Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Storm.

In thousands of American homes there is a bottle of the splendid and time-honored remedy, Mother's Friend, that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming, and had a most wonderful influence in developing a healthy, lovely disposition in the child. Mother's Friend relieves the pain and discomfort caused by the strain on the ligaments, makes pleasurable the pains and muscles which nature is expanding, and soothes the inflammation of breast glands and other soreness. This splendid preparation may be had at every drug store, and is one of the greatest blessings ever discovered for expectant mothers. Write to the Bradfield Regulator Co., G-174 Lamar Bldg., Atlanta, Ga., for their "Motherhood Book," so valuable to expectant mothers, and in the meantime do not fail to get a bottle of Mother's Friend at the drug store and thus fortify yourself against pain and discomfort. CONDITIONS CHAOTIC

Neutral Countries Announce that Break Between Pan-Germans and Liberals is Complete. MUST EVACUATE

Germany Insists on Allies Getting Out of Invaded Land Before Armistice Can Be Talked. Washington, Oct. 11.—(N. S.)—The Kaiser's latest peace offer, which was made in German colonies and in Turkey, will be asked by Germany in her reply to President Wilson's message. In a dispatch from Berlin, it is stated that the Kaiser would not seek an armistice while their armies were on invaded land, according to a dispatch from Lyons to the French mission today. This decision was reached, the dispatch states, at a gathering of the high command Oct. 9, called for the purpose of considering the demand for evacuation and attended by Gen. Ludendorff. "Regarding the first question, the dispatch adds, 'Germany will certainly only repeat that she accepts, as the Nord Deutsche Allgemeine says, President Wilson's entire program without any addition or restriction as a basis of peace. As to the third question, Germany will surely answer that the reichstag president proclaimed on Oct. 5 that the program of the government was also that of the reichstag and of the whole German people.'"

TWENTY-FOUR DEATHS AT FORT OGLETHORPE

224 NEW CASES ADMITTED TO HOSPITAL

Believed That Peak of Deaths Will Be Passed Saturday.

Situation Encouraging. Up to 9 o'clock Friday morning there were twenty-four deaths at Fort Oglethorpe for a period of twenty-four hours, according to the official medical report given out from the office of Maj. Shaw, intelligence officer. While the number of deaths is greater, the number of cases admitted to the general hospital is nine less than the number admitted Thursday. The cases admitted during the past twenty-four hours numbered 224. There are more than 2,700 patients in the hospital. A total of 10 patients have been discharged from the hospital in twenty-four hours. The decrease in the number of men discharged from the hospital is an indication that less cases are being admitted. More and more volunteer workers are reporting at the hospital for duty. Forty practical nurses from Chattanooga are serving without compensation and being highly commended by medical authorities for their patriotism. Efforts are being made to keep the men from going from one unit to another, and in this way prevent danger as much as possible. There are a number of physicians in the hospital who have come to the camp, and where practical these men are being pressed into service. A high medical official at Camp Greenleaf is of the opinion that by Saturday night the peak of deaths will have been passed. He is also of the opinion that the peak of the crisis so far as the epidemic is concerned was passed forty-eight hours ago. Improvement is noted in that there are less and less cases admitted to the hospital. Many of the men who have died have been unable to throw off the tenacious grasp of the malady. These cases have been in the hospital, some as long as three weeks. Of the twenty-four deaths reported one was an officer, Second Lieut. Azriel Greenough, aged 25, of the veterinary corps. His home was at Cleveland, O.

Collapsed of itself. Amsterdam, Oct. 10.—Count Apponyi, the opposition leader in the Hungarian parliament, has approved of the peace proposals of the central empires, according to a Frankfurt dispatch to the Nieuwe Courant of Rotterdam. "It is not we who bring about the fall of the dual monarchy," she is quoted as saying, "it has collapsed of itself." Approved by Paris. Paris, Oct. 11.—(Havas).—President Wilson's reply to the German peace note was approved today by a vote of the committee on foreign affairs of the chamber of deputies. The resolution also expressed reliance in the government not to accept on behalf of France any armistice which would not provide for atonement and for the guarantee "to which the victorious armies of the entente are entitled." Awaited With Anxiety. London, Oct. 11.—Germany's answers to President Wilson's questions are awaited with great anxiety in Germany, according to a Copenhagen dispatch to the central powers. Mr. Wilson's reply to the German peace proposals was published in the newspapers of Berlin last evening. FORTUNE HUNTERS DIGGING FOR NEGRO MINERS' WEALTH

Murphy, Cal.—(I. N. S.)—History has it that in the early days a negro named "Buster" who mined on the San Antonio creek, had a vast amount of gold dust—some of the precious metal—and he buried it. Later the negro died without divulging the whereabouts of his wealth. Many people have in years past gone to the scene of Buster's cabin and looked for the treasure. Diving rods and all known schemes have been resorted to, but without avail. Now comes David Bartlett, of Murphy, and Donald Kaspar, of Fair Oaks, and they have joined in a further search for the gold. Both are confident that they have the "inside track" and will find their fortune, and they are daily working in great faith as to the ultimate success of their undertaking. To this date they are assiduously digging away without results.
