

BUYING WAVE FOLLOWS FORECAST OF COTTON CROP

SHOWERS CONTINUE ALONG GULF COAST
Conditions Favorable for Clear Weather Over This Section Friday.

HOURLY READINGS.

AUGUST 1.	
3 a. m.	67
6 a. m.	65
9 a. m.	75
12 noon.	80
3 p. m.	82
6 p. m.	73
9 p. m.	66

Weather at 2 p. m., cloudy; humidity 1 p. m., 56.

Local Forecast.
Fair weather with but little change in temperature tonight and Friday.

River Forecast.
The river will rise slowly tonight and Friday at and below Chattanooga.

Local Data.
Temperature for twenty-four hours: Highest yesterday, 83; lowest last night, 64; mean, 74.
Corresponding date last year: Highest, 81; lowest, 74; mean, 78.
Accumulated excess in mean temperature since Jan. 1, 43 degrees.
Relative humidity (per cent.) 7 p. m., 56; 7 a. m., 51.
Precipitation for twenty-four hours ending 7 a. m., today: 10 inches.
Total precipitation since Jan. 1, 130.84 inches.
Accumulated deficiency is 2.06 inches.
Highest wind velocity for twenty-four hours ending 7 a. m., today: 15 miles, northeast.
River stage at 7 a. m. (feet) 3.3.
Rise in twenty-four hours (feet) 0.2.

Weather Conditions.
Showers have continued along the Atlantic and Gulf coast during the past twenty-four hours, also in the Pacific states, with a high pressure area covering the entire country east of the Mississippi river. The altho waves west of the Mississippi river are very much disturbed, especially between the R. M. and the Pacific coast. The temperature, as a rule, shows a general rise, east of the R. M. with clear weather except over the southeastern section, where cloudy weather prevailed.

Conditions are favorable for fair weather over this section tonight and Friday with but little change in temperature.

Weather for Four States.
Washington, Aug. 1.—Forecast: Tennessee—Fair tonight and Friday, except probably showers in extreme east portion.
Kentucky—Generally fair tonight and Friday, warmer tonight.
Georgia—Generally fair tonight and Friday, except probably thunder showers in north portion.
Alabama—Fair tonight and Friday, except probably local thunder showers in north portion.

Semi-Professional League Planned for Next Year
Cleveland, Aug. 1.—Pittsburg, Chicago, Detroit, Cleveland, Cincinnati, Louisville, Toledo and St. Louis or Akron are to be members of a powerful semi-professional baseball league next year, to be conducted by the National Baseball federation and sanctioned by the United States government, it was announced here yesterday by Clayton C. Townes, chairman of the committee on baseball equipment for training camps.

NEWS of WORLD MARKETS

PRICE MOVEMENTS MORE UNEVEN ON WALL STREET
New York, Aug. 1.—Ralls were fractionally lower at the irregular opening of today's stock market, Baltimore & Ohio and Wabash issues showing special heaviness on postponement of dividend action. Marine preferred and United Fruit reacted fractionally to a point with Mexican Petroleum and Crucible Steel. Sumatra Tobacco was the chief element of strength, gaining 2 1/2 points. United States Steel, common and preferred, made slight gains, and California Petroleum, preferred, and Atlantic Gulf displayed firmness. Price movements became more uneven before the end of the first half hour of pressure against investment rails. Liberty bonds were steady.

Selling on a moderate scale was resumed in the afternoon, the additional declines embracing United States Rubber, low priced motors, People's Gas and some of the obscure specialties. United States Steel increased its loss to a fraction over a point and marine preferred became increasingly heavy. Minimum quotations were made by United States Steel, and other leaders in the last hour. The closing was heavy. Liberty 2 1/2-2s sold at \$95.86 to \$99.92; 4s at \$93.30 to \$94.48, and 4 1/4s at \$95.53 to \$95.76.

MONEY MARKET.
New York, Aug. 1.—Mercantile paper, four and six months, 6 per cent.; sterling 60-day bills, 4.72-1/2; commercial, 60-day bills, 4.71-1/2; demand, 4.75-1/2; cables, 4.76-1/2. Bar silver, 89.5-8c. Time loans, strong, sixty days, ninety days and six months, 6 per cent. bid. Call money, weaker; high 6 per cent., low 4 per cent.; ruling rate 6 per cent., closed, 3.1-3/4 per cent.; last loan, 4 per cent.

