

MOTHERS TO BE Should Read Mrs. Monyhan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

Notice to Druggists Price Advance For over a year now we have succeeded in maintaining our old prices, principally by virtue of a big increase in sales, which reduced our overhead cost. For our fiscal year ending July 1, 1918, our sales amounted to over a million dollars—an increase of 58% over the preceding year. We had hoped to bridge the war period without a change in prices on

Vick's VapoRub but we find that our economies do not keep pace with our rising costs. It is with sincere regret, therefore, that we are forced to announce an increase, effective August 1, which will make it necessary to retail VapoRub at 30c, 60c and \$1.20 THE VICK CHEMICAL CO. Greensboro, N. C.

MORE DESPONDENT GROWS TONE OF GERMAN PRESS

"End of Terror as in Russia" Foreseen—Germany "Not Invincible."

London, Aug. 7.—The despondent tone of the latest German press comments is emphasized daily in special dispatches from Holland. A dispatch to the Daily Mail from The Hague today includes an editorial by the Dusseldorf Nachrichten, which says that nobody looking into the future can see an end to the war. "For, though it is true that the end might come quickly," it adds, "it could only be an end of terror, as in Russia." The Vorwarts, of Berlin, says that events of the last few days at last have shattered the illusion created by inspired optimism, that Germany is invincible. "The German people at last realize the colossal gravity of the situation. Let us have courage to admit that as long as the war is not ended it is not won and can be lost."

GEN. FERDINAND FOCH ELEVATED TO MARSHAL

French Council of Ministers Confer Rare Distinction on Gen. Petain.

Paris, Aug. 7.—(Havas Agency.)—The council of ministers has elevated Gen. Ferdinand Foch, commander-in-chief of the allied forces on the western front, to a marshal of France. The ministry also conferred the military medal on Gen. Petain, commander-in-chief of the French armies on the western front. President Poincaré presided at the meeting of the council, which recommended the elevation of Gen. Foch. In presenting the name of Gen. Foch, Premier Clemenceau said: "At the hour when the enemy, by a formidable offensive on a front of 100 kilometers, counted on snatching the decision and imposing a German peace upon us, Gen. Foch and his admirable troops vanquished him. Paris is not in danger. Soldiers and citizens there have conquered and more than 200 villages have been delivered. Thirty-five thousand prisoners and 700 cannon have been captured, and the enemy's high headquarters and attack have been crushed. The glorious allied armies have thrown him from the banks of the Marne and the Aisne. Such are the results of the high command strategy superbly executed by incomparable commanders. The confidence placed by the republic and by all the allies in the conqueror of St. Gon, the Yser and the Somme has been fully justified. The awarding of the 'medaille militaire' to Gen. Petain is a distinction rarely given to officers, the decoration generally being reserved for enlisted men. Marshal Joffre is one of the few officers who have received this honor."

Arthur Capper for United States senator, and of Henry J. Allen for governor, on the republican ticket in yesterday's primary was indicated on the face of the returns received here last night. Incomplete figures received gave both Capper and Allen good leads over their nearest opponents. The republican ticket seemed apparent that Senator William M. Thompson had been renominated, and indications were that W. D. Landston, of Selma, would be nominated for governor.

Hot Summer Sun Trying on the Complexion

How to Protect Your Skin and Bring Roses to Your Cheeks.

A Free Oatmeal Prescription Does Its Work Overnight. You Can Prepare it at Home. New York—Exposure to sun, dust and wind has a very bad effect upon the skin and complexion. There is a way to overcome this. "It is my own discovery and takes just one night to get such marvelous results," says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. "You can do the same thing if you follow my advice," she says. "I feel it my duty to tell every girl and woman what this wonderful prescription did for me. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your home is as follows: "Go to any grocery store and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of Derwillo. Apply this wonderful morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend this method for a sal-low skin, shiny nose, freckles, tan, sun spots, coarse pores, rough skin, ruddiness, wrinkles, and in fact every blemish that face, hands and arms are heir to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and ungrainy the hands and arms or what abuses they have had through hard work and exposure to sun and wind, this oatmeal Der-willo combination will work a wonderful transformation in 12 hours at the most.

NOTE—To get the very best effect be sure to follow the complete directions contained in every package of Derwillo. You have only to get Derwillo and oatmeal. You need nothing else, and it is so simple that any one can use it, and so inexpensive that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money re-fund guarantee by department stores and druggists, including Live and Let Live Drug Co., Morrisons and E. J. Miller—(Adv.)

A Word To Our Friends

My advice to our friends and patients is: Have your dental work done now, at once, while you can get the best work at prices that are extremely low. The price of all dental materials has advanced. The scarcity of materials and labor is bound to bring another advance. I foresaw this condition and protected myself and my patients by making large purchase of materials at old prices. As long as these materials last my prices will not advance, but when they are exhausted the increase is bound to come. By having your work done now you not only save real money, but you protect your teeth and health. Come up today and talk it over. Consultation and advice free.

Quality Work Low Prices Our Quality Work is the best made. It is the product of 23 years' experience. I do only one grade of work—the best. My broad personal guarantee is back of every piece of work that goes out of my office. It must fit. It must be correct in every way. I have practiced in this State for 17 years and have never fallen down on a guarantee. Our tremendous practice makes our low prices possible. We depend upon volume for profits. We have built this practice on quality work at low prices and good service. You can get more expensive work than ours, but you can't get better work, for better work is not done.
