

Cavalry Raid on Coushatta!

WHOLESALE ARRESTS OF PROMINENT CITIZENS—NO WARRANTS, NO LAW—THE INTIMIDATION GOES BRAVELY ON.

At an early hour on Saturday morning, the town of Coushatta was surrounded by U. S. troops in charge of U. S. Deputy Marshal, Stockton, and an indiscriminate arrest of the citizens began.

Major Abney and twelve other prominent citizens were taken in custody and lodged in the court-house in charge of the Infantry troops stationed there.

Stockton, the Marshal, refused to show any authority for the arrests and they were made without warrants. No one knows of the charges upon which the arrests were based, as the officials were also reticent upon that point.

Thus the work of intimidation goes bravely on, while at one end of the line we are asked to disband the White Leagues, at the other, we are vigorously attacked by the Federal authorities in charge of U. S. Marshal Packard, President of the Central Committee of the Kelloggites.

Get up another compromise Committee, and we suppose hand-cuffs will be used. Who says Genl. Emory's troops are not used for political purposes?

White men of Natchitoches, to-day closes the registration of voters, and now our duty at the ballot box is to be done. We wish to keep green in your minds the remembrance of your wrongs, the memory of the outrages perpetrated upon you and yours by the power of such creatures as Myers, Boult and Blunt. The taxes piled upon farms, your sustenance wasted, and the very efforts of your industry thwarted; and to impress upon you that unless you desire a continuation of these outrages, you must each and every one repair to the polls and cast your vote for the PEOPLE'S ticket. Our lines are formed—our banners unfurled—Onward, the enemy is before us.

Some of Morey's Lies.

A reporter of the New Orleans Times, having interviewed Brigadier-General Morey, presents the following report of what that very distinguished and very honest warrior has to say of the election in North Louisiana:

The General states that the cotton crop of that section compares favorably with the past yield, and that the latter crop will be very much better. So far as actual violence was concerned none existed of which he had been informed. On the contrary entire tranquility prevailed so far as he knew. But in the parishes of Union, Jackson, Lincoln and Franklin, a very bad feeling existed, which might at any time be productive of serious results. This condition of affairs was due to the continuous efforts being put forth by the more ultra to prevent a full and free registration. In fact, the entire tenor of his information, derived from reliable sources, was that intimidation was employed in the parishes indicated. The compromise was being generally accepted by the Republicans, who supported it because its terms only guaranteed that full registration and free election which under any circumstances the Republicans of his district—a section of the State of which he professed a thorough knowledge—were determined to have.

"The more moderate Conservatives," said Gen. Morey, "are pleased with the so-called compromise, because they foresee in its possible execution a relief from the turmoil and confusion sought to be initiated by their more violent fellow partisans. In fact, these temperate Conservatives have been subjected to almost as much annoyance from their bitter political associates, because of their refusal to support the measures and proposed candidates of the latter as have been the Republicans. But, the White League element all over the district are furiously incensed at the compromise, denounce it as a surrender, and declare that they do not regard it as obligatory on them. There is, in fact, little hope entertained in all 53 members. This would give an opposition majority of about 20 votes. The gains above claimed in Delaware, Arkansas, Georgia, Virginia and Tennessee, from all the information received here, may be regarded as positively certain, and the rest are sufficiently probable to justify the hopes thus confidently indulged.

The Commanding Operation of Dr. Walker's Vinegar Bitters in Chronic Dyspepsia, Fevers, Nervous Disorders, Constipation, deficiency of vital power, and all maladies affecting the stomach, the liver, the bowels, the pulmonary organs, or the muscular system, is exciting the wonder of scientific men and creating such a sensation among the sick as was never before witnessed in any age. The sales of this great vegetable remedy have been quadrupled within a single year.

Collision Between the U. S. Naval Forces and Metropolitan.

VICTORY FOR THE MARINE—SIX PIRATES SEE BOTTOM OF THE MISSISSIPPI.

About half-past 11 o'clock this morning, some half dozen Metropolitan police, belonging to the Harbor Precinct arrested on the warf a deserter, belonging to the sloop-of-war Shawmut, now lying opposite this city.

