CREDIT GIVEN TO CHENEY'S EXPECTORANT

Wife of W. J. Atkinson, Now of Arkansas, Formerly of Georgia, Is Now Well Again.

W. J. Atkinson and wife formerly lived in Georgia, but went to Bono, Ark., four years ago. His wife was taken sick. Mr. Atkinson says: "The doctor told me that she had galloping consumption. I got the druggist to send and get me some Cheney's Expectorant. When the doctor came back he found that she was better and wanted to know what she was taking, so I showed him the bottle and he said for her to take it, and she got well. So I am recommending Cheney's Expectorant to as many people as possible for coughs and colds." All our home druggists carry Cheney's Expectorant in stock. It is recommended for all forms of coughs, colds, bronchitis, whooping cough, asthma and for colds peculiar to children, pains in the chest, hard breathing and lung troubles.—(Adv.)

GERMAN SPIES USE AMERICAN UNIFORMS

Evidence of This Found in Dug-out Near Thiancourt—Flowers on Graves of Heroes.

With the American Army on the Lorraine Front, Sept. 16.—(I. S.)—Two American uniforms, helmets and gas masks, that had apparently been used by enemy spies, were found in a German dugout near Thiancourt. Capt. J. T. McNamee, of the British engineers, who was awarded the American distinguished service cross for heroism in the fighting of the Ourcq, was especially honored this afternoon when an entire battalion was drawn up to see a medal pinned upon him. A band played during the ceremony and a number of German prisoners looked on. A large number of French women this afternoon trudged for miles through the heat and dust to put flowers upon the graves of fallen Americans.

MONTGOMERY TRACTION COMPANY ASKS INCREASE IN FARES
Montgomery, Ala., Sept. 17.—The Alabama public service commission Monday heard arguments on the petition of the Montgomery Traction company for authority to increase street car fares from 5 cents to 7 cents. The hearing continued throughout the day, and the decision of the commission was withheld for the present.

Testimony from localities opposing the increase sought to condemn the poor service of the company, while that of the petitioner averred that under present conditions maintenance of service was doubtful. It was shown that the company has never paid a dividend and is bonded for over \$1,000,000. The petitioner, Richard Tilla, in his testimony, stated that if the increase was granted, better service, extension of lines and better pay for motormen and conductors would be assured.

RESTRICTIONS MODIFIED REGARDING REGISTRANTS

Under Certain Conditions Men Qualified for General Service Given Commissions.
Washington, Sept. 17.—Restrictions preventing men of draft age from being commissioned in the army from civil life have been modified, insofar as they apply to those seeking to enter the staff corps. The war department announced that men qualified for general service and given deferred classification on grounds other than of occupation and men in class 1-C physically disqualified for general service will be given commissions. Applications from men in class 1-C or who would be so classified except for their occupation, and who are qualified for general service, will be considered only after these men have been inducted into service.

DR. RAWLINGS TO DELIVER STEREOPTICON LECTURE

Conferences of Ministers and Laymen—Women's Missionary Societies at Dallas.
Dallas, Tex., Sept. 17.—Ministers and laymen from fifteen annual conferences and officials from twenty-eight local bodies of the Women's Missionary societies are here to attend the missionary

Bugle Signals No More

Romantic Feature of Battle Eliminated by Modern Methods.

Washington, Sept. 17.—Methods of modern warfare have eliminated one more romantic feature of battle. An army circular just issued by the war department announces changes in drill regulations which prohibit the use of bugle signals during an engagement. The danger of the bugle message not reaching all the troops as well as the grave possibility that the enemy would be well versed in the calls and would know what to expect, are the reasons for the change. All orders to squads, platoons and companies are to be given by motions of the hand in the future.

centenary conference of the Methodist Episcopal church, south, which tonight begins a three days' session in Dallas. Bishop W. N. Ainsworth, of Austin, Tex., will preside, and Dr. W. W. Pinson, general secretary of the denomination, will be in charge. The first business session will be held Wednesday morning. The evening will be devoted to a stereopticon lecture by Dr. E. H. Rawlings, of Nashville, Tenn., on "The World as the Mission Field of the Methodist Episcopal Church." The objects of intercession and stewardship are to be presented Wednesday by Dr. J. J. Stowe, of Nashville, Tenn., and others.

