

The colored Republicans have issued an address to the people of Louisiana, which taking it all together, is one of the most singular documents we have ever seen. We are a little suspicious of the whole affair and it smacks like "future evidence" to us. At all events, we will wager that this is not the last we will hear from it; and if the spirit of the address is not used to "fasten a loup" in the frail Kellogg government, we will be much mistaken.

Here is what our able cotemporary, the *Shreveport Times* says of it:

Proceeding, the address says: "We are depressed and sickened by the unwholesome and disordered state of society, and would gladly welcome any solution consistent with honor and compatible with the liberties of our people. We are ready and willing to adopt any honorable adjustment tending to harmonize the races. With our united purpose overtures of concession at any previous period in our political experience might have suggested that we were influenced by improper motives, or that we had taken counsel of our fears, but now, with the tramp of Federal soldiers on every street, with gunboats and monitors in our waters, with the mighty sentiment of the North pledged to the protection of our liberties and citizenship, and with the irresistible power of the general government guaranteeing the full existence of our rights, we, while independent of the political favor of our white fellow-citizens, are willing to concede an equitable and honorable basis for united action, free from suspicion and restraint and the interest of good government."

This strikes us as extremely absurd. The negroes, as it is admitted in this address, have by their suffrages established in this State a government composed of white thieves and adventurers, and the most unscrupulous of their own race, and for years kept it in power; kept it in power, until it has absolutely ruined the people of the State, white and black. And now, when the white people have arisen in their might to overthrow that infamous government, this committee of colored men cooly step forward, express their sickness at what they have done, and, claiming that the Federal army and navy are at their back, demand of us "an adjustment tending to harmonize the races, etc."

The white people can not now entertain this very supercilious proposition. For six years, governments elected by the negroes have ruled this State; the Southern white citizens have actually had no control whatever in public affairs, and now we have a pretty mess of it; a mess over which even the better class of negroes have grown disgusted and sick, as they themselves declare. The remedy of the public evils, in view of these facts, cannot be prudently entrusted, even in a partial measure, to the negroes—the men whose folly, and prejudices and ignorance have produced them. The intelligence of the State alone can bring order out of chaos, and if the negroes are sincere in their desire to re-establish the reign of virtue, intelligence and economy, let them act like honest and sincere men; come forward and vote for the candidates the white people have nominated. This is the only adjustment we can agree upon. Our purpose it to establish a government that will protect every human being in Louisiana in his liberties and in the possession of his rights; to foster trade and industry; to build up public schools for white and black; to reduce taxation; to purify the judiciary and reduce the expenses of the State government. This is a good platform; no party, no race, and no fusion of parties or races can put forward a more satisfactory one. The candidates we have nominated on it are men whose honesty and ability are recognized. What more then can the negroes ask if they are not willing to sustain such a platform and support such men their professions of a desire to restore order, law, justice and good government are utterly worthless.

The conclusion of the address shows that its authors have misapprehended us and that they also misapprehend the Northern people and the object of the army and navy here. Their liberties and citizenship have never been threatened by the white people, and if their minds were not blinded by their fears and prejudices they could not but realize this fact. We have never failed where occasion presented, to endorse their liberties and citizenship and they have had as little to fear from the white people of the South on this score as from those of the North. And we may remark in conclusion that, if the authors of the address, before writing it, had informed themselves of the tone of popular sentiment at the North, they would have learned that the policy of the negroes in sustaining by their suffrages the carpet-baggers and scallawag thieves who have afflicted this land, has disgusted the people of the North and that a thousand voices, representing millions of white men, are demanding for the white people of Louisiana "release from the body of this death."

The Commanding Operation of Dr. Walker's Vinegar Bitters in Chronic Dyspepsia, Fever, Nervous Disorders, Constipation, debility of vital power, and all maladies affecting the stomach, the liver, the bowels, the pulmonary organs, or the muscular system, is exciting the wonder of scientific men and creating such a sensation among the sick as was never before witnessed in any age. The sales of this great vegetable remedy have been quadrupled within a single year.

