the stolen property has been recovered. Some of the clothing was cut up and made over.

MAY BUILD HOSPITAL AT CRITTENTON HOME

Federal Health Officer Emphasizes Need—City and County May Help.

The establishment of a fifty-bed general hospital at the Florence Crittenton Home in St. Elmo has been practically assured Dr. C. P. Knight, officer in charge of the United States public health service in the Chattanooga zone. Dr. Knight has been interested in the establishment of a hospital of this kind in Chattanooga for sometime. He has felt that the need has been seriously growing of late.

Prominent business men, who are interested in the plan of Dr. Knight, express themselves as believing that if the city appropriates this \$5,000 that the city commission should be willing to let \$5,000. While Dr. Knight has not had any definite figures estimated for the erection of the building, he has merely off-hand placed the amount for building the hospital at \$10,000.

A committee from the chamber of commerce and other civic organizations, according to Dr. Knight, will appear before the city commission Tuesday and take this matter up with the commissioners. Dr. Knight, with members of the special committee from the chamber of commerce, made a visit to Fort Oglethorpe Friday to discuss the plans of erecting the hospital with the officials of the quartermaster's department. This trip was made in order that some definite idea could be had as to the cost of erecting the building. It is Dr. Knight's plan to have the building designed on the same order as the cantonment buildings at the fort.

IDAHO COAL MAN FORCED TO QUIT

Had to Give Up Work on Account of Trouble. Suffered for Many Years, He Declares. Spent Over \$150 for Treatment but Got No Relief Until He Took Tanlac.

"I know of several others besides myself who are taking Tanlac, and they all say, as I do, that it is doing them a world of good," said J. A. Melton, who is connected with the Central Coal and Fuel company, and who resides at 627 South Sixteenth street, Boise City, Idaho.

"During the past five years," he continued, "I have suffered so much from rheumatism, disordered kidneys and stomach trouble that my life has been a burden to me. My whole body seemed affected by the rheumatism, my kidneys bothered me constantly and my back and sides ached so that I was nearly distracted from pain. I had fearful headaches, was so nervous for months that I never knew what it was to get a good night's sleep. I got so bad last summer and fall that I was forced to give up my work and for three long months I was on the flat of my back in bed, suffering agony."

"After I had spent over \$150 for treatments that didn't give me relief, I read about Tanlac and tried it. I was surprised at the wonderful improvement it made in my feelings right from the start. My appetite began to pick up and all of my troubles began to leave me. I was able soon to eat anything I wanted, and the rheumatism disappeared. My head never aches any more, my nerves are in splendid condition and I sleep like a log at night. I am back on the job working every day, in all sorts of weather, and nothing ever troubles me at all. Tanlac has certainly made life worth the living for me."

Tanlac is sold in Chattanooga exclusively by the Live and Let Live Drug Co.—(Adv.)

RECLASSIFYING MEN UNDER "WORK OR FIGHT"

Many Found in Deferred Class Without Real Dependents. Taking Fifty Per Cent.

Out of nineteen deferred class men examined before county board No. 2 for reclassification under the "work or fight" rule, 8 men were shifted to class 1, 6 remained in their original class, 1 was left undecided, 1 appealed to the district board, 1 was ordered to change his work before Monday and 1 was told to see what salary he could get at some other work and report back. These nineteen men were an hour's gist of the county board. Some forty or fifty men stood in the courthouse lobby waiting for examination. From the examination of nineteen men, apparently about 50 per cent of those examined are being placed in class 1. A number of men were placed in class 1 because the cause of their lower classification had lapsed and they had become No. 1 men without reference to the "work or fight" rule.

The major cause of the change of classification is that the wives of the registrants are either self-supporting or have been self-supporting and have no children. In that case the board presumes that the wife continues to be self-supporting, and the husband becomes a No. 1 man.

The list given below shows the cause of reclassification in each case: W. B. Somers, worker in Peerless Woolen mill; his wife also worked; he was class 4, changed to class 1.

Oscar Norris, worked in United Hosiery mill; his wife did not work, but had worked; changed to class 1.

E. F. Ayers, electrician in Chattanooga Power & Light company; he attended to power motors in manufacturing establishments; not married, but had mother not wholly dependent; changed from class 2 to class 1.

J. K. Randall, shipping clerk for W. H. Lessly & Co.; has wife and child; was in class 4, will be placed in class 1 if he does not procure another job by Monday. This is a clear case of work or fight rule.

A. L. Smock, salesman for Miller Bros.; has wife who does not work; changed from class 4 to class 1.

F. H. Watson, electrician for Chattanooga Railway and Light company; wife at work; shifted from class 2B to class 1.

W. J. Green, textile worker in Chickamauga Knitting mills; wife had been at work up to two weeks ago; changed from class 2 to class 1.

Horace Cobble, machinist at United Hosiery mills; wife at work; changed from class 2 to class 1.

Wallie Odom, machinist and loco-