OFF THE WIRES

The Henry Ford hospital, one of the largest institutions of its kind in the country, has been formally taken over by the United States government. The price of beer in Chicago has been raised from 5 cents to 10 cents a glass. "Finky Dink" Kenna, for forty years noted as the dispenser of the "largest and coolest" beers in Chicago, and widely known as the political czar of the city ward, will open an ice cream parlor next year when the country goes dry. The police strike in Cincinnati has been declared off by the policemen, who came back without having obtained any guarantee from the city relative to their demands for increased wages.

The Alabama Power company has filed a petition with the Alabama public service commission for an increase in fare on the street lines operating in Anniston and vicinity from 5 cents to 6 cents. The house Monday rejected amendments to the revenue bill designed to exempt salaries of the president, federal judges, and state, municipal and county officials from federal income taxation. Arrival in Italy of an American Federation of Labor mission, with America's war aims has been announced. Twenty-six ships, with a dead-weight tonnage of 147,530, were delivered to the shipping board by American yards during the first thirteen days of this month. During the same period twenty-eight steel and wooden ships, of 150,370 dead-weight tons, were launched. The Austro-Hungarian peace note did not affect the financial district in London. Transportation conditions in the southeast are improving, but, unless more passenger coaches are supplied lines in this district soon, travel will have to be curtailed. Regional Director E. L. Winchell reported to Director-General McAdoo. The seventh Australian war loan campaign was inaugurated enthusiastically. There was a parade of sailors and soldiers and a tour of the city by tanks, from the top of one of which Acting Premier Watt sold bonds. Another call for skilled stenographers, typists and clerks has been sent out by the United States employment service. Reports from the sixty-seven counties of Alabama of the registration of the 18 to 45 draft classes conducted last Thursday show that a total of 235,896 men were added to the nation's reserve. The advance by Japan of 1,000,000 yen to the Chinese Eastern railway constitutes a fund to cover the charges for transportation of men and munitions by that line. There are 184 cases of Spanish influenza in New York, according to Health Commissioner Copeland, who said there was no cause for alarm over the presence of the disease.

INTERNAL REVENUE COLLECTIONS FOR YEAR
Washington, Sept. 17.—Internal revenue collections for the fiscal year ending June 30, 1918, totaled \$2,694,703,334.05, an increase of \$2,885,309,693.61 over the year before. This announcement was contained in the annual report of the commissioner of internal revenue made public today. Collections from income and excess profits taxes for 1918 were \$2,339,053,585.53, as compared with \$359,885,146.50 from income taxes from corporations and individuals for 1917. The total revenue from income and excess profits taxes in 1918 was 7.9 times as great as the income tax of 1917. While all states report increased collections, the gains in 1918 were much greater in some states than in others. The smallest increase was in Utah, where \$1,330,000 was collected in 1917 and only \$2,505,000 in 1918. West Virginia showed the largest gain, collections in 1918 being 23.7 times as great as in 1917, the actual increase being from \$1,021,000 to \$45,549,000. The five states reporting the largest collections were: New York, Pennsylvania, Illinois, Ohio and Massachusetts, in the order named. These five states in 1918 returned \$1,868,371,000, or 68.8 per cent, of the total collections in the United States.

GERMANY MAKES DEMAND OF AUSTRIA FOR TROOPS
Wants 200,000 in Payment for Soldiers Loaned for Drive Against Italians.
Rome, Sept. 17.—Germany is demanding 200,000 troops from Austria in "payment" for the soldiers lent by Germany to Austria for the drive against the Italians during the autumn of last year, according to information from Bern today.

CRICKETS AND ROACHES DINE IN SILK STOCKINGS
Cleveland.—(I. N. S.)—What amounts to almost a plague of crickets and roaches has visited the homes of people living in some parts of the eastern division of the city. The swarms of the pests cannot be explained. It is said the insects prefer silk stockings above everything else and that their exclusive appetites are costing East End women considerable money. A local dog fancier is at work upon a breed of dogs which will have voices particularly attuned to the voice of the cricket and which will hunt them to their lair and destroy them. He believes also that the dog's bay will hurt the crickets' ears and cause them to leave.

BOSTON HAS MANY CASES OF INFLUENZA
Boston, Sept. 17.—Medical officials of the First naval district reported 237 new cases of influenza yesterday. There were ten deaths at the naval hospital. A spread of the disease in mild form was reported among the school children of this city and outlying districts. Dr. Thomas F. Leen, chief physician at the Carney hospital, who had devoted much time to the care of naval men ill with influenza, died yesterday, having contracted the disease and developed pneumonia.

