MAY BE FORCED TO CLOSE SCHOOLS FOR EPIDEMIC

MEETING AT 4 P. M. TO DISCUSS CITY'S PROBLEM.

Picture Shows Closed, and the Churches May Suspend Services Until "Flu" is Checked.

Commissioner H. D. Huffaker and Supt. J. W. Abel have called a meeting of all city and county educators for this afternoon at 4 o'clock in the courthouse to discuss influenza.

In speaking of the situation Tuesday, Commissioner Huffaker said that it looked as though the influenza epidemic was becoming more serious here, and that from the reports that had been coming in at his office he was afraid it would be necessary for the schools to be closed.

There are various reports concerning the seriousness of the conditions in Chattanooga, however, and it is impossible for the health officials to tell just how many of the cases that have developed here are "influenza" and have not been included in the list of diseases that must be reported to the health department by the city physician.

All moving picture houses were closed at noon today through a notice sent around from the United States public health service office.

It was at first thought that the movies would be permitted to operate throughout the city, closing only for the quarantine at 12 o'clock Tuesday night.

While no action will be taken until after the meeting at 4 o'clock, it is generally thought that the commission will issue an order requesting that all schools be closed.

FAIRMOUNT RESPONDS TO LIBERTY LOAN DRIVE

RESIDENTS OF RIDGE COMMUNITY ENTHUSIASTIC.

First Day's Subscription \$4,800—Farmers Give Savings Accounts.

Patriotism was the keynote of the meeting held at the Fairmount schoolhouse Monday night in the interest of the liberty loan drive.

Four thousand eight hundred dollars were generously subscribed at last night's meeting. It is estimated that the amount to be subscribed will far exceed the quota, \$6,000.

This amount is prescribed for the Fairmount community only and does not include Signal Mountain.

Dr. T. Faucett and Mrs. Thomas Stanfield, general chairman, gave interesting and enthusiastic talks. Mrs. C. W. Shackelford and T. M. Pell also gave talks.

A number of patriotic songs were sung by the school children under the direction of Miss Virginia Dobson.

Interesting in the fact that one resident who had been saving his earnings the past three years with the intention of building a pretty bungalow for his family, has invested in liberty bonds instead.

Eight boys who only a short while ago became 18 years of age and have registered for service in the United States army, also purchased bonds.

Another farmer drew out his savings account, amounting to \$1,000, and gladly invested the money in bonds.

The women of the community are far from being called slackers. Each and every one of the women have pledged themselves to
