NOT SEARCHING PRIVATE HOMES

Police Department Denies Reports They Are Being Searched for Liquor.

BOOTLEGGING ON WANE

As an outcome of the case against William Stocker, a prominent local manufacturer, charged with violating the liquor law, a report has been circulated that the police department is pursuing a policy of searching private homes for liquor.

"This statement is absolutely untrue," declared Commissioner E. D. Herron today. "The department is not searching indiscriminately, and will not do so. When we have good cause to believe that bootlegging is being conducted from a house, we will search it. But otherwise, no."

It is alleged that certain backers of the recall petition are making capital out of the Stocker case, attempting to secure recall converts by preying on the fears of persons who do not wish their homes searched for liquor.

GOVERNMENT PREPARED FOR TITANIC STRUGGLE WITH COAL MINERS

(Continued from Page One.)

also classed as "unacceptable" the proposal of operators in the Kansas district that miners there remain at work and negotiate their wage demands independently of the international organization. They stated that the Kansas district was represented at the Cleveland convention of the organization and therefore was bound by the convention's action in directing the strike.

The miners reiterated their assurance there would be no physical damage to mines through any action of the strikers.

Will Mean Contempt.
 Washington, Oct. 31.—Contempt of court proceedings will be brought against the strike leaders if they fail to obey the injunction of the court restraining them from striking, it was learned at the department of justice this afternoon.

Officials refused to comment if the injunction had become effective, but they cited the "Debs case, in which an injunction against a strike was disobeyed and contempt of court proceedings followed."

Could Not Stop Them Now.
 Columbus, O., Oct. 31.—"Union miners of Ohio will not go to work tomorrow," said Secretary G. W. Sav-

age, of the Ohio organization of the United Mine Workers of America, when informed of the injunction against the officers of the United Mine Workers of America granted at Indianapolis today.

"We could not stop them from going out if we tried," declared Savage. All Out at Seattle.

Seattle, Oct. 31.—Every coal miner in Washington will strike at midnight, Robert H. Harlin, president of district No. 10, United Mine Workers of America, said here today when told of the injunction granted in Indianapolis.

Nashville Hard Hit.
 Nashville, Oct. 31.—Unless the government is able to handle the coal situation, Nashville's city lighting plant, which lights the streets, may have to close down within the next few days.

Won't Affect Michigan.
 Bay City, Mich., Oct. 31.—The injunction issued at Indianapolis will not prevent a walkout of the approximately 2,400 men in Michigan district No. 24, United Mine Workers of America, according to William Stevenson, district president.

34,000 in Birmingham.
 Birmingham, Ala., Oct. 31.—Nearly 34,000 men will strike at midnight tonight in Wash. of the Alabama district, in obedience to the national strike order, according to claims advanced by J. L. Clemo, secretary of the district, according to United Mine Workers of America.

Figures placing union membership in this district at slightly more than 7,000 were said to be inaccurate and not recent.

No Change for Pittsburgh.
 Pittsburgh, Oct. 31.—Injunction proceedings at Indianapolis will make no change in the strike situation in western Pennsylvania, officials of district No. 5, United Mine Workers of America, said this afternoon. "Our preparations are going right along, and the men will quit as scheduled," was the word which came from the office of President Phillip Murray.

Too Late at Charleston.
 Charleston, W. Va., Oct. 31.—It is now too late to recall the bituminous coal strike order, in the opinion of President Frank Keeney, of district No. 17. He said, when told of the Indianapolis injunction, that he had nothing to say officially other than that it would be impossible to prevent the men from going out.

Miners Already Quitting In Eastern Ohio Fields

Clairsville, O., Oct. 31.—The mine strike is already under way in eastern Ohio, 1,600 men laying down their tools in the various mines this morning. The remaining miners will strike this evening, completing their last day's work at 4 o'clock.

DEPARTURE POSTPONED

Paris, Oct. 31.—(Havas)—It was announced the departure for Rome of Signor Tittoni, the Italian foreign minister, has been postponed until after the conclusion of important decisions by the supreme council.

Forty-Five Million Dollars Involved in Oil Land Suit

Houston, Tex., Oct. 31.—Forty-five million dollars is involved in a suit filed here by Adolph Goldman and his wife against an oil company, and twenty-eight other defendants whose right of possession of a rich oil land tract near this city is contested by Goldman and his wife. The suit, trial of which has been set for Nov. 10, also seeks to recover all oil taken from the land.

The allegation is made in the suit that the deeds by which the defendants obtained possession of the tract are illegal.

The defendants purchased the land from the late Geo. H. Herman, who bequeathed the people of Houston the land now known as Hermann park. Goldman attacks the legality of Herman's original title to the oil property, claiming ownership by virtue of a grant from the state. This grant, according to the defense, was cancelled.

Miners of 19th District Expected to Walk Out

Knoxville, Oct. 31.—The officials of the United Mine Workers of America, district No. 19, are inaccessible today. Their office in Jellico is closed, the information being that all the officials are out in a district. It is expected that all miners will strike tonight. The report is current today that miners in the Middleboro section of the district will cease work this afternoon. About 15,000 men are in the district.

Additional Troops Moved To Gen. Woods' District

Washington, Oct. 31.—Additional troops drawn from military departments, which apparently will not be concerned with the coal strike, have been moved to points in the central department and placed under command of Gen. Wood, Secretary Baker said today.

Lieut.-Gen. Bullard, commanding the eastern department, which includes part of Virginia and West Virginia, also will be given reinforcements.

Message to Birmingham Filed Before Serving of Writ

Indianapolis, Ind., Oct. 31.—The message of John L. Lewis to the president of the Alabama district was filed before the restraining order was issued by Judge Anderson. It was explained at union headquarters here today. "Not one message of any kind has been filed since the writ was served," it was stated.

MARTIN CRITICALLY ILL

Charlottesville, Va., Oct. 31.—There was no change for the better, evident this morning, in the condition of Senator Martin, who is seriously ill at a local hospital. Senator Martin was very restless this morning, after a bad night, and declined nourishment. Little hope is held out for his recovery.

Mrs. A. M. Shepherd has as her guests Mrs. W. C. Bierhaus, Mrs. W. C. Reed and Mrs. G. A. Tielmeier, of Vincennes, Ind. Mr. and Mrs. Shepherd recently removed from Vincennes to Chattanooga.

An oil useful in soap making is being obtained from grape seeds in Argentina.