They were fired with patriotic ardor and valiantly charging the jolly old tar who had spiced the main brace several times this morning, they succeeded in getting him into a hired boat and launched out to take Jack on board the vessel. Gaily the little bark danced on the waves of the old Mississippi.

The strong arm of the Kellogg government was showing how it could protect, in this insurrectionary city, the weak and defenseless marines of a Federal Government. The boat sped on, and tears came into the eyes of the crowd assembled on the wharf to see the magnificence of the chivalrous police.

Old Jack seemed to take everything in jolly humor, and smiling as only an old salt can, he waited until the boat was some 300 yards out in the river, when there was a rolling, a turning, and six guardians of our peace were turned out on the bosom of the Father of Waters.

Jack, leaving the sinking ship, manfully struck out for shore, followed by the scions of Pitt. After a race of five minutes Jack reached shore and turning upon his pursuers, derisively gave one of those main-top-gallant grins and went off.

This evening it is expected Kellogg will open on the fleet for this insult to his legion.—N. O. Bulletin.

Prominent among the radical papers of the North that have occupied a great deal of space, and spent some money in publishing our recent troubles to the world, is the Chicago Inter-Ocean. This paper sent a correspondent to this city to write up the new rebellion. As the Inter-Ocean wanted something sensational, this "reginal" correspondent proceeded to satisfy his employer, and after getting through with the city, he goes to various other cities, and towns, and gives his experiences there. It was evidently his misfortune to meet with the worst class of people in the country. He saw more outlaws, and heard of more murders, and his life was risked on more occasions, than any man we have lately heard of travelling through the South. He must have impressed the people generally that he was a very important individual, in order that such eminent attention should be paid him, and his life be in such great demand by the blood thirsty Southerners. Ordinarily a correspondent of a Chicago paper is not considered by the people so far South a very eminent personage, however high he may stand in his own estimation, and when he rehearses such conversations as appear in his correspondence, the people generally conclude that his associations have not been with gentlemen, but rather with the hummers, legislative robbers and lobbyists, that are a curse to the South, and whose success depends entirely on keeping up the rebellion.—La. Register.

A hateful paragraphist says:—"Whenever a person sitting alongside of a woman in the street-car gets up to leave, in nine cases out of ten the woman will immediately try to spread herself so as to cover the vacant seat as well as her own. In the present scant skirt fashion the effort to do this from mere force of habit is more funny than effective."

THE NEXT CONGRESS.—In view of the elections already and the political drift manifested in Ohio and other States, the politicians here are beginning to prophesy an anti-administration majority in the next House of Representatives. The body is composed of 292 members. The Democrats have now about 90 members, and have to gain 57 members in order to secure a majority. They have gained already: 2 in North Carolina; 7 in Ohio; 1 in West Virginia; and 3 if not 4 in Indiana; total 13. Gains are claimed as follows: Alabama, 4; Arkansas, 4; California 2; Connecticut 2; Delaware, 1; Florida 1; Georgia, 2; Illinois, 4; Maryland, 2; Massachusetts, 1; Minnesota, 1; Missouri, 1; New Hampshire, 1; New Jersey, 2; New York 8; Pennsylvania, 5; South Carolina, 1; Tennessee 5; Virginia, 3; Wisconsin, 3—making in all 53 members. This would give an opposition majority of about 20 votes. The gains above claimed in Delaware, Arkansas, Georgia, Virginia and Tennessee, from all the information received here, may be regarded as positively certain, and the rest are sufficiently probable to justify the hopes thus confidently indulged.

At the Cathedral, in this city, on Wednesday, October 14th, 1874, by Rev. Father DePre, Mr. A. LEONARD BRATZ, to Miss EUGENIE VIENNA, both of this city.—No cards.

We congratulate our young friend LEONARD and his blooming young bride on the co-partnership into which they have just entered. May the saphyrs of happiness and love wait them to eternal bliss; may their hours of felicity and union be as countless as the gems that deck the firmament; and their resolution and firmness an impenetrable armor to confront the tempest of the day; and that their path through life be strewn with Earth's choicest flowers, and no thorns be felt as they gather the roses by the way-side.

Platform of the White People's Party.