### Latest News

New Orleans, October 11.—Tomorrow's Picayune will contain a specific duly authorized offer on the part of the Fusionists to accept the proposition made by Gov. Kellogg in his address, namely: "To test the question of the Louisiana State Government by a canvass of the actual returns of all the parishes, and to abide by the result. These returns are in the custody of the McEnery party and can be produced and authenticated at any time."

COLONEL LEVY.—Col. Levy, candidate of the white man's party for Congress in this district, reached here from Mansfield Sunday afternoon, and was immediately waited upon by a number of gentlemen, who extended to him "the hospitalities of the city." He addressed the people of Shreveport last night, and will this morning leave for Bellevue, where he will speak on Wednesday, the 14th instant. Major J. C. Moncreux, candidate for State Treasurer, will accompany Col. Levy during the balance of the canvass.

The Colonel speaks in the most encouraging terms of our prospects, and has no doubt of his carrying the district by a handsome majority.—*Shreveport Times*.

The following press dispatch appeared in our issue of the 8th: The advisory board held a stormy session to-day, lasting five or six hours. Mr. Packard introduced a resolution stating that white leagues were still being organized and armed, and calling for their disbandment. This resolution was rejected and the following, offered by E. A. Burke, was adopted:

Whereas, It has been reported to the advisory board that armed organizations have recently been drilling in the streets of New Orleans; and, Whereas, The effect of such demonstration in any part of the State is calculated to create apprehension of intimidation in the minds of the colored people of the State; and, Whereas, The continuance of such demonstration would be in violation of the true spirit and intention of the agreement creating the advisory board, Be it Resolved, That the advisory board declare the absolute necessity and propriety of preventing such demonstration, and requesting such immediate action, as will relieve all citizens from apprehension that they would in any way interfere with a free, full and fair registration and election.

We hardly know which is most conspicuous in this dispatch, the impudence of Packard or the subservency of Burke. We know this, however, that Mr. Burke has not elevated himself in the estimation of this people by his impertinent "whereas and resolved." He would have better sustained the character of a representative of the white people if he had introduced a resolution denouncing Packard's breach of faith in having troops sent to North Louisiana to intimidate the white people, and advising the white people to keep up their organizations and preserve their arms in readiness for action should Kellogg or his instruments seek to breed more riots or swindle them in the election. In this little transaction Mr. Packard has simply sustained his character as a most consummate rascal and schemer, while Mr. Burke has made himself extremely odious.—*Shreveport Times*.

### A Card.

CAMPT, October 13th, 1874. It having come to my knowledge that some of my friends have determined to place my name before the public without my consent, as a candidate for the Legislature. I take this method to say that I will not consent to be a candidate for any position and hope that no person will cast a vote for me. I do not desire office; have no political aspirations to gratify and certainly no wish to frustrate the objects and purposes of the "People's Party."

Respectfully,  
M. PEROT.

### Platform of the White People's Party.

We, the white people of Louisiana, embracing the Democratic Party, the Conservative Party, the White Man's Party, the Liberal Party, the Reform Party and all others opposed to the Kellogg usurpation do solemnly resolve and declare:

1. That the government now existing in Louisiana originated in, and has been maintained by force and fraud, in opposition to the will of a large majority of the voters of the State; in opposition to the principles of the Constitution of the United States and in violation of every principle of justice and liberty.
2. That the dominant faction of the Radical party in this State has, by false and fraudulent representations, inflamed the passions and prejudices of the negroes, as a race, against the whites, and has thereby made it necessary for the white people to unite and set together in self-defense and the preservation of white civilization.
3. That the rights of all men under the Constitution and laws of the land must be respected and preserved inviolate, irrespective of race, color or previous condition, but we deny that Congress can Constitutionally enact laws to force the two races into social union or equality.
4. That the white people of Louisiana have no desire to deprive the colored people of any rights to which they are entitled, but we are convinced that the reforms imperatively demanded, can be effected only by electing to office white men of known capacity and integrity, and we believe that large numbers of colored citizens will vote with us to secure a government which must be beneficial alike to both races.
5. That we disclaim earnestly any intention of carrying, or attempting to carry, the approaching election by violence, and that charges to this effect emanating from our Radical enemies, are without foundation and are falsely made for the purpose of obtaining the aid of the military force of the United States in order to over-awe the people, perpetuate the existing usurpation and subvert the true principles of the government.
6. That W. P. Kellogg is a mere usurper, and we denounce him as such, that his government is arbitrary, unjust and oppressive; and that it can maintain itself only through Federal interference.
7. That the election and registration laws under which this election is being conducted were intended to perpetuate the usurpation by depriving the people and especially our naturalized citizens of an opportunity to register and vote, but we announce, distinctly, that it is the determination of the people to have a fair and free election and to see that the result is not changed by fraud or violence.
8. That we extend to all our race in every clime the right hand of fellowship and a cordial invitation to come and settle among us, and unite their destinies with ours.
9. That while we are in favor of meeting punctually the payment of the legitimate debt of Louisiana, we are immovably opposed to the recognitions issued in the name of the State, and we pledge ourselves to make a searching investigation in the matter.

We advise our people to vote against amendments to the Constitution proposed by the usurping Legislature and pledge ourselves on the restoration of the government to honest hands, to provide for the payment of all honest indebtedness of the State.

### THE DUTY OF SUPERVISORS.—The Democratic and Conservative Supervisors of Registration have important functions to perform.

1. They must be present at the opening and closing of the office, and be certain to check off the last registered voter, so as to prevent any addition in the night time.
2. They must keep a list of all the registered voters as far as they are being registered on the books, and this list must mention: 1st, the name, 2d, the age, 3d, the color, 4th, the residence, including name of street and number of house.
3. As soon as they qualify and enter the office, they must make out a list of all those previously registered, as above stated.
4. When a voter is refused registration his name and residence must be taken down.

The above should be submitted every day to the Parish Committee, to be used to ferret out any frauds committed.

### The Saturday Evening Post.

The Oldest and Best Story Paper Published.  
Founded August 4, A. D. 1821.

For more than half a century the Saturday Evening Post has been the GREAT LITERARY WEEKLY of the country, and has ever borne a widespread and unblemished reputation for the unsurpassed purity, refinement and excellence of the Serials, Sketches and Miscellaneous reading matter.

It is pre-eminently The Best Family Paper that is published in this country, from its never containing anything that would offend the feelings of any one, either in a religious or political sense, or that could not be read at any fireside without objection from the most fastidious.

The circulation of the Saturday Evening Post, through not quite so large perhaps, as its younger contemporaries, is not, like that of some of them, fluctuating, and too often short-lived, but SURE, SOLID AND SUBSTANTIAL, based upon the intrinsic merit of the paper itself and not dependent on any extraneous influences, such as the popularity of individual writers, &c.

Good, however, as the Saturday Evening Post has been in the past, it is our intention to make it still better in the future, and with this object in view we will effect a marked improvement in every department of the paper, and will call to our assistance writers of admitted ability and known reputation.

By increasing its former attractions, and adding many judicious and pleasing novelties, by studying how to please and cultivate the popular taste, by increasing industry and enterprise, and by enlarged facilities, we hope to make new friends with each and every issue, and continue to maintain the claim of the Saturday Evening Post to its title of THE OLDEST AND THE BEST of Family Story Papers.

### THE SINGER,

The World's Favorite.

THE SALES of the SINGER last year was the greatest ever attained for any Sewing Machine in a year, and was nearly double the sales of its highest competitor, as may be seen by reference to the account of sales for 1873, from sworn returns made to the owners of the Sewing Machine Patents—from which statistics we select the five leading machines, viz:

The Singer	sold	232,444
" Wheeler & Wilson,	"	119,190
" Domestic,	"	40,114
" Grover & Baker,	"	36,176
" Weed,	"	21,769

It will be observed that the difference in favor of the SINGER, is the enormous amount of 113,254 over the highest competitor. This result has been obtained after years of competition.

We submit to an interested public if it is claiming too much to say—the Singer is the most popular Sewing Machine in the world.
