Exercises Began Promptly at 2 O'clock—Dargue Arrives on Time.

Promptly at 2 o'clock this afternoon dedication exercises opened at Marr landing field when Lieut. Col. Dargue arrived in his two-passenger ship with Chairman John Lovell. Col. Dargue experienced no difficulty in finding the new landing field, as he is responsible for this location, having been selected when he was in Chattanooga several weeks ago.

Stunts on Program. A number of very thrilling stunts were performed during the exercises by the aviators. Hallingsworth and Stinson gave some regular demonstrations of aerial combats.

City Congratulated. The following telegram was read by Mr. Lovell sent the committee this morning by Manager Curtiss, of the

MOVIES PAST THE ZENITH

New York.—The theater is coming back into popularity. So is vaudeville. The pictures are undergoing a "fade-out."

There are very good business reasons for the identity the speaker should not be revealed. He is, however, an important personage in one of the film companies of the second magnitude.

He believes the pictures are losing their hold upon Americans. That does not seem possible to the outsider. A film can be shown seven times a day and has just been opened in New York, and it is nearly full every night.

Audiences Sophisticated. "Just the same," said he, "the pictures have now come to the point where they must make good or perish. The audience has become sophisticated."

The producers have tried to atone for their weakness in material by extravagance, he said. To get the money to pay for the extravagance they have boosted ticket prices.

Plungers have heard of the big money in the film business—and there are millions in it when all goes exceptionally well—and are gambling in film production.

Picture producers, he says, have been drunk with prosperity during the half

dozen years since the discovery of the treasure field. Continued prosperity depends upon the recognition of business principles, he insists—upon the presentation of sane, convincing stories full of action instead of funny falls and eye-rolling—on a coat basis that will permit the exhibition of pictures at ticket prices the average man will pay.

On the other hand, he insists, "the stage of the spoken drama, hard hit by the films a few years ago, is coming back. Theaters are doing capacity business, whether in New York or on the road, wherever worthwhile shows are presented."

Which, being submitted to other men in the movies, provoked no reaction whatever. And there you are.

Appeal for Reverence for Nation's Heroic Dead

London, Dec. 5.—Rudyard Kipling, on behalf of the imperial war graves commission, has written an appeal to those visiting or intending to visit the French and Flanders fronts to observe reverence for the dead. In part he writes:

"It should be remembered this is holy ground—consecrated in every part by the lives of men who died for their country. It is inevitable that the handling of such matters will be done with what is expected next year may be managed along ordinary tourist lines, so it rests with the individual tourist to have respect for the spirit that lies upon the land of desolation and to walk through it with reverence."

Gov. Roberts to Address Miners of 19th District. Gov. Roberts will deliver an address to coal miners of the Nineteenth district at Market Hall, Knoxville, at 10 o'clock tomorrow morning.

Gov. Roberts is making the announcement of the purpose of the address, said:

"I do not want to be forced to have the state take upon itself the burden of the mines, for I want our people to be patriotic enough to keep the mines open. However, if an agreement is not reached Saturday, steps will be taken immediately to operate the mines under state control."

Both sides are acting stubbornly and one or the other must be willing to give up a little. I believe that if either will do so, the other will be willing to do the right thing.

The conference of governors will meet Sunday in St. Louis and Gov. Roberts is anxious for the Volunteer state to be the first to report a satisfactory settlement of the coal strike problem.

JACK DEMPSEY OFFERED \$125,000 FOR HIS END

Judge and Attorney-General Receive Threatening Letters

Knoxville, Dec. 5.—Threats against the lives of Judge T. A. R. Nelson and Attorney-General R. A. Mynatt were contained in a letter received by those officials.

The messages were written to both and were signed "A Friend." The writer was apparently disguised and appeared to be on a piece of paper torn from a child's school notebook.

The envelope, containing the messages, was a plain white one and was addressed to Judge Nelson in purple ink. The threats were written in pencil.

On one side of the paper was written the following threat against the life of Judge Nelson:

"Judge T. A. R. Nelson, I have heard of you and I am sure if you did you would have but little time to live. You are a scoundrel and unjustly you must be repaid. Mynatt also can rest assured he will receive his portion in due season and if you don't go now you will get the first opportunity. I will not be your assailant but I have heard it discussed before to meet your God. A FRIEND."

At the bottom of the message was a cartoon of Gen. Mynatt and Judge Nelson, with a bleeding heart between and below the words "as you love to see blood shed." Gen. Mynatt was pictured with flaming red hair and in the words, "he was termed 'Red head pecker-wood.'"

The authorities are endeavoring to identify the sender but Judge Nelson has no objection to the matter and is confident that the sender will be traced.

T. C. Betterton Recovering From Serious Operation

T. C. Betterton, president of the Tennessee Coffin and Casket company and prominently identified with other important manufacturing interests, underwent an operation at the Highland hospital Thursday for appendicitis and gall stones.

Mr. Betterton was stricken Wednesday night and when a physician was summoned it was found that an operation was necessary at once.

Community Singing at Local Department Store

The community service organization of the city urges that community singing be inaugurated in department stores, factories and all plants employing many people.

It is planned to make community singing a part of the regular morning program and plans are being made for the organization of an orchestra among the Louisville employees.

Do You Want to Save Some Money?

Re-insulating a battery is about the most expensive repair there is. And there's only one kind of battery in general use that isn't practically certain to be re-insulated—or junked—within the next year or two.

That one exception is the Willard Battery with Threaded Rubber Insulation.