We, the white people of Louisiana, embracing the Democratic Party, the Conservative Party, the White Man's Party, the Liberal Party, the Reform Party and all others opposed to the Kellogg usurpation do solemnly resolve and declare: 1. That the government now existing in Louisiana originated in, and has been maintained by force and fraud, in opposition to the will of a large majority of the voters of the State; in opposition to the principles of the Constitution of the United States and in violation of every principle of justice and liberty. 2. That the dominant faction of the Radical party in this State has, by false and fraudulent representations, inflamed the passions and prejudices of the negroes, as a race, against the whites, and has thereby made it necessary for the white people to unite and act together in self-defense and the preservation of white civilization. 3. That the rights of all men under the Constitution and laws of the land must be respected and preserved inviolate, irrespective of race, color or previous condition, but we deny that Congress can Constitutionally enact laws to force the two races into social union or equality. 4. That the white people of Louisiana have no desire to deprive the colored people of any rights to which they are entitled, but we are convinced that the reforms imperatively demanded, can be effected only by electing to office white men of known capacity and integrity, and we believe that large numbers of colored citizens will vote with us to secure a government which must be beneficial alike to both races. 5. That we disclaim earnestly any intention of carrying, or attempting to carry, the approaching election by violence, and that charges to this effect emanating from our Radical enemies, are without foundation and are falsely made for the purpose of obtaining the aid of the military force of the United States in order to overawe the people, perpetuate the existing usurpation and subvert the true principles of the government. 6. That W. P. Kellogg is a mere usurper and we denounce him as such, that his government is arbitrary, unjust and oppressive; and that it can maintain itself only through Federal interference. 7. That the election and registration laws under which this election is being conducted were intended to perpetuate the usurpation by depriving the people and especially our naturalized citizens of an opportunity to register and vote, but we announce, distinctly, that it is the determination of the people to have a fair and free election and to see that the result is not changed by fraud or violence. 8. That we extend to all our race in every clime the right hand of fellowship and a cordial invitation to come and settle among us, and unite their destinies with ours.

The Saturday Evening Post.

The Oldest and Best Story Paper Published. Founded August 4, A. D. 1821.

For more than half a century the Saturday Evening Post has been the GREAT LITERARY WEEKLY of the country, and has ever borne a widespread and unblemished reputation for the unsurpassed purity, refinement and excellence of the Serials, Sketches and Miscellaneous reading matter. It is pre-eminently

The Best Family Paper that is published in this country, from its never containing anything that would offend the feelings of any one, either in a religious or political sense, or that could not be read at any fireside without objection from the most fastidious. The circulation of the Saturday Evening Post, through not quite so large perhaps, as its younger contemporaries, is not, like that of some of them, fluctuating, and too often short-lived, but SURE, SOLID AND SUBSTANTIAL, based upon the intrinsic merit of the paper itself and not dependent on any extraneous influences, such as the popularity of individual writers, &c.

Good, however, as the Saturday Evening Post has been in the past, it is our intention to make it still better in the future, and with this object in view we will effect a marked improvement in every department of the paper, and will call to our assistance writers of admitted ability and known reputation. By increasing its former attractions, and adding many judicious and pleasing novelties, by studying how to please and cultivate the popular taste, by increasing industry and enterprise, and by enlarged facilities, we hope to make new friends with each and every issue, and continue to maintain the claim of the Saturday Evening Post to its title of THE OLDEST AND THE BEST of Family Story Papers.

THE SINGER, The World's Favorite.

THE SALES of the SINGER last year was the greatest ever attained for any Sewing Machine in a year, and it was nearly double the sales of its highest competitor, as may be seen by reference to the account of sales for 1873, from which returns made to the owners of the Sewing Machine Patents—from which statistics we select the five leading machines, viz:

The Singer sold \$232,444 " Wheeler & Wilson, " 119,190 " Domestic, " 40,114 " Grover & Baker, " 36,176 " Wood, " 21,769

It will be observed that the difference in favor of the SINGER, is the enormous amount of 113,254 over the highest competitor. This result has been obtained after years of competition. We submit to an interested public if it is claiming too much to say—the Singer is the most popular Sewing Machine in the world.
