 The unprecedented success with which the Times has met, since its establishment, is convincing evidence that the people of the West and South, fully appreciate the efforts of a journal, which, in addition to its enterprising and newsy character, has the courage to boldly declare and constantly maintain the principles of its political faith.
 The public journal mostly deserving of Democratic support is the one that, in addition to being a full and faithful and consistent advocate of Democratic principles. A Democratic newspaper is the newspaper for Democrats to support, and the ideas sometimes sought to be inculcated by those who have an interest of their own in doing so that the people must go outside their party organ to "find the news," is absurd and irrational. There is no sort of incompatibility whatever between the political and non-political journal as to the matter of news; many of the papers now published throughout the country, and especially valuable for the amount and variety of their intelligence, being also known for the ability and earnestness with which they champion their peculiar party views. Hence all things else being equal, it is manifestly the duty of Democrats to limit their newspaper patronage to such as are of their own way of thinking, and not to squander their means on those that wage constant warfare upon their established convictions.
 It is our desire to see the Times in the hand of all Democrats, and every well-wisher of the Government throughout the land, and in order that this may be done, we are now offering the following extraordinary inducements to those who will interest themselves and act in the capacity of club agents for the Times throughout the country.
 The Times is under the editorial management of STEPHEN HUTCHINS, one of its founders, associated with JOHN N. EDWARDS and E. H. SILVERSTEIN, who are well and favorably known to the Democracy of the Northwest, in charge of a large and capable staff of writers and reporters.

WILD OATS.
 PROSPECTUS FOR 1875.
Champion American Comic Paper!
 Illustrated by a corps of the best American artists, and contributed to by the most popular humorists and satirists of the day.
 Wild Oats now enters successfully upon the sixth year of its existence, and has become the established humorous and satirical paper of the country. It was started and continued the first year as a monthly, then, to satisfy the demand of the public, it was changed to a fortnightly. Still continuing its good work of hitting fully as it flies, and showing up the political and social shams by its masterly cartoons and pungent editorials, it achieved even greater success than before, and was recognized as the ablest and brightest of its class. Since then we have yielded still further to the public demand, and now publish Wild Oats weekly! It has literally grown into its present shape on its intrinsic merits, being the first successful weekly humorist paper ever published in this country.
 Among the artists especially engaged to furnish illustrations for Wild Oats are Frank Bellew, Thomas Worth, Hopkins, Wales, Shelton, Wolf, Jump, Keetles, Senckhardt, Day, Poland, and several others who are yet known to fame.
 In its literary departments Wild Oats will, as it always has, stand alone and unapproachable. At least one first-class serial story will always be found in its pages, by the best humorous, satirical, and character writers in the United States; while its sketches and squibs will be sparkling, original and pointed.
 Wild Oats will be first-class in every particular, and on this account may be taken into the best families without fear or suspicion, as no word or illustration will appear that can offend the most fastidious.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Restorative and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.
The properties of Dr. Walker's VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritional, Laxative, Diuretic, Sedative, Counter-Irritant, Sudoctic, Alterative, and Anti-Bilious.
Grateful testimonials proclaim VINEGAR BITTERS the most wonderful and invigorant that ever sustained the sinking system.
No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted in the process.
Bilious, Remittent, and Intermitent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to **DR. J. WALKER'S VINEGAR BITTERS,** as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of the human system.
Dyspepsia or Indigestion, Headache, Pain in the Shoulder, Coughs, Tightness of the Chest, Bloating, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.
Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Itch, Nettle Rash, Scald-head, Inflammation, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, **WALKER'S VINEGAR BITTERS** have shown their great curative powers in the most obstinate and intractable cases.
For Inflammatory and Chronic Rheumatism, Gout, Eclampsia, Remittent and Intermitent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.
Mechanical Diseases.—Persons engaged in Painting and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the bowels. To guard against this, take a dose of **WALKER'S VINEGAR BITTERS** occasionally.
For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.
Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine can so perfectly, so painlessly, and so free the system from worms like these Bitters.
For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

WHY YOU SHOULD TAKE

THE CINCINNATI ENQUIRER.
 It is the People's paper, devoted to their interests and welfare.
 It is an impartial friend to all men and measures that benefit the country.
 It is the enemy of all men and measures that seek only personal gain at the expense of the country's welfare.
 Its editorial columns are for the special purpose of exposing the frauds of government officials, and laws couched in language calculated to deceive the understanding, and make plain to its readers the motives, causes, and effects of general and special legislative acts.
 Its news columns contain the latest news and intelligence that can be obtained from the four quarters of the globe, by means of the telegraph, mails and correspondence.
 Its agricultural columns are the best adapted to the wants of farmers, all of whom are invited to give their experience and results of new ideas and experiments of all kinds of improvement, calculated to advance the farming interests.
 One issue of the Enquirer contains more solid information and intelligence than can be had from fifty of the so-called literary papers. None can lay aside the Enquirer without admitting a valuable addition to his or her stock of knowledge.
 Its market reports have for years been acknowledged as the most complete and reliable published, and of great value to Stock Dealers, Producers and Traders generally.
 It has departments and reading for the old and the young. For the family circle and the counting house—for the merchant and mechanic—for the farmer and stock dealer, and for ladies and gentlemen of every calling and station in life.
 Its terms are low as any first class paper can be printed for, and the quality and quantity of reading matter used not excelled by any other paper.