DAN FAIN VERDICT CONFIRMED BY COURT
Judgment for \$750, for False Imprisonment in Bradley County.

In the case of Dan L. Fain against George C. Moore, sheriff of Bradley county, there was filed yesterday a mandate and an opinion of the United States circuit court of appeals of the sixth circuit at Cincinnati, Ohio, confirming the judgment of the United States district court here, which was rendered at the April, 1912, term in favor of the plaintiff Dan L. Fain, who was allowed a judgment of \$750 by Judge Sanford. This was a case of alleged false arrest, in which George C. Moore, sheriff of Bradley county, had arrested Dan L. Fain on a train running between Knoxville and Cleveland in September, 1914. The sheriff mistook Mr. Fain for one Frank Smith, for whose arrest a reward had been offered by the Southern Express company. Fain was released the next day after his identity had been established. He was about that time a law student in this city, was later admitted to the bar here, and is now an officer in the United States army. Mr. Fain brought suit in the United States district court against the sheriff of Bradley county for false imprisonment, etc. At the trial of the case which attracted a good deal of attention, Judge Sanford, on motion of the defendant gave preliminary instructions in favor of the defendant, Fain, and awarded judgment in his favor in the sum of \$750, which judgment is now affirmed as above stated.

QUOTATIONS ON CORN AND OATS IN UP-TURN

Chicago, Aug. 1.—The losses in the condition of the Oklahoma crop as shown by the state report led to a material advance today in the price of corn. Opening prices which varied from the same as yesterday's finish to 1/4 higher with August 15.54 1/4 and Sept. 15.55 1/4, were followed by a decided upturn all around.

OBITUARY

Mrs. Susan Woods
Mrs. Susan Woods DeFrees, aged 88, died at 3:30 o'clock Wednesday afternoon at the home of Mrs. W. D. Sparks on Beech street.
She was born in Forsyth, Georgia, March 22, 1830. She was married in 1876 to William DeFrees, of Alabama, whose death occurred nearly 40 years ago.
Until seven years ago she made her home in Cedartown and Cave Spring, Georgia, since which time she was with her daughters, Mrs. W. D. Sparks, her nearest surviving relatives.
She was the oldest member of the Highland Park Baptist church and was much beloved by all for her sweet, Christian spirit.
The remains were taken Thursday morning to Cave Spring, Ga., for interment, the funeral services being held there.
Mr. and Mrs. P. W. Stubbs, of Macon, Ga., Mr. T. Frank Sparks and Miss Sadie Sparks accompanied the body.

Mrs. T. H. Gilbert.
Mrs. T. H. Gilbert, of Atlanta, Ga., died late Wednesday evening in a sanitarium in Asheville, N. C. She is survived by two daughters by her first husband, Mrs. H. H. Benson, of Florence, Ala., and Miss Yelma Smith, and by her two young daughters, Dorothy and Katherine Gilbert. She is the sister of H. M. Lofton, general manager of the Columbian Iron works, and is survived by two other brothers and two sisters.
The deceased will be buried near Atlanta Friday morning at 10 o'clock. H. M. Lofton hurried to Asheville at the notice of his sister's death, and will accompany the body to Atlanta.

ENTERTAINMENT FOR BOYS IN DETENTION CAMP

"Rookies" Enjoy by Pantomime "An American Soldier's Dream."
At Y-323.
Over 1,200 of the new arrivals in the detention camp were entertained last night at Y-323 by the presentation of the pantomime, "An American Soldier's Dream," by twenty children, all between the ages of 8 and 14. The play had formerly been given at the Masonic hall here for the benefit of the Red Cross, but was nonetheless heartily received by the new arrivals. The program was given under the direction of the Misses Goldman and under the supervision of the Jewish welfare board. On Thursday night Dr. A. K. MacPeden, of the K. of C. staff, will speak at the J. W. B. hut at Civic Center on "The Christian Attitude Toward the Jew."

COTTON PRICES REACT ON NEW YORK EXCHANGE

New York, Aug. 1.—The government report proved to be so sensationally bullish that the market had a perpendicular advance of 80- to 95 points, or practically \$5 a bale after 11 o'clock. It made condition 73.6, which was 3.3 points lower than the average of private estimates, and 2.8 under the guess of cotton exchange member. It also represented a decline of 12.3 points for the month, which is the greatest for any similar period on record. Equally sensational was the drop of 22 points in Louisiana, and 23 points in Texas, as compared with last month. Heavy local, Wall street, Liverpool, Japanese and general outside buying followed the report as it was agreed that southwest conditions are now even worse than when the report was compiled as of July 25. The upturn was checked near the 26c level for October by reports of showers in the Houston district, and the market eased off a few points from top under realization. At the highest October sold at 25.95c, and December 25.35c.
New York, Aug. 1.—Cotton spot, quiet; middling, 27.0.