MOBILE ELECTRIC COMPANY ASKS RAISE IN RATES
Montgomery, Ala., Sept. 17.—Representing the fact that the city commission of Mobile had agreed to suspend for the duration of the war a thirty-per-cent tract with the company, T. K. Jackson, of the Mobile Electric company, presented a voluminous petition appealing for authority to increase electric rates in that city to the Alabama public service commission.

RENEWED TESTIMONY

No one in Chattanooga who suffers backache, headaches, or distressing urinary life can afford to ignore the Chattanooga woman's twice-told story. It is confirmed testimony that in Chattanooga resident can doubt.

Mrs. A. H. Poe, 1711 S. Greenwood Ave., says: "I was in a terrible condition with my kidneys and suffered continually day and night. My back ached as if it would break and I could not do my housework. The least exertion tired me out. My kidneys didn't act properly. I had nervous, dizzy headaches and my limbs and feet became swollen, so that I couldn't wear my shoes. My sight blurred and circles appeared under my eyes. Different remedies failed to help me and on hearing of Doan's Kidney Pills, I began taking them. They entirely cured me. The above statement was given July 3, 1916, and on June 7, 1918, Mrs. Poe said: "Doan's Kidney Pills are the best remedy I ever used. I am always ready to say a good word for this medicine."

Price 50c, at all dealers. Doan's simply ask for a kidney remedy—get Doan's Kidney Pills and learn that Mrs. Poe had, Foster-Milburn Co., Mfgs. Buffalo, N. Y.—(Adv.)

SHE USED TO BE GRAY

Society Ladies Everywhere Use "La Creole" Hair Dressing.

The well-known society leader's hair was prematurely gray, perhaps just like yours, but Mrs. J. heard of "La Creole" Hair Dressing—how thousands of people everywhere had used it with perfect satisfaction. It is not a dye, but a preparation designed especially for the purpose of gradually restoring color to gray or faded hair, and which is easily applied by simply combing or brushing through the hair. "La Creole" Hair Dressing positively eradicates dandruff, keeps the scalp in a healthy condition and promotes the growth of new hair; brings back a natural, soft, even, dark shade to gray or faded hair, and makes it lustrous, full of life and beautiful.

"LA CREOLE" HAIR DRESSING to prevent your hair from growing gray and to restore a beautiful dark color to gray or faded hair. Sold and guaranteed by all good drug stores everywhere, or sent direct for \$1.20 by Van Vleet-Mansfield Drug Co., Memphis, Tenn.—(Adv.)

F. Adele Schwartz, M.D. General Practice

21 Loveman Building
Coughed Fifteen Years. Coughs that hang on and grow worse in the night and weaken the sufferer are relieved by Foley's Honey and Tar oftener than by any other remedy. R. F. Hall, Mabe, Va., writes: "For 15 years I was afflicted with a troublesome bronchial cough and irritation of the throat. Foley's Honey and Tar relieved me; after taking one bottle the cough ceased and has not returned. No medicine stands higher as a family remedy for colds for children and grown-ups. Jo Anderson, druggist Chattanooga, Tenn.—(Adv.)"

The Germans Will Be Beaten

They will be beaten as much on account of their depleted health reserve force as by the military supremacy of the allies. You can conquer in life's struggle only if you keep your body constantly in the best condition. The man or woman who radiates health and energy, cannot help but succeed. If you suffer from loss of appetite, weakness or relaxation of the digestive organs, impoverished blood, nervous headache, sluggishness of the intestinal tract, insomnia, depression of spirits, malarial fevers or diarrhoeas arising from weakness or relaxation of the digestive organs, you can correct these symptoms by using Angostura Bitters, which are designed to assist in building up the system by increasing the appetite, assisting the digestion and assimilation of food, enriching the blood, improving the circulation and forming healthy tissue.

22 awards at leading exhibitions. The manufacturers have been appointed by special warrant, purveyors to his Royal Majesty, the King of England, and the Royal Family of Spain. Ask your druggist for a Pocket History of the World War. All first-class druggists handle Angostura Bitters.

Nelson's Hair Dressing

She says it certainly makes the hair soft, glossy and easy to manage. NELSON'S is the original and genuine Hair Dressing that is used by thousands of colored people all over the United States, and is sold and recommended by druggists everywhere. Try NELSON'S and see how it improves your hair. Take this advertisement to the drug store and be sure to get the genuine. The price is still 25 cents. NELSON MFG. CO., Inc. RICHMOND, VA. "Nelson's will make you proud of your hair."