New York, Aug. 1.—Trade slowed down in the early afternoon and prices reacted about 10 points from the highest of the day, with October selling at 25.85c, December, 25.28c, and January, 25.15c. Part of the realizing was due to the Texas details showing the boll weevil is very active, and a corresponding increase in the Egyptian acreage in Arizona and California.

NEW ORLEANS COTTON.
New Orleans, Aug. 1.—Cotton was nervous and unsettled in the early trading today, with no decided trend. After a decline of 2 to 2 1/2 points, apparently from liquidation by longs, the market moved up to a level 5 1/2 to 6 points over yesterday's close on the most active months.

Immediately before the bureau report at 10 o'clock the market stood at about the lowest level made account the opening. The condition figures of 73.6 per cent. of the normal were far under average expectations and a sensational bulge of from 102 to 110 points resulted. For a while the market heated around this level, losing a few points under profit taking by longs, but finally assumed fresh strength and toward noon went to new high levels where the active months were 11 1/2 to 12 1/2 points up from the lowest of the day and 4 to 10 1/2 points over yesterday's closing quotations.

Liverpool, Aug. 1.—Cotton, spot quiet; prices lower; good middling, 29.80c; middling, 29.17c; low middling, 19.65c; good ordinary, 18.55c; sales, 1,000, including 700, American, receipts, 1,000. August, 19.00c; futures closed quiet; Aug. 19.50c; Sept. 19.22c; Oct. 18.87c; Nov. 18.77c.

LOCAL FACTORIES SELL MANY THRIFT STAMPS

Employees Standing by Pledges. Grocers Also Keep Up Sales.
The United Grocers' association for the sale of government war stamps is doing rapid work in the sale of stamps and many new members are joining the association each week. N. Soloff, who is giving much of his time to the interests of the sale of stamps and the establishment of new agencies, is doing splendid work, and he reports the many new members of the association.
Good work is being done by all the industrial plants, and thousands of dollars worth of stamps are sold each week. John T. Dunning, representative of the industrial organizations for the sale of thrift stamps, was very proud of the sales at the local plants, and received an order this morning for over 500.00 worth of stamps for the Clevy-Hedges company in this city. All the plants report that their employees seem to think this is the most profitable way to invest their money, and many have purchased double the amount of stamps which they had pledged to buy.

MINIATURE CANNON JUST LIKE BIG BOYS OVER THERE.

Novel Decoration for Radiator Head—Exact Duplication of Siege Gun.
A small miniature siege cannon is being used as a radiator head on one of the big touring trucks which stands on Market street. The gun is a complete copy of the big boys which are at work day and night "over there." It has recoil springs and trial sights the same as the big cannon and also can be moved up and down and around on its carriage. The little gun has the wheels which open the breech, and which raise and lower the sights. The gun makes a very attractive ornament and several people were inspecting it as the truck stood on the street this morning.

REPORT SHOWS LOSS IN COTTON Crop Placed at 13,619,000 Bales by Government—Decline Due to Drouth.

Washington, Aug. 1.—Loss of 1,615,000 bales in the prospective cotton crop, due principally to drouthy conditions in the western part of the cotton belt, especially in Texas, was shown today in the department of agriculture's August production forecast placing the estimated crop at 13,619,000 equivalent 500-pound bales, compared with 15,235,000 bales forecast in July. The crop in Louisiana also suffered greatly from drouth, the condition showing a decline of 22 points in the month, while in Texas the decline was 22 points. In Oklahoma there was a decline of 15 points and in Arkansas 14 points. The average decline from June 25 to July 25 in these states is from 73 to 73.6 points. For the entire cotton belt the decline in the condition of the crop was 12.2 per cent., compared with an average decline of 2.8 per cent. in the month of June.

The department of agriculture also announced that the area planted to sea island and Egyptian cotton is about 256,000 acres, of which 276,000 are sea island and 80,000 Egyptian. This compares with 352,000 in 1917. There is a heavy decrease in the acreage in the older sea island sections in Georgia and Florida, where the boll weevil is very active, and a corresponding increase in the Egyptian acreage in Arizona and California. The production is forecast (July 25) at 110,000 running bales, of which 65,000 bales are sea island and 45,000 bales Egyptian, as against a total production of 106,000 running bales in 1917.

The acreage and production forecast of sea island by states follows: Georgia, 129,000 acres, 34,000 bales; Florida, 125,000 acres, 29,000 bales; South Carolina, 2,000 acres, 5,000 bales. The acreage and production forecast of Egyptian by states follows: Arizona, 75,000 acres, 42,000 bales; California, 5,000 acres, 3,000 bales.

Condition by States.
The condition by states, stated in per cent. follows: Virginia, 75; North Carolina, 87; South Carolina, 80; Georgia, 77; Florida, 70; Alabama, 73; Mississippi, 81; Louisiana, 65; Texas, 61; Arkansas, 77; Tennessee, 86; Missouri, 93; Oklahoma, 75; California, 95; Arizona, 95. Last month the condition of cotton was 85.8 per cent. of a normal and a 15,235,000-bale production was forecast. The crop last year amounted to 13,300,254 bales and the average for the five years, 1912-16, was 13,327,000 bales. The condition of the crop on July 25 last year was 70.3 per cent. of a normal, the previous year 72.3 and the ten-year average on that date 77.0. The area planted to cotton this year is the second largest on record—47,073,000 acres.

FRAZIER CONFIDENT OF RYE'S ELECTION

State Campaign Manager Is at Home to Vote and Talks of Candidate's Prospects.
Fred B. Frazier, state campaign manager for Gov. Tom C. Rye, candidate for the United States senate, was in the city Thursday morning, coming here to cast his ballot. Mr. Frazier talked enthusiastically of the governor's race, and said that just prior to leaving the capital city he received reports from all parts of the state. "I am unskilled in politics and may not know sure signs when I see them," said Mr. Frazier, "but I state that it looks to me like Gov. Rye is the winner."

"The governor has made a hard fought uphill race, but I believe he has overcome all odds and will be rewarded by the people of Tennessee with a substantial majority."
Mr. Frazier left on the Dixie Flyer, for Nashville, and will remain there until all returns are in.

Going After Speeders

Military Authorities to Stop Reckless Driving Through Chickamauga.
Motor car drivers who drift through the park at a speed of from thirty to forty-five miles an hour, thereby cheerfully endangering the safety of everyone else on the road, are to receive a decided check in the near future. A new and stricter set of traffic and speed regulations are in process of preparation at the office of the provost-marshal, and with their inauguration it is expected that most of the reckless driving which has been so much in evidence lately will be eliminated.

MEN FROM ALL STATES GATHERING AT FORREST

Many Westerners Arrive for Training in Engineers' Corps—Come in Daily.
The arrival of men continues in a steady stream at the engineers' camp at Camp Forrest. Every day several trainloads may be seen detraining at Lytle. The men are coming from nearly every state in the Union, and it is by no means uncommon to see in the same train cars marked California and Iowa. The new material includes both newly drafted men and men who have received training in other camps. Officers at Camp Forrest said today that in the near future a systematic course of training will be inaugurated, which will be extended to include practically all branches of the science of military engineering.

HOOPER FOR TAYLOR AND ROOSEVELT

(Special to The News.)
Knoxville, Aug. 1.—Declaring for Theodore Roosevelt for president in 1920 and predicting the nomination of J. Will Taylor for Congress in the Second district republican primary, former Gov. Ben W. Hooper addressed a large crowd here. References to Roosevelt and Taylor brought hearty applause.

THOS. K. GLENN ELECTED REGIONAL CHAIRMAN

Atlanta, Aug. 1.—Thomas K. Glenn, president of the Atlantic Steel corporation, has been elected regional chairman for the Twelfth region of the resources and conversion section of the war industries board by the thirteen substitute regional chairmen, who met in the assembly hall of the Atlanta chamber of commerce to organize this region, comprising the states of Georgia, Florida and North and South Carolina. A board of directors selected from the sub-regional chairmen, two for each of the four states, was elected. Those elected are: John M. Berry, Rome, Ga.; W. D. Krenson, Savannah, Ga.; W. E. Cummer, Jacksonville, Fla.; Charles K. Hetch, Charlotte, N. C.; Charles B. Frank, Raleigh, N. C.; T. H. Stackhouse, Columbia, S. C.; and John D. Owens, Spartanburg, S. C.
